

Countywide Charter School Petition Review Legal Standards

The information contained in this document is intended to assist charter petitioners in assessing whether a petition for a countywide charter school has satisfied each of the legal requirements for approval. It is recommended that the petitioners seek legal advice prior to submitting a charter petition to the Orange County Board of Education (OCBE).

In reviewing the petition, OCBE will consider whether the school operates at one or more sites within the geographic boundaries of the county and provides instructional services that are not generally provided by the Orange County Department of Education (EC Section 47605.6). OCBE reserves the right to consider additional criteria beyond those described in this document when considering whether a petition for a countywide charter should be granted.

I. Countywide Charter School Justification Requirements

- A. A county board of education may only approve a countywide charter if it finds, in addition to the other requirements of this section, that the educational services to be provided by the charter school will offer services to a pupil population that will benefit from those services and cannot be served as well by a charter school that operates in only one school district in the county.
[EC Section 47605.6(a)]
- B. A county board of education may grant a countywide charter for the operation of a school under this part only if the board is satisfied that granting the charter is consistent with sound educational practice and that the charter school has reasonable justification for why it could not be established by petition to a school district pursuant to Education Code section 47605.
[EC Section 47605.6(b)]

II. Petition Signatures

- A. The petition shall include a number of signatures meeting one of the following requirements:
 - 1. The petition is signed by a number of parents/guardians of pupils residing within the county that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation and each of the school districts where the charter school petitioner proposes to operate a facility has received at least 30 days' notice of the petitioner's intent to operate a school pursuant this section.
[EC Section 47605.6(a)(1)(A)]
 - 2. The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation and each of the school districts where the charter school petitioner proposes to operate a facility has received at least 30 days' notice of the petitioner's intent to operate a school pursuant this section. [EC Section 47605.6(a)(1)(B)]

-
- B. Signature pages shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having his or her child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition signature pages. [EC Section 47605.6(a)(4)]

III. Affirmations & Assurances (Signed and dated)

- A. The petition shall affirm that the charter school shall:
1. Be nonsectarian
 2. Not charge tuition
 3. Not discriminate
 4. Not determine admission based on residency, except as provided by law

Legal standard: "In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of the characteristics listed in Education Code section 220. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or guardian, within this state.[EC Section 47605.6(e)(1)]

IV. Findings for Charter Petition Denial

- A. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:
1. The charter school presents an unsound educational program for the pupils to be enrolled in the charter school. [EC Section 47605.6(b)(1)]
 2. The petitioners are demonstrably unlikely to implement successfully the program set forth in the petition. [EC Section 47605.6(b)(2)]
 3. The petition does not contain the number of signatures required by EC Section 47605.6(a). [EC Section 47605.6(b)(3)]
 4. The petition does not contain an affirmation of each of the conditions described in EC Section 47605.6(e). [EC Section 47605.6(b)(4)]
 5. The petition does not contain reasonably comprehensive descriptions of all of the required elements pursuant to EC Section 47605.6(b)(5).
 6. The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school. [EC Section 47605(b)(6)]

-
7. Any other basis that the board finds justifies the denial of the petition. [EC Section 47605.6(b)]

V. Charter Requirements

- A. The petition must contain reasonably comprehensive descriptions of the following elements:

 2. The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes” means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge and attitudes specified as goals in the school’s educational program. 15. The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records. [EC Section 47605.6(b)(5)(P)]

VI. Instructional Minutes/Attendance/State Testing

XI. Charter Term

- A. The charter petition may not contain language requesting a term of more than five years from the date of approval.

Note: California Education Code does not place the specific restriction of five years on a 47605.6 petition, but given the clear limitation on all other charter petitions and renewals, the spirit of the law and the legislative intent is clear.

Legal standard: "A charter may be granted pursuant to Sections 47605, 47605.5, and 47606 for a period not to exceed five years." [EC Section 47607(a)(1)]

XII. Material Revisions
