## Program Administrator’s Message

The ACCESS (Alternative, Community, and Correctional Education Schools and Services) programs provide year-round educational options. Curriculum offerings are aligned with local districts and with the California Standards and Frameworks. Through a variety of powerful learning strategies (e.g., directed study, differentiated instruction and mastery learning), students are prepared to achieve proficiency-level literacy. Teachers are encouraged to bring critical-thinking, problem-solving and decision-making skills into the classroom, working with students individually or through group participation.

The key to success is the personalized learning plan and student interaction with staff members who focus on each individual with care, concern and guidance. This relationship provides the student with positive school experiences. Students are encouraged to demonstrate respect for self and others, good work habits, and a sense of personal and community responsibility in a positive learning environment.

We provide support services to enable students to learn appropriate behavior and pro-social skills.

We assist students in transferring newly acquired skills to situations and behaviors they encounter outside the school environment. The multicultural demographics in Orange County assist teachers and students in learning respect for the diversity of many cultures.

Juvenile Hall and the other institutional schools received a six-year accreditation from the Western Association of Schools and Colleges in the spring of 2016.

All ACCESS programs come under one of five categories: county community schools, juvenile court schools, the Orange County Community School (OCCS), correctional education and the Adult Correctional Education Program (ACEP). Programs are supported by student support services such as special education, categorical support (in the form of Title I and other grant programs) to serve institutions, group homes and community schools.

Correctional Education (students whose delinquent behavior has led to restrictions imposed by the judicial system [incarceration and/or probation]), Federal and Student Support Services (ACCESS programs are supported by a variety of specialized support personnel including counselors, psychologists, special education, and Title I staff, including group home tutors and transition specialists), and Adult Correctional Education Program ACEP (educational programs for adults ages 18 and older, residing in correctional institutions).

## Parental Involvement

Research tells us that family involvement in schools makes a big difference. When schools, families and communities work together, student achievement increases. ACCESS Youth Correctional Education Program (YCEP) welcomes and encourages family participation in a variety of ways.

Parent engagement activities are coordinated with probation, the Orange County Health Care Agency and other collaborative partners.

A bilingual Family Community Liaison is available to assist parents during enrollment, parent-teacher conferences, meetings and family events at school sites.

We offer parenting classes to families through the Orange County Health Care Agency and community partners. We have also partnered with Padres Unidos to provide parenting classes.

Parents, school personnel, and probation staff may be elected to serve on the School Site Council and English Learner Advisory Committee.

Parents participate in the Parent Teacher Student Association (PTSA) unit located at Rio Contiguo High School.

Parental involvement opportunities are coordinated by the family engagement program manager, Wendy Rogan. Please contact her at (714) 836-1563 if you would like additional information.

## School Safety

The ACCESS School Site Safety Plan is updated annually; the last review date was March 2021. The next School Site Safety Plan review will be conducted on March 2021. The ACCESS School Site Safety Committee is responsible for approving the School Site Safety Plan and making future recommendations. Members include teachers, administrators, safety coordinators and law-enforcement representatives. The ACCESS School Site Safety Plan is reviewed by the administrator and staff of each administrative unit prior to approval.

Contents of the School Site Safety Plan include, but are not limited to, board policies, safe school strategies and programs, crisis-response procedures and threat-assessment protocols. We have institutions work with probation to assign individuals their duties in the event of a crisis and establish what lines of communication will be used to contact each other and the public. Probation is tasked with conducting regular safety drills and must designate a room for counseling and the crisis command post. Our Comprehensive School Safety Plan outlines the Suspension and Expulsion Policy, which covers Education Code 48900 and details the documentation process. Furthermore, an Inventory Audit for emergency supplies and materials was conducted in January 2020.

In addition, individual school sites develop safe school plans customized to address their specific needs. Site-specific safe school plans are kept at the sites and the administrative offices. The Safe and Healthy Coordinator has established Safety Committee meetings with the three Juvenile Institutions and the Safety Committee currently meets on a monthly basis. These meetings are intended to review policies and procedures for fire, earthquake, and emergency situations in a collaborative effort with Orange County Department of Education and Probation staff.

## School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school’s progress, test scores and achievements.

## Mission Statement

The mission of the Orange County Department of Education is to ensure that all students are equipped with the competencies they need to thrive in the 21st century.

## Vision Statement

Orange County will lead the nation in college and career readiness and success.

### Enrollment by Student Group

The total enrollment at the school was 281 students for the 2019-20 school year. The pie chart displays the percentage of students enrolled in each group.

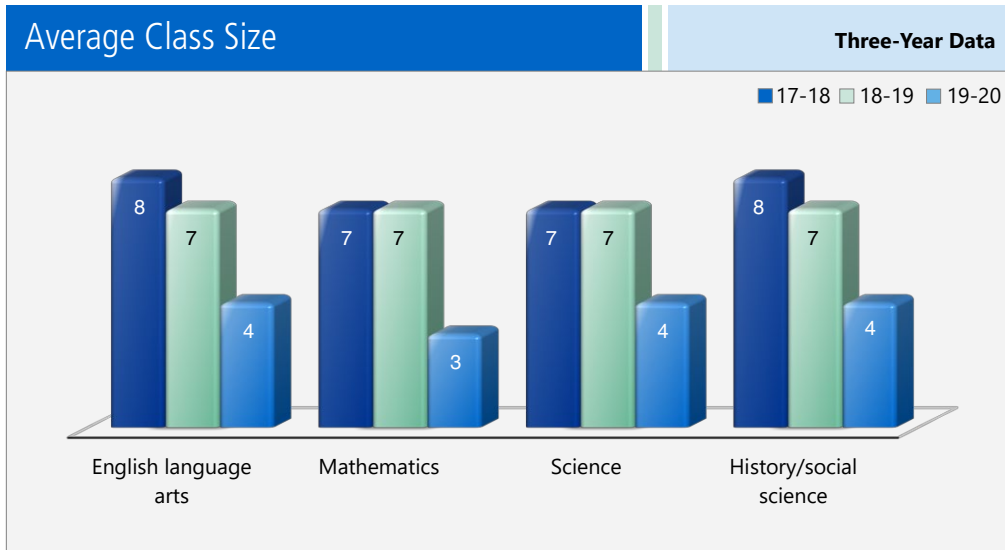

### Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2019-20 school year.

### Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

### Number of Classrooms by Size

Subject	Three-Year Data								
	2017-18			2018-19			2019-20		
	Number of Students								
	1-22	23-32	33+	1-22	23-32	33+	1-22	21-32	33+
English language arts	28			25			21		
Mathematics	27			23			18		
Science	27			22			18		
History/social science	27			24			20		

### School Mission Statement

The ACCESS mission is to provide a continuum of services for agency partners and school districts that prepare all students to be college and career ready.

### School Vision Statement

ACCESS students will be college and career ready by acquiring 21st century skills to become contributing members of their community.

## CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The new California Science Test (CAST) was first administered operationally during the 2018–19 school year. The table below shows the percentage of students meeting or exceeding the state standards.

Percentage of Students Scoring at Proficient or Advanced					Two-Year Data	
	ACCESS Juvenile Hall		Orange CDE		California	
Subject	18-19	19-20	18-19	19-20	18-19	19-20

Mathematics	0%	◇	32%	◇	40%	◇

## California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit [www.cde.ca.gov/ta/tg/pf](http://www.cde.ca.gov/ta/tg/pf).

◇ The 2019-20 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waives the requirement for statewide testing for the 2019-20 school year.

## California Assessment of Student Performance and Progress (CAASPP)

For the 2019–20 school year, the CAASPP consists of several key components, including:

**California Alternate Assessments (CAA)** test includes both ELA/literacy and mathematics in grades 3–8 and 11 and science in grades 5, 8 and high school. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

**Smarter Balanced Assessments** include ELA/literacy and mathematics in grades 3–8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit [www.cde.ca.gov/ta/tg/ca](http://www.cde.ca.gov/ta/tg/ca).

## CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## Career Technical Education Programs

Students at Rio Contiguo and the Juvenile Hall will have the opportunity to participate in a formalized career exploration program through Paxton Patterson college and career labs and industry certification courses. Stand-alone exploratory CTE courses will be offered at both Rio Contiguo and the Juvenile Hall and will provide students with hands-on learning opportunities to explore their interests in high-demand career fields and develop college and career readiness skills. A two-year Building and Construction Trades pathway has been developed at the Juvenile Hall. The ACCESS program plans to work with OC Pathways to seek articulation agreements for their alternative education courses in the Building and Construction Trades pathways. Paid internship opportunities within the Building and Construction Trades pathway are to be explored with regional partners for ACCESS students. All CTE courses offered are assigned to CTE credentialed teachers. CTE standards aligned curriculum and materials are adapted and differentiated to be accessible to all student populations.

Students will also have the opportunity to achieve industry-recognized certification that will qualify and prepare them for entry-level employment. Industry certificates offered:

1. ServSafe CA Food Handler Certificate
2. Express Employment Professionals Career Preparedness Certification (ICEV)
3. Southwest Airlines Professional Communications Certification (ICEV)
4. Texas Tech University Center for Financial Responsibility Personal Financial Literacy Certification (ICEV)

Next steps include the integration of additional relevant industry-recognized certification in Building and Construction pathway.

ACCESS is a member of the OC Pathways K12SWP Career Counselor Coordinator consortia. CTE Coordinators participate in CTE professional development bi-weekly, focusing on implementation of student-focused high quality CTE. ACCESS participates in OCDE's Career and Technical Education Partnership (CTEp) Industry Advisory Committees. Work-based learning (WBL) and other opportunities are provided by multiple business partners such as mentoring, presentations and hands-on activities. Next steps include developing ACCESS CTE program-specific industry partnerships tailored to at-promise youth as well as program specific industry advisory meetings.

ACCESS works closely on an ongoing basis with OC Pathways, and local and regional partners to develop a high quality CTE program utilizing best practice approaches in curriculum and instruction to improve access and equity in outcomes for all students.

## Graduation and Dropout Rates

This table displays the graduation and dropout rates for the most recent three-year period for which data is available. The four-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. From the beginning of grade 9 (or the earliest high school grade), students who are entering that grade for the first time form a cohort that is "adjusted" by adding any students who subsequently transfer into the cohort and subtracting any students who subsequently transfer out. For more information, please visit <http://dq.cde.ca.gov/dataquest>.

Graduation and Dropout Rates	Three-Year Data					
	Graduation Rate			Dropout Rate		
	16-17	17-18	18-19	16-17	17-18	18-19

<b>Orange CDE</b>	91.00%	87.15%	36.00%	5.20%	6.52%	30.10%
<b>California</b>	82.70%	83.00%	84.50%	9.10%	9.60%	9.00%

## Advanced Placement Courses

At this time no Advanced Placement (AP) courses are offered by ACCESS Juvenile Hall.

\*\* County Office of Education administered schools receive the countywide rate.

### Textbooks and Instructional Materials

The Orange County Board of Education has certified that all students have access to standards-based instructional materials in the academic core.

The textbooks are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education.

The Orange County Department of Education has affirmed that each pupil, including English Learners, has their own textbook to use in class and to take home. This public hearing occurred on August 5, 2020.

Textbooks and Instructional Materials List		2020-21 School Year

Mathematics	☒	☒
Science	☒	☒
History/social science	☒	☒

☒ Due to Specialized Instruction, we do not provide a list of textbook titles and publishers. However, a list is available at the Orange County Department of Education.

### Availability of Textbooks and Instructional Materials

The following lists the percentage of pupils who lack their own assigned textbooks and instructional materials.

Percentage of Students Lacking Materials by Subject		2020-21 School Year
ACCESS Juvenile Hall	Percentage Lacking	
Reading/language arts	0%

### Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks	
2020-21 School Year	
Criteria	Yes/No
Are the textbooks adopted from the most recent state-approved or local governing-board-approved list?	Yes
Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education?	Yes
Do all students, including English learners, have access to their own textbooks and instructional materials to use in class and to take home?	Yes

### Currency of Textbooks

This table displays the date when the most recent hearing was held to adopt a resolution on the sufficiency of instructional materials.

### Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

### School Facility Good Repair Status

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility’s good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status		2020-21 School Year

### School Facilities

Alternative Education/ACCESS school sites are mostly located on leased properties throughout Orange County. The ACCESS program is mostly responsible for the general and routine maintenance of these facilities. The school sites are well maintained by coordinating the ACCESS facilities maintenance procedures and a work-order system in conjunction with contracted services to ensure facilities are in good condition.

Annual Facility Inspection Tool (FIT) reports and facility visits are also part of the maintenance procedures that help to manage and retain the aesthetics and appearance of facilities. The cleanliness of the sites remains a central concern of good condition by having carpets cleaned biannually, window cleaning quarterly and deep cleaning annually.

Juvenile Hall education facilities consist of a library, athletic fields, basketball courts, handball courts, 19 classrooms and six classrooms inside the juvenile hall residential unit. There are no portables. The facilities are more than sufficient to meet the needs of the educational program. All of these facilities and areas are maintained by the Probation Department. Administrators for the school complete work orders for any school repairs and submit to the Probation Department staff on-site.

We take the following maintenance procedures to ensure that our facilities are in good and safe condition: Routine maintenance, repairs and safety issues are reported through the ACCESS work-order system managed by the ACCESS Facilities and Operations office.

Work orders are prioritized daily by emergency status, health and safety issues. They are assigned daily to the maintenance crew by the lead facilities maintenance technician (FMT).

In addition, the ACCESS Facilities and Operations manager meets daily with the lead FMT to review work orders for determining, identifying, or planning any issues requiring specialized maintenance or repair.

Any maintenance or repair services that are outside of the general maintenance procedures are contracted to the specific field of the repair or maintenance.

Monthly facilities inspections are performed by on-site staff to ensure that no unsafe condition that may cause an accident or bodily harm to anyone at the school site or grounds exist. These inspections and findings are reported on the monthly Safety Report and are turned in to the ACCESS Facilities and Operations office for review. Any unsafe conditions reported are followed-up with the manager and maintenance staff. They are then sent to Risk Management to document the findings.

Any exterior maintenance and repairs such as plumbing or electrical, roof replacement, driveway, parking lots, sidewalks, mechanical, major utility systems, and HVAC systems are the responsibility of the Probation Department.

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### Types of Services Funded

Categorical funding provides paraprofessionals in almost every classroom as well as professional development, after-school tutoring, transition support and supplemental instructional materials.

## Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates. The 2019-20 suspension and expulsion rate data are not comparable to prior year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to prior years. Note: Students are only counted one time, regardless of the number of suspensions.

### Financial Data

The financial data displayed in this SARC is from the 2018-19 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year and one year behind most other data included in this report. For detailed information on school expenditures for all districts in California, see the California Department of Education (CDE) Current Expense of Education & Per-pupil Spending web page at [www.cde.ca.gov/ds/fd/ec](http://www.cde.ca.gov/ds/fd/ec). For information on teacher salaries for all districts in California, see the CDE Certified Salaries & Benefits web page at [www.cde.ca.gov/ds/fd/cs](http://www.cde.ca.gov/ds/fd/cs).
