PARENT-PUPIL RIGHTS AND RESPONSIBILITIES

2019-2020
DEAR PARENT/GUARDIAN:

California Education Code section 48980 requires that, at the beginning of the first semester or quarter of the regular school term, the governing board of each school district must notify parents/guardians of their rights or responsibilities under certain provisions of the Education Code. Other provisions of California and Federal law also require notification of parents/guardians.

Education Code section 48982 requires that acknowledgement of this notice be signed by the parent/guardian or eligible (18 year old or older) pupil and returned to your child’s school. Your signature on this notice is an acknowledgment that you have received the notice and have been informed of your rights, but the signature does not indicate that consent to participate in any particular program has been either given or withheld.

Please sign and return the acknowledgment form.

California and federal law requires certain other notices in the event that specific circumstances should arise affecting your child’s education and attendance at school. If any such circumstances should arise, ACCESS will provide notice as required by law.

LOCAL CONTROL AND ACCOUNTABILITY PLAN (EC §§52060-52077): ACCESS is required to adopt a three-year Local Control and Accountability Plan (LCAP) and to update the LCAP on or before July 1 of each subsequent year. The LCAP is required to identify annual goals, specific actions geared toward implementing those goals, and must measure progress for student subgroups across multiple performance indicators based on eight priorities set by the State. The priorities must be aligned to the district’s spending plan. The LCAP must be approved before the annual district budget can be adopted. Once the budget and LCAP are adopted at the local level, the plan will be reviewed by the county superintendent to ensure alignment of projected spending toward goals and services.

The following are the eight State priorities:

1. Providing all students access to fully credentialed teachers, instructional materials that align with state standards, and safe facilities;
2. Implementation of and student access to state academic content and performance standards;
3. Parent involvement and participation;
4. Improving student achievement and outcomes along multiple measures;
5. Supporting student engagement;
6. Highlighting school climate and connectedness;
7. Ensuring all students have access to classes that prepare them for college and careers; and
8. Measuring other important student outcomes related to required areas of study.

ACCESS is required to establish a parent advisory committee (PAC) and English learner parent advisory committee (ELPAC) to provide advice regarding the LCAP. (ELPACs are required if enrollment in the school district includes at least 15% English learners and the district enrols at least 50 pupils who are English learners. PACs shall include parents or legal guardians of low income students, English learner students, and foster youth.

ACCESS is required to consult with its teachers, principals, administrators, other school personnel, local bargaining units, parents, and pupils in developing the LCAP. As part of this consultation process, ACCESS must present their proposed plans to the PAC and ELPAC. The advisory committees can review and comment on the proposed plan. OCDE/ACCESS must respond in writing to the comments of the PAC and ELPAC. OCDE/ACCESS is also required to notify members of the public that they may submit written comments regarding the specific actions and expenditures proposed in the LCAP.

OCDE must hold at least two public hearings to discuss and adopt (or update) their LCAPs. OCDE must first hold at least one hearing to solicit recommendations and comments from the public regarding expenditures proposed in the plan, and then adopt (or officially update) the LCAP at a subsequent hearing.

OCDE is required to post on its website the LCAP approved by the Board of Education and any updates or revisions to the LCAP, and establish policies for filing a complaint of noncompliance under EC §52075 using the Uniform Complaint Procedures. Information regarding the requirements for a Local Control and Accountability Plan and the complaint process shall be provided to pupils, parents, guardians, and employees on an annual basis.

Most of the new provisions required by the ESSA will take effect starting in the 2017–18 school year (SY); however, there are some provisions that will not take effect until the 2018–19 and 2019–20 SYs, respectively.

This update describes Title I, Part A reservations required of local educational agencies (LEAs)
administering Title I, Part A programs. The purpose of Title I, Part A is to provide all children with a significant opportunity to receive fair, equitable, and high-quality education and to close educational achievement gaps.

**Title I, Part A Required Reservations**

LEAs that receive Title I, Part A funds will be required to reserve the following set asides for the 2019-2020 SY:

Parent and Family Engagement: LEAs with a Title I, Part A allocation (including transfers) in excess of $500,000 must reserve at least 1 percent of the LEA’s Title I, Part A allocation for parent and family engagement activities pursuant to Section 1116 [a][3] of the ESSA.

Homeless Services: LEAs must reserve Title I, Part A funds as are necessary to provide services to homeless children comparable to those provided to children enrolled in schools receiving Title I, Part A funds pursuant to Section 1113(c)[3][A][i] of the ESSA.

Neglected and Delinquent Children: LEAs must reserve, if applicable, Title I, Part A funds to provide services comparable to those provided to children enrolled in schools receiving Title I, Part A funds to serve children in local institutions for neglected children, local institutions for delinquent children, and neglected or delinquent children in community day school programs pursuant to Section 1113(c) (3) (A) of the ESSA.

**Information Regarding Professional Qualifications of Teachers, Paraprofessionals, and Aides:** Upon request, parents have a right to information regarding the professional qualifications of their student’s classroom teachers, paraprofessionals, and aides. **Limited English Proficient Students:** The Act requires prior notice be given to parents of English learners regarding limited English proficiency programs, including the reasons for the identification of the student as an English learner, the need of placement in a language instruction educational program, the student’s level of English proficiency, how such level was assessed, the status of the student’s academic achievement, the methods of instruction used in the programs available, how the recommended program will meet the student’s needs, program performance, parent options to remove a student from a program and/or to decline initial enrollment, and expected rate of transition into classrooms not tailored for English learners.

**School Support and Improvement Activities**

The California Department of Education (CDE) will notify LEAs with schools identified for comprehensive support and improvement beginning in the 2018–19 SY and will notify LEAs with schools identified for targeted support and improvement beginning in the 2018–19 SY as required in Section 1111(d) of the ESSA. During the 2017–18 SY, LEAs are not required to implement new school improvement activities as described in Section 1111(d) (1) (B) of the ESSA.

Notification of Rights for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records maintained by the school. These rights transfer to the eligible student when he/she reaches the age of 18 or attends a school beyond the high school level.

Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

2. The right to request that a school correct the student’s education records that the parent or eligible student believes are inaccurate, or misleading.

Parents or eligible students who wish to ask the school to correct a record should write the school principal [or appropriate school official], clearly identify the part of the record they want corrected, and specify why it should be corrected. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. After the hearing, if the school still decides not to amend the records, the parent or eligible student has the right to place a statement with the records setting forth his/her view about the contested information.

3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education records. However, FERPA permits schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate education interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific state law.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the student. However, schools must inform
parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. A school official must notify parents and eligible students annually of their rights under FERPA. The actual means of notification is left to the discretion of each school.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA.

IMPORTANT INFORMATION ABOUT SCHOOL FUNDING

LETTER TO PARENTS AND GUARDIANS

School districts no longer receive funding from the State of California for pupils who are absent from school. This includes all absences, even those related to illness, medical or doctor appointments, or for the purpose of attending funeral services of a member of the immediate family. In other words, schools will receive state funding only for pupils who actually attend school.

If you find it necessary to keep your child out of school for reasons other than an illness, we encourage you to send your child to school for at least a part of the day so that your child will not be counted absent and also will not miss out on important school assignments. It is crucial that local schools continue to receive the financial resources necessary to provide your child with a quality education, and avert or minimize program cuts. We want to avoid the unnecessary absences that reduce district resources and limit your child’s opportunity to learn.

Studies show that there is a direct correlation between good school attendance and pupil achievement; therefore, we encourage you to reinforce the importance of good school attendance and to make every effort to send your child to school on a regular basis.

Again, we encourage your continued support to promote good school attendance and pupil achievement.
NOTICE OF ALTERNATIVE SCHOOLS
California Education Code Section 58501

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

(a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.

(b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.

(c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or part from a presentation by his/her teachers of choices of learning projects.

(d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.

(e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.
Type 2 Diabetes Information

Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children’s Hospital of Orange County. Also see available translations of this information.

Description

Type 2 diabetes is the most common form of diabetes in adults. Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens. According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

The body turns the carbohydrates in food into glucose, the basic fuel for the body’s cells. The pancreas makes insulin, a hormone that moves glucose from the blood to the cells. In type 2 diabetes, the body’s cells resist the effects of insulin, and blood glucose levels rise. Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia. Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity. Being inactive further reduces the body's ability to respond to insulin. Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.

Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.
Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

Increased hunger, even after eating  
Unexplained weight loss  
Increased thirst, dry mouth, and frequent urination  
Feeling very tired  
Blurred vision  
Slow healing of sores or cuts  
Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms  
Irregular periods, no periods, and/or excess facial and body hair growth in girls  
High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.

Get more physical activity. Increase physical activity to at least 60 minutes every day.

Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.
Know Your Educational Rights

Your Child has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.
- In California:
  - All children have the right to a free public education.
  - All children ages 6 to 18 years must be enrolled in school.
  - All students and staff have the right to attend safe, secure, and peaceful schools.
  - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
  - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school’s directory information policy, and let you know of your option to refuse release of your child’s information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported. You have the option to complete a Caregiver’s Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.
MEMORANDUM

DATE: July 2019

TO: All Staff, Students and Parents

FROM: Renee Hendrick
Associate Superintendent, Administrative Services

SUBJECT: Uniform Complaint Procedures (Annual Notice)

The Orange County Department of Education (OCDE) is primarily responsible for compliance with federal and state laws and regulations related to complaint procedures.

The OCDE will investigate complaints alleging failure to comply with applicable state and federal laws and regulations and/or alleging discrimination, harassment, intimidation or bullying (including accommodations for pregnant and parenting students and student lactation accommodations, and Lesbian, Gay, Bisexual, Transgender, and Questioning (LGBTQ) resources), or failure to comply with legal requirements regarding the LCAP, unauthorized student fees, foster or homeless student rights as specified, courses without educational content in grades 9-12, and physical education instructional minutes, and will seek to resolve those complaints in accordance with the procedures set out in sections 4600-4687 of Title 5, California Code of Regulations and in accordance with the policies and procedures of the OCDE. OCDE posts a notice of the educational rights of foster and homeless youth and the complaint process to be followed as identified in this notice. Unlawful discrimination complaints may be based on actual or perceived gender, gender identity, gender expression, sex, sexual orientation, ethnic group identification, race, ancestry, nationality, national origin, immigration status, religion, color, mental or physical disability, marital or parental status, genetic information, age, any other characteristic that is contained in the definition of hate crimes in Penal Code section 422.55, or on a person’s association with a person or group with one or more of these actual or perceived characteristics, in any program or activity that receives or benefits from state financial assistance.

Complaints should be filed with the Associate Superintendent, Administrative Services, who is designated as the Uniform Complaint Officer. The Uniform Complaint Procedure (programs, discrimination, non-compliance with LCAP requirements, foster or homeless student rights as specified, courses without educational content in grades 9-12, and physical education instructional minutes), the Unauthorized Student Fee Complaint Procedure, and the Williams Complaint Procedure (textbooks and instructional materials, teacher vacancy or misassignment, facilities, and high school exit examination) are described in the attached pages. Guidelines for filing a complaint are included in Orange County Superintendent’s Policy 100-8. Copies of the guidelines and the OCDE complaint procedures are available free of charge in the office of the Uniform Complaint Officer. Spanish translations of the guidelines and procedures are available upon request.

Filing of Complaint
Except for complaints under Title 5 CCR 4680-4687 (Williams Complaints), complaints shall be filed in accordance with the Superintendent’s Policy 100-8 not later than six months from the date the alleged violation occurred, or the date the complainant first obtained knowledge of the facts, unless the Uniform Complaint Officer grants an extension under 5CCR 4630(b). OCDE has sixty days from the date of the receipt of the complaint to conduct and complete an investigation and issue a written decision.

Complaints regarding unauthorized student fees or LCAP requirements may be filed anonymously. If the complainant is not satisfied with the decision of the OCDE, the individual may appeal the decision to the State Superintendent of Public Instruction. The State Superintendent of Public Instruction is required to issue a decision on the appeal within 60 days of the Superintendent of Public Instruction’s receipt of the appeal.

If the OCDE finds merit in the complaint or the Superintendent of Public Instruction finds merit in an appeal, the OCDE will provide a remedy to all affected pupils, parents, and guardians.

Appealing OCDE Decisions
Any complainant(s) may appeal an OCDE complaint decision to the CDE by filing a written appeal with the CDE within fifteen (15) days of receiving the OCDE Decision. Extensions for filing appeals may be granted, in writing, for good cause.

The complainant shall specify the reason(s) for appealing the OCDE Decision. The appeal shall include:

1. A copy of the locally filed complaint; and
2. A copy of the OCDE Decision.

Assistance with the above civil law remedies may be obtained from various sources, including the following:

UNAUTHORIZED CHARGES OF PUPIL FEES COMPLAINT PROCEDURE

Grounds for Filing a Complaint

Pursuant to Title 5 California Code of Regulations (CCR) section 4621, the following procedures apply to complaints related to unauthorized charges of pupil fees in any program or activity conducted by the Orange County Department of Education (OCDE). Students in OCDE programs or activities shall not be required to pay a pupil fee for participation in an educational activity. All supplies, materials, and equipment needed to participate in educational activities shall be provided to pupils free of charge. “Pupil fee” means fee, deposit, or other charge imposed on pupils, or a pupil's parents or guardians, that is not otherwise authorized by law and is in violation of California Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all pupils without regard to their families’ ability or willingness to pay fees or request special waivers.

Filing of Complaint

A complaint of noncompliance with the requirements of Article 5.5 of Chapter 6 of Part 27 of Division 4 of Title 2 of the Education Code (commencing with Section 49010) may be filed with the principal of a school under the Uniform Complaint Procedures, or with the Associate Superintendent, Administrative Services. A complaint shall be filed no later than one year from the date the alleged violation occurred. A complaint may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with the requirements of this article.

OCDE has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. OCDE has sixty days from the date of the receipt of the complaint to conduct and complete an investigation and issue a written decision. Following is information regarding the opportunity to appeal the OCDE decisions to the California Department of Education (CDE).

 Appealing OCDE Decisions

Any complainant(s) may appeal an OCDE complaint decision to the CDE by filing a written appeal with the CDE within fifteen (15) days of receiving the OCDE Decision. Extensions for filing appeals may be granted, in writing, for good cause. A complainant not satisfied with the decision of the district may appeal the decision to the State Department of Education and shall receive a written appeal decision within 60 days of the department’s receipt of the appeal.

If the district finds merit in a complaint, or the department finds merit in an appeal, the public school shall provide a remedy to all affected pupils, parents, and guardians that, where applicable, includes reasonable efforts by the district to ensure full reimbursement to all affected pupils, parents, and guardians, subject to procedures established through regulations adopted by the state board. OCDE will attempt in good faith by engaging in reasonable efforts to identify and fully reimburse pupils, parents, and guardians who paid a pupil fee within one year prior to the filing of the complaint.

The complainant shall specify the reason(s) for appealing the OCDE Decision. The appeal shall include:
  1. A copy of the locally filed complaint; and
  2. A copy of the OCDE Decision.

The Principal/Program Administrator or Associate Superintendent, Administrative Services’ designee shall make all reasonable efforts to investigate any problems within his or her authority. A complaint that is reported to the Principal but is about a problem beyond the scope of authority of the Principal shall be forwarded in a timely manner, but not to exceed 10 working days, to the appropriate administrator for resolution. An attempt to resolve a valid complaint within a reasonable time period not to exceed 30 working days from the date the complaint was received will be made. Complaints may be filed anonymously. If the complainant has indicated on the complaint form that he or she would like a response to the complaint, a response with a resolution of the complaint will be made to the complainant within 45 working days of the initial filing of the complaint. 5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students

Bullying

The Orange County Department of Education recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. Orange County Department of Education employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel.

Cyberbullying includes the creation or transmission of harassing communications, direct threats, cyber sexual bullying, or other harmful texts, sounds, video, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Strategies for addressing bullying in Orange County Department of Education schools may be developed with involvement of key stakeholders, including students, parents/guardians, and staff, and may be incorporated into the comprehensive safety plan, the local control and accountability plan, and other applicable Orange County Department of Education and school plans.

As appropriate, the Superintendent or designee may collaborate with law enforcement, courts, social services, mental health services, other agencies, and community organizations in the development and implementation of joint strategies to promote safety in schools and the community and to provide services for alleged victims and perpetrators of bullying.

Bullying Prevention

To the extent possible, Orange County Department of Education schools shall focus on the prevention of bullying by establishing clear rules for student conduct and implementing strategies to promote a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of Orange County Department of Education and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.

As appropriate, the Orange County Department of Education will provide students with instruction, in the classroom or other educational settings, that promotes effective
communication and conflict resolution skills, social skills, character/values education, respect for
cultural and individual differences, self-esteem development, assertiveness skills, and
appropriate online behavior.

Staff shall receive related professional development, including information about early warning
signs of harassing/intimidating behaviors and effective response.

Based on an assessment of bullying incidents at school, the Superintendent or designee may
increase supervision and security in areas where bullying most often occurs, such as classrooms,
playgrounds, hallways, restrooms, and cafeterias.

**Intervention**

Students are encouraged to notify school staff when they are being bullied or suspect that another
student is being victimized. In addition, the Superintendent or designee shall develop means for
students to report threats or incidents confidentially and anonymously.

School staff who witness an act of bullying shall immediately intervene to stop the incident when
it is safe to do so.

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or
designee shall notify the parents/guardians of victims and perpetrators and may contact law
enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or
other student affected by an act of bullying to a school counselor, school psychologist, social
worker, child welfare attendance personnel, school nurse, or other school support service
personnel for case management, counseling, and/or participation in a restorative justice program
as appropriate.

**Reporting and Filing of Complaints**

Any student, parent/guardian, or other individual who believes that a student has been subjected
to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a
compliance officer, or any other available school employee. Within one business day of
receiving such a report, a staff member shall notify the principal of the report, whether or not a
uniform complaint is filed. In addition, any school employee who observes an incident of
bullying involving a student shall, within one business day, report his/her observation to the
principal or an Orange County Department of Education compliance officer, whether or not the
alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the Orange
County Department of Education compliance officer identified in Uniform Complaint
Procedures.
When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

When a report of bullying is submitted, the principal or an Orange County Department of Education compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the UCP. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Investigation and Resolution of Complaints

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the Orange County Department of Education's uniform complaint procedures.

If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Discipline

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with Orange County Department of Education policies and procedures.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal.

Dear Parent/Guardian/Caregiver/Unaccompanied Youth,

Students who are identified as homeless under the federal McKinney-Vento Act have special rights in California to help keep them on track to graduate. Under Ed Code §51225.1, homeless students, as well as foster students may be eligible for an exemption from local graduation requirements, if they meet certain conditions. If a homeless student transfers schools after completion of the second year of high school, and is not reasonably able to complete the graduation requirements set by the district by the end of the fourth year of high school, an exemption may be granted. Students who are granted this exemption must still complete the minimum state graduation requirements in order to receive a diploma. These requirements include 13 year-long courses, in the subject areas of English Language Arts; mathematics; science; social studies; visual or performing arts, foreign language, or technical education; and physical education. Homeless students also have the right to remain enrolled in high school for a fifth year, if needed, in order to complete local district graduation requirements.

Ed Code §51220 Courses of Study extends the exemption to pupils currently identified as migratory children, and to newly arrived immigrant children participating in a newcomer program from local graduation requirements who transfers into a school in the 3rd or 4th year of high school.

While the exemption allows students to “catch up” in time to graduate with their peers, they may miss out on learning opportunities by taking fewer classes. Because there are both advantages and disadvantages to accepting the graduation exemption, it is important to discuss this option with your child’s school staff. If you would like to discuss the EC §51225.1 or EC §51220 graduation exemption for your child, please schedule a meeting with school staff by contacting your ACCESS Administrative office at the phone number below.

FOSTER YOUTH EDUCATION RIGHTS

1. RIGHT TO REMAIN IN YOUR SCHOOL OF ORIGIN
   • You have the right to stay in the same school after you move to a new foster care placement. Your “school of origin” can be:
     1. The school you attended when you first entered foster care,
     2. The school you most recently attended, or
     3. Any school you attended in the last 15 months that you feel connected to.
   • Your school district must work with you, your education rights holder,* your caregiver, and your social worker/probation officer to develop a plan to transport you to your school of origin.
   • If you are transitioning from elementary school to middle school or from middle school to high school, you have the right to transition to the same school as your classmates.
   • If there is any disagreement about which school you will attend, you have the right to stay in your school of origin until the disagreement is resolved.

2. RIGHT TO IMMEDIATE ENROLLMENT IN SCHOOL
   • You have the right to immediately enroll in your regular home school after you move placements.
   • You cannot be forced to attend a continuation school or other alternative education program, such as independent study, even if you are behind in credits or have discipline problems at school.
   • You have a right to immediately enroll in school and begin attending classes, even if you do not have the paperwork you would normally need for enrollment (such as birth certificate, transcript, or IEP) or you did not check-out from your previous school.
   • Your previous school must send your education records to your new school after you enroll.
   • You have the right to participate in any activities available at your new school, such as sports teams, tutoring, or after-school clubs, even if you miss a tryout or sign-up deadline.

3. RIGHT TO PARTIAL CREDITS FOR HIGH SCHOOL STUDENTS
   • If you change schools during the school year, you have a right to partial credits in all classes that you are passing when you leave your old school, even if you do not complete the entire class.
   • After you change schools, your new school must accept the partial credits issued by your old school.
   • After you change schools, you have the right to be enrolled in the same or similar classes you were enrolled in at your last school.
   • You cannot be forced to retake a class or part of a class that you have already completed with a passing grade, if it would make you off-track for high school graduation.
   • You have the right to take or retake any class that you need to go to a California State University or University of California.
   • Your grade cannot be lowered because you were absent from school for a court hearing, placement change, or a court-related activity.

4. GRADUATION RIGHTS
   • You have the right to stay in high school for a fifth year to complete your school district graduation requirements, even if you are over 18.
   • If you are behind on your credits, and you transferred schools after 10th grade, you may be eligible to graduate under AB 167/216 by completing only the state graduation requirements (130 credits in specific classes) instead of your school district’s requirements.
   • If you are eligible, the decision of whether to graduate under AB 167/216 is made by your education rights holder.

5. COLLEGE RIGHTS
   • You have the right to have the application fee waived when you apply to a community college in California.
   • You have the right to receive the maximum amount of federal student aid and you may be eligible for up to $5,000 per year from the Chafee scholarship.
6. SCHOOL DISCIPLINE RIGHTS

- You cannot be suspended for more than 5 school days in a row or for more than 20 days in a school year.
- You have a right to be told why you are being suspended and the right to provide your version of events and evidence before you are suspended, unless there is an emergency. If the behavior for which you are being suspended could subject you to criminal charges, you should consult with your education rights holder or attorney before providing an oral or written statement to the school or police.
- Your attorney and social worker must be invited to a meeting before your suspension can be extended beyond 5 days and a suspension can only be extended if you are being considered for expulsion.
- You have a right to a formal hearing, and to be represented by an attorney at that hearing, before you are expelled.
- If you are facing a possible expulsion, your attorney and social worker must be notified. If you are in special education, your attorney and social worker must be invited to a meeting to decide whether your behavior was related to your disability.

7. RIGHT TO YOUR SCHOOL RECORDS

- You have the right to access your school records if you are 16 years or older or have finished 10th grade. Your social worker/probation officer and education rights holder can access your school records as well.

NON-EDUCATION RIGHTS

As a foster youth, you also have other rights that are not related to school, such as the right to see a doctor or to have private storage space. For more information, please see the Foster Youth Bill of Rights (www.fosteryouthhelp.ca.gov/rights2.html).

*EDUCATION RIGHTS HOLDERS*

Every foster youth under age 18 must have an education rights holder, who is required to make education decisions in the youth’s best interest. Foster youth who are 18 or older have the right to make their own education decisions. Your education rights holder may be your parent or legal guardian, your caregiver, or another person chosen by the court. Your education rights holder cannot be your social worker or probation officer, your attorney, or group home or school staff members. It is important to know who your education rights holder is. If you need information about who your education rights holder is, you can contact your social worker or attorney.

If you believe your education rights have been violated, you can file a complaint. The school has 60 days to investigate and give you a written response. For information about how to file a complaint, please visit cde.ca.gov/re/cp/uc, or call the California Dept. of Education Coordinated School Health and Safety Office at (916) 319-0914.

For more information about your education rights, please see the Foster Youth Education Toolkit (www.kids-alliance.org/edtoolkit) or the California Youth Education Task Force (www.cfyetf.org). You also can contact your school district’s Foster Youth Educational Liaison or your county’s Foster Youth Services Coordinating Program (FYSC) at cde.ca.gov/ls/pf/ty.

California Statewide Testing Notification

California students take several mandated statewide tests. These tests provide parents/guardians, teachers, and educators with information about how well students are learning and becoming college and career ready. The test results may be used for local, state, and federal accountability purposes.

**The California Assessment of Student Performance and Progress (CAASPP) tests consist of the following:**

- **Smarter Balanced Assessment Consortium Assessments**

  The Smarter Balanced computer adaptive assessments are aligned with the Common Core State Standards (CCSS). English language arts/literacy (ELA) and mathematics tests are administered in grades three through eight and grade eleven to measure whether students are on track to college and career readiness. In grade eleven, results from the ELA and mathematics assessments can be used as an indicator of college readiness.

- **California Science Tests (CAST)**

  The computer-based CAST measures students’ achievement of the California Next Generation Science Standards (CA NGSS) through the application of their knowledge and skills of the Science and Engineering Practices, Disciplinary Core Ideas, and Crosscutting Concepts. The CAST is administered to all students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve).

- **California Alternate Assessments (CAAs)**

  Only eligible students—students whose individualized education program (IEP) identifies the use of alternate assessments—may participate in the administration of the CAAs. Test examiners administer the computer-based CAAs for ELA, mathematics, and science one-on-one to students. Students in grades three through eight and grade eleven will take the CAA for ELA and mathematics. Test items developed for ELA and mathematics are aligned with the CCSS and are based on the Core Content Connectors.

  Students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve) will take the CAA for Science. The CAA for Science embedded performance tasks are based on alternate achievement standards derived from the CA NGSS. Students taking the CAA for Science will take three embedded performance tasks in spring 2020.

Pursuant to California *Education Code* Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all of the CAASPP assessments.

**English Language Proficiency Assessments for California (ELPAC)**

The ELPAC is aligned with the 2012 California English Language Development Standards. It consists of two separate English Language Proficiency (ELP) assessments: one for the initial identification of
students as English learners and the other for the annual summative assessment to identify students’ English language proficiency level and to measure their progress in learning English.

**Physical Fitness Test**

The physical fitness test for students in California schools is the FitnessGram®. The main goal of the test is to help students in starting lifelong habits of regular physical activity. Students in grades five, seven, and nine take the fitness test.

Subject: NO CHANGE IN SCHOOL POLICY REGARDING MARIJUANA USE ON CAMPUS AFTER THE PASSAGE OF PROPOSITION 64.

Dear Parent or Guardian:

As you may be aware, the State Ballot Initiative Proposition 64, the Adult Use of Marijuana Act (AUMA) passed on November 8, 2016, becoming effective the following day, on November 9, 2016. This allows adults over the age of 21 to grow and possess limited amounts of marijuana, as well as use marijuana in their private residence. It continues to be unlawful to consume marijuana in public. This letter is to inform you that the passage of the Proposition does not impact any of the school district’s existing drug use or possession policies.

Possession of marijuana upon school grounds during hours the school is open for classes or school-related programs is still illegal under the new law. Marijuana also remains a Schedule I drug under the Federal Controlled Substance Act, meaning that it has no currently accepted medical use and further, has a high potential for abuse. Therefore, the Orange County Department of Education’s Alternative Community, Correctional Education and Student Services (ACCESS) program will not tolerate the use, possession, or sale of drugs (including marijuana), alcohol, tobacco, or related paraphernalia by students, parents or other visitors on school campuses or at school-sponsored activities. Education Code 48900c specifically states a student can be suspended or expelled if they “unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.”

If you have any questions regarding the district’s drug policy, parents and students are encouraged to seek assistance at their school site and/or ACCESS Administrative office. For more information, I may be reached at (714) 245-6403.

Sincerely,

Jeff Hittenberger, Ph.D.
Chief Academic Officer, ACCESS
Internet access is available to Orange County Department of Education Alternative, Community, and Correctional Education Schools and Services. Our goal in providing this service is to promote educational excellence in the Orange County Department of Education by facilitating resource sharing, innovation, and communication.

The Internet is an “electronic highway” connecting millions of computers all over the world and millions of individual users. Access to the Internet will enable pupils to explore thousands of libraries, databases, and bulletin boards while exchanging messages with users throughout the globe. In addition, the system is used to increase Orange County Department of Education communication, enhance productivity, and assist OCDE employees in upgrading their skills through greater exchange of information with their peers. The system also assists the Orange County Department of Education in sharing information with the local community, including parents, social service agencies, government agencies, and businesses.

With access to computers and people from around the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Families should be warned that some material obtained via the Net may contain items that are illegal, defamatory, inaccurate, or potentially offensive. The Orange County Department of Education has taken precautions to restrict access to controversial materials. On a global network it is impossible to control all materials and an industrious user may discover controversial information, either by accident or deliberately. However, the benefits to pupils from online access far outweigh the possibility that users may procure material that is not consistent with the educational goals of the Orange County Department of Education.

The purpose of this agreement is to ensure that use of Internet resources is consistent with the Orange County Department of Education’s stated mission, goals, and objectives. The smooth operation of the network relies upon the proper conduct of the pupils and faculty who must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. If an Orange County Department of Education user violates any of these provisions, his or her future access could be denied in accord with the rules and regulations discussed with each user during Internet training sessions.

To gain access to the Internet, all pupils under the age of 18 must obtain parental permission and both parent and pupil must sign this document. The signatures at the end of this document legally bind and indicate the parties who signed have read the terms and conditions carefully and understand their significance.

**Orange County Department of Education Internet Use Agreement**

**Pupil Section**

I have read the Orange County Department of Education Internet Use Terms & Conditions on the next page. I agree to follow the rules contained in this Policy. I understand that if I violate the rules, my account can be terminated and I may face other disciplinary measures.

I also understand that it is impossible for the Department of Education to restrict access to all controversial materials and I will not hold them responsible for materials acquired on the network. I understand that the individuals and families may be held liable for violations. Furthermore, I accept full responsibility for the supervision if and when my child’s use is not in a school setting.
