DEAR PARENT/GUARDIAN:

California Education Code section 48980 requires that, at the beginning of the first semester or quarter of the regular school term, the governing board of each school district must notify parents/guardians of their rights or responsibilities under certain provisions of the Education Code. Other provisions of California and United States law also require notification of parents/guardians.

Education Code section 48982 requires that this notice be signed by the parent/guardian and returned to your child’s school. Your signature on this notice is an acknowledgment that you have been informed of your rights, but the signature does not indicate that consent to participate in any particular program has been either given or withheld.

Please sign and return the acknowledgment at the end of this notice.

California and United States law requires certain other notices in the event that specific circumstances should arise, affecting your child’s education and attendance at school. If any such circumstances should arise, OCDE/ACCESS will provide notice as required by law.

school rules, regulations, practices, and procedures pertaining to pupil discipline are
available at each individual school site.

DUTY CONCERNING CONDUCT OF PUPILS (EC §44807): Every OCDE/ACCESS
teacher has a responsibility to hold pupils to a strict account for their conduct on the way
to and from school, on the playgrounds, or during recess.

DUTIES OF PUPILS (EC §48908, 5 CCR §300): Every pupil must attend punctually
and regularly, conform to the regulations of the school, obey promptly all the directions
of his/her teacher and others in authority, observe good order and propriety of

be kind and courteous to schoolmates, and refrain entirely from the use of profane and
vulgar language.

DRESS CODE/GANG APPAREL (EC §§35183, 35183.5, 51101): OCDE/ACCESS
schools are authorized to adopt a dress code that would prohibit the wearing of “gang-

activities, willfully defied valid staff authority, or otherwise violated either subdivision (i)
or (k) of E.C. Section 48900, to attend a portion of a school day in the child’s classroom.
No employer may dismiss or in any manner discriminate against an employee for taking
time off from work to comply with this requirement.
**PUPIL RECORDS**

RIGHTS OF PARENTS/GUARDIANS (EC §49063 et seq.)

Types of Pupil Records: A pupil record is any item of information directly related to an identifiable pupil, other than directory information, which is maintained by OCDE/ACCESS or required to be maintained by an OCDE/ACCESS employee in the performance of his/her duties, whether recorded by handwriting, print, tapes, film, microfilm or other means. Pupil records include a pupil’s health record.

- **Responsible Officials**: Your child’s Principal is responsible for the maintenance of pupil records located at your child’s school.

- **Location of Log/Record**: The law requires that a log or record be maintained for each pupil’s record which lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate interests therefore. For records maintained at your child’s school, the log is located in the Principal’s office.

- **School Officials and Employees/Legitimate Educational Interests**: School officials and employees who are authorized to review pupil records are school officials with legitimate educational interests. A school official is a person employed by OCDE as an administrator, supervisor, certificated employee, or support staff member (including, but not limited to, paraeducator, health or medical staff and school law enforcement personnel); a person serving on the school board, a person or company with whom OCDE has contracted to perform a special task (such as an attorney, auditor, medical consultant, educational consultant or therapist); other public agencies providing services to pupils, as well as employees of other public schools or school systems where educational programs leading to high school graduation are provided or where an OCDE pupil intends to or is directed to enroll. Access to pupil records is permitted only for records that are relevant to the legitimate educational interests of the requester. Upon request, OCDE discloses educational records without consent to officials of another school district in which the pupil seeks or intends to enroll. Legitimate educational interests are described in California Education Code section 49076.

- **Right of Access and Review/Expungement**: You have an absolute right to access any and all pupil records related to your child, which are maintained by OCDE. If you wish to review records located at your child’s school, please contact the Principal’s office, or submit a written request that identifies the record(s) you wish to inspect. The Principal or OCDE office has five (5) business days from the day of the receipt of a request to provide access to the records. Upon satisfactory completion of the rehabilitation assignment of a pupil whose expulsion has been suspended, OCDE may order the expungement of any or all records of the expulsion proceedings. When you submit a written revocation of consent after the initial provision of special education and related services for your child,
OCDE is not required to amend the education records of your child to remove any reference to your child’s receipt of special education and services.

**Challenging the Content of Records**: You have the right to challenge the content of any pupil record by filing a written request with the ACCESS School Principal to correct or remove any information recorded in the written records concerning your child which you allege to be any of the following: (1) inaccurate, (2) an unsubstantiated personal conclusion or inference, (3) a conclusion or inference outside the observer’s area of competence, (4) not based on the personal observation of a named person with the time and place of the observation noted, (5) misleading, or (6) in violation of the privacy or other rights of the pupil.

**Copying Costs**: You may receive copies of your child’s pupil records, at a cost of $0.10 per page for records of a size 8 1/2 x 14 or less; $0.20 per page for copying of documents from microfilm, and the actual cost for reproducing copies or oversize documents or the reproduction of documents requiring special processing.

**Complaints**: You have the right to file a complaint with the United States Department of Education, concerning an alleged failure by OCDE to comply with the provisions of the United States Family Educational Rights and Privacy Act (20 USC §1232g).

**Prospectus of School Curriculum**: The curriculum for your child’s school is compiled at least once annually in a prospectus which is available at the Principal’s office.

**Statement or Response to Disciplinary Actions**: Whenever information is included in a pupil record concerning any disciplinary action taken in connection with your child, you have the right to include a written statement or response concerning the disciplinary action in your child’s pupil record.

**Destruction of Pupil Records**: OCDE is required to retain indefinitely the original or an exact copy of mandatory permanent pupil records (Class 1 - Permanent Records) which schools have been directed to compile by California regulations; maintain for stipulated periods of time mandatory interim pupil records (Class 2 - Optional Records) until the information is no longer needed to provide educational services to a child and are retained until reclassified as Class 3 – Disposable Records, and then destroyed as per California regulations (5 CCR 432). Prior to destroying pupil records of a child who has received special education services, the IDEA requires parental notification when OCDE decides that personally identifiable information is no longer needed to provide educational services to a child. Once parents/guardians have been notified that personally identifiable information is no longer needed, they have the option of requesting access to and/or copies of pupil records prior to destruction, and to request that pupil records be destroyed, unless OCDE determines that the information could be needed to provide educational services in the future or is needed for auditing.
purposes (34 CFR 300.624, 5 CCR 16026). Unless classified as permanent records, all other pupil records are destroyed five years after the information is no longer needed to provide educational services (5 CCR 16027).

RELEASE OF DIRECTORY INFORMATION (EC §49073): “Directory Information” means one or more of the following items: pupil’s name, address, telephone number, e-mail address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the pupil. OCDE has determined that the following individuals, officials, or organizations may receive directory information: federal, state and local law enforcement, probation officers, public defender, district attorney, social services, and child support agency. Directory information may also be disclosed to outside organizations without your prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks; a playbill, showing your pupil’s role in a drama production; Honor Roll or other recognition lists; graduation programs and sports activity sheets. However, no information may be released to a private profit making entity other than employers, prospective employers and representatives of the news media, including, but not limited to, newspapers, magazines, and radio and television stations. The names and addresses of pupils enrolled in grade 12 or who have terminated enrollment prior to graduation may be provided to a private school or college. No directory information regarding your child may be released if you notify OCDE that the information shall not be released. Please submit a written notice to the Principal of your child’s school if you wish to deny access to directory information concerning your child.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (“FERPA,” 20 USC §1232g): United States law set forth in FERPA grants parents certain rights with respect to their pupil’s records. For a summary of your rights under FERPA (Reference Attachment #1).

RELEASE OF INFORMATION TO MILITARY RECRUITERS (20 USC 7908): United States law requires school districts to provide, on a request made by military recruiters or an institution of higher education, access to secondary school pupils’ names, addresses and telephone listings. However, you have the right to request that your child’s name, address, and telephone listing shall not be released without your prior written consent. Please submit a written notice to your child’s school Principal if you wish to deny access to this information.

The parent notice must provide parents the opportunity to register with OCDE/ACCESS to receive 72-hour prior notice of the application of an individual pesticide.   o an explanation of how the parents can become involved in addressing the academic issues that caused the school to be identified for school improvement; and
  
  o an explanation of the parents’ option to transfer their child to another public school or to obtain supplemental educational services for their child.

If your child’s school becomes identified for school improvement, this information will be available at the Administrative Unit Regional Office. (Reference Attachment #9)

Notification of Rights under FERPA
for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and pupils over 18 years of age ("eligible pupils") certain rights with respect to the pupil’s education records. These rights are:

1. The right to inspect and review the pupil’s education records within 45 days of the day the School receives a request for access.
   Parents or eligible pupils should submit to the School principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible pupil of the time and place where the records may be inspected.

2. The right to request the amendment of the pupil’s education records that the parent or eligible pupil believes are inaccurate or misleading.
   Parents or eligible pupils may ask the School to amend a record that they believe is inaccurate or misleading. They should write the School principal [or appropriate official], clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the parent or eligible pupil, the School will notify the parent or eligible pupil of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible pupil when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the pupil’s education records, except to the extent that FERPA authorizes disclosure without consent.
   One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or pupil serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
   A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
   Upon request, the School discloses education records without consent to officials of another school district in which a pupil seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

   Family Policy Compliance Office
   U.S. Department of Education

Type 2 Diabetes Information

Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010. The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children’s Hospital of Orange County. Also see available translations of this information.

Description

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body’s cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body’s cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia. Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight.** The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- **Family history of diabetes.** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- **Inactivity.** Being inactive further reduces the body's ability to respond to insulin.
- **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- **Puberty.** Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

**Type 2 Diabetes Prevention Methods and Treatments**
Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods.** Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity.** Increase physical activity to at least 60 minutes every day.
- **Take medication.** If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

**Types of Diabetes Screening Tests That Are Available**

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

IMPORTANT INFORMATION ABOUT SCHOOL FUNDING

LETTER TO PARENTS AND GUARDIANS

School districts no longer receive funding from the State of California for pupils who are absent from school. This includes all absences, even those related to illness, medical or doctor appointments, or for the purpose of attending funeral services of a member of the immediate family. In other words, schools will receive state funding only for pupils who actually attend school.

If you find it necessary to keep your child out of school for reasons other than an illness, we encourage you to send your child to school for at least a part of the day so that your child will not be counted absent and also will not miss out on important school assignments. It is crucial that local schools continue to receive the financial resources necessary to provide your child with a quality education, and avert or minimize program cuts. We want to avoid the unnecessary absences that reduce district resources and limit your child’s opportunity to obtain good grades.

Studies show that there is a direct correlation between good school attendance and pupil achievement; therefore, we encourage you as parents to reinforce the importance of good school attendance and to make every effort to send your child to school on a regular basis.

Again, we encourage your continued support to promote good school attendance and pupil achievement.
NOTICE TO PARENT OR GUARDIAN –
ALTERNATIVE EDUCATIONAL PROGRAMS; SOLUTIONS

(a) That the pupil is truant.

(b) That the parent or guardian is obligated to compel the attendance of the pupil at school.

(c) That parents or guardians who fail to meet this obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 (commencing with Section 48290) of Chapter 2 of Part 27.

(d) That alternative educational programs are available in the district.

(e) That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the pupil’s truancy.

(f) That the pupil may be subject to prosecution under Section 48264.

(g) That the pupil may be subject to suspension, restriction, or delay of the pupil’s driving privilege pursuant to Section 13202.7 of the Vehicle Code.

For purposes of this section, a conscientious effort means attempting to communicate with the parents of the pupil at least once using the most cost-effective method possible, which may include electronic mail or a telephone call.

§ 48263.6 – Chronic truant: Any pupil subject to compulsory full-time education or to compulsory continuation education who is absent from school without a valid excuse for 10 percent or more of the schooldays in one school year, from the date of enrollment to the current date, is deemed a chronic truant, provided that the appropriate school district officer or employee has complied with Sections 48260, 48260.5, 48261, 48262, 48263, and 48291.

- The conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile or offensive work environment.

Examples of Sexual Harassment: Sexual harassment includes, but is not limited to:

- Unwanted sexual advances, leering, flirtations or propositions.
- Offering employment benefits in exchange for sexual favors.

- Any act of actual or threatened retaliation against an individual who reports a violation of the Department’s sexual harassment policy or who participates in the investigation of a sexual harassment complaint.

Prohibition: The Department prohibits sexual harassment in the working environment of employees or applicants by any person in any form. Employees who permit or engage in such harassment may be subject to disciplinary action up to and including dismissal.

Complaint Procedure: Any employee or applicant who believes he or she has been sexually harassed is encouraged to report the incident to his/her supervisor, principal, or the Assistant Superintendent, Administrative Services. The parties may agree to participate in early resolution and/or the complaint may be formally investigated. A request for formal investigation must be in writing and made to the Assistant Superintendent, Administrative Services. Any employee having knowledge of conduct by another employee, volunteer or individual in the employment or academic community which may constitute sexual harassment of employees or students is required to immediately report such conduct to any of the individuals specified in the Department’s policies.

California High School Exit Examination 2012-13

Notice to Parents, Guardians, and Students

All California public school students, except eligible students with disabilities (see Students with Disabilities section), are required by state law to satisfy the California High School Exit Examination (CAHSEE) requirement, as well as all other state and local graduation requirements, to receive a high school diploma. All students who must meet the CAHSEE requirement, including English learners, will take the examination for the first time in grade ten. Students who do not pass the examination in grade ten will have additional opportunities in grades eleven and twelve to retake the part(s) not passed. More information about CAHSEE testing guidelines can be found on the CDE CAHSEE Administrative Documents Web page at [http://www.cde.ca.gov/ta/tg/hs/admin.asp](http://www.cde.ca.gov/ta/tg/hs/admin.asp).

Students with disabilities who are eligible for the exemption are required, in grade ten only, to take the CAHSEE to meet state and federal requirements, but not as a condition of graduation.

Subjects Covered on the CAHSEE

The examination consists of two parts: (1) English–language arts (reading and writing) and (2) mathematics. All questions are aligned to California’s content standards adopted by the State Board of Education (SBE). Content standards describe what students should know and be able to do at each grade level from kindergarten through grade twelve. Your school district can provide you with information on the content standards assessed by the CAHSEE, or you can download the CAHSEE test blueprints located on the California Department of Education (CDE) CAHSEE Program Resources Web page at [http://www.cde.ca.gov/ta/tg/hs/resources.asp](http://www.cde.ca.gov/ta/tg/hs/resources.asp).

Requirements for Passing the CAHSEE

Students must earn a score of 350 or higher on each part of the CAHSEE (English–language arts and mathematics) to pass the examination. Students do not need to pass both parts of the examination during the same test administration to satisfy the CAHSEE requirement.

Students with Disabilities

Eligible students with disabilities are exempt from the requirement to pass the CAHSEE as a condition of graduation from high school (California Education Code [EC] Section 60852.3). (See box, inset) An eligible student, as defined in the law, is a student with an individualized education program (IEP) or Section 504 plan that indicates that the student has satisfied or will satisfy all other state and local requirements to receive a high school diploma on or after July 1, 2009. Eligible students with disabilities are required, in grade ten only, to take the CAHSEE to meet state and federal requirements, but not as a condition of graduation.

How long will the exemption last?

California Education Code (EC) Section 60852.3 states that students with disabilities (SWDs) are exempted from the CAHSEE requirement until the California State Board of Education (SBE) makes a determination whether or not it is feasible to have alternative means to the CAHSEE for SWDs. On July 14, 2010, the SBE determined that alternative means to the CAHSEE are feasible and adopted regulations in February 2011 extending the implementation regulations date for alternative means from January 1, 2011 to July 1, 2012. The exemption from meeting the CAHSEE requirement for SWDs remains in place until September 25, 2012, unless legislation extending the exemption is enacted or the SBE adopts regulations extending the implementation date for alternative means through December 31, 2012.

The CAHSEE regulations specify accommodations and modifications that students with disabilities must be permitted to use if specified in the student’s IEP or Section 504 plan for use on the CAHSEE, standardized testing, or for use during classroom instruction and assessments. Students who use an accommodation and earn a score of 350 or higher have passed that part of the CAHSEE. Students who use a modification and earn the equivalent of a passing score on one or both parts of the CAHSEE have not passed. Eligible students with
disabilities, who wish to meet the CAHSEE requirement by passing the examination and have earned the equivalent of a passing score while taking the CAHSEE with a modification, may choose to apply for a local waiver of the CAHSEE requirement from their local school board. (Although the local waiver option is still in effect, the exemption under EC Section 60852.3 eliminates the need for the local waiver for students who are eligible for the exemption.)

More information on exemptions, accommodations, modifications, and the local waiver process can be found on the CDE CAHSEE Frequently Asked Questions Web page at http://www.cde.ca.gov/ta/tg/hs/faq.asp.

Test Variations for Students who are English Learners

Students who are English learners must be permitted to take the CAHSEE with certain test variations if used regularly in the classroom. For example, if regularly used in the classroom, English learners must be permitted to hear the test directions in their primary language or use a translation glossary.

Students who are English learners are required to take the CAHSEE in grade ten with all other grade ten students. During their first 24 months in a California school, English learners are to receive 6 months of instruction in reading, writing, and comprehension in English (EC Section 60852). During this time, they are still required to take the CAHSEE. All students must pass the CAHSEE in English to receive their high school diploma.

California High School Proficiency Exam (CHSPE) 2012–2013

What is the CHSPE? The California High School Proficiency Examination (CHSPE) is a voluntary test that assesses proficiency in basic reading, writing, and mathematics skills taught in public schools. The CHSPE consists of two test sections: mathematics and English-language arts (ELA). The ELA section has two subtests (reading and language). Eligible persons who pass both parts of the CHSPE are awarded a Certificate of Proficiency by the State Board of Education. The test is given in English only.

Who is eligible to take the CHSPE? You may take the CHSPE only if on the test date, you:

- are at least 16 years old, or
- have been enrolled in the tenth grade for one academic year or longer, or
- will complete one academic year of enrollment in the tenth grade at the end of the semester during which the next regular administration will be conducted. (Regular administrations are the fall and spring administrations each school year.)

When is the CHSPE offered?

There is at least one test administration center in most California counties; some counties have more than one test administration center. A list of the counties and test centers may be found on the Internet at http://www.chspe.net/about/locations/ or in the CHSPE Information Bulletin also available on this Web site.

Certificate of Proficiency. California law requires that the Certificate of Proficiency be equivalent to a high school diploma. Institutions that are subject to California law and that require a high school diploma also must accept a Certificate of Proficiency. A student who receives a Certificate of Proficiency may, with verified parental approval, leave high school early. The Certificate of Proficiency, however, is not equivalent to completing all course work required for regular graduation from high school. Speak to your school counselor to understand the benefits of the Certificate of Proficiency. If you are planning to continue your studies in a college or university, contact the admissions office so that you may understand its requirements and whether or not the CHSPE certificate will be accepted.

CALIFORNIA ENGLISH LANGUAGE DEVELOPMENT TEST (CELDT)

What is the purpose of the CELDT?
State law (Education Code sections 313 and 60810) and federal law (Title III of the Elementary and Secondary Education Act [ESEA]) require that school districts administer a state test of English language proficiency (1) to newly enrolled students whose primary language is not English and (2) to students who are English learners as an annual assessment. For California public school students, this test is the California English Language Development Test (CELDT).

Who must take the CELDT?
Education Code Section 52164.1[a] requires that all students (in kindergarten through grade twelve) whose primary language is not English, based on the Home Language Survey (HLS), take the CELDT within 30 calendar days after they are enrolled in a California public school for the first time to determine if they are English learners. The HLS is completed by parents or guardians when they first register their children for school. The CELDT must be given to students identified as English learners once a year as per the school district’s evaluation process until they are reclassified as fluent English.

What does the CELDT assess?
Beginning in 2009–10, the CELDT assesses students in grades kindergarten through twelve for listening, speaking, reading, and writing. The CELDT is aligned to the English Language Development (ELD) standards adopted by the State Board of Education (SBE), which are available on the CDE Content Standards Web page at http://www.cde.ca.gov/be/st/ss/. The CELDT domains and test components are as follows:

- Listening
- Speaking
- Reading
- Writing

In what format are the results reported?
Students will receive a score report which will reflect:

- An overall performance level and scale score for all domains of the test combined
- A scale score and a performance level for each domain tested (listening, speaking, reading, and writing)
- A comprehension score that is an average of the scale scores for listening and reading

What are the instructional implications of the CELDT results?
Student CELDT results are used to assist in determining appropriate instructional strategies, materials, and curriculum learning paths to promote academic growth and success.

Additional information about the CELDT is available on the CDE CELDT Resources Web page at http://www.cde.ca.gov/ta/tg/el/resources.asp
ACCESS students will be participating in the STAR Test Program that is administered in every public school in California to students in grades 2 through 11. The multiple-choice portion of the STAR Test Program includes the CST (California Standardized Test). Students in grades 4 and 7 will take the CST Writing Test in March. Student test levels are determined by grade level.

Students with an individualized education program (IEP) in grades three through eleven whose IEP identifies them as eligible for the California Modified Assessment (CMA) may take the CMA. The CMA will be administered for English-language arts in grades three through eleven, for mathematics in grades three through seven, for Algebra I, for Geometry, and for science in grades five, eight, and ten. Students taking the CMA for English-Language Arts in grades four and seven also will complete a writing task (prompt) as a part of the assessment. The CMA is based on California’s content standards for the subjects tested. Students with an IEP who have significant cognitive disabilities, who are unable to take the CSTs and/or CMA with accommodations or the CSTs with modifications will take the California Alternate Performance Assessment (CAPA). Students in grades two through eleven will be assessed in English-language arts and mathematics. Students in grades five, eight, and ten also will be assessed in science. The CAPA is linked to California’s content standards for the subjects tested.

The STAR testing window for ACCESS students is April 22, 2013 through May 10, 2013. The specific dates your student will be tested during this window are determined by the site’s regional administration office, and will be sent to you by letter. If you have any questions regarding the dates and hours of testing at your student’s school site, please contact the administration office for your student’s ACCESS site or your student’s teacher.

An individual report of your student’s STAR test results will be mailed to your home when the results are sent to our district office. This report will explain how your student performed in each of the content areas tested.

The Orange County Department of Education encourages every student to participate in this mandated testing process, and we thank you for your support of the STAR Program. If you have any questions, please speak to your child’s teacher or utilize the California Department of Education’s STAR website: http://www.cde.ca.gov/ta/tg/sr/cefstar.asp

The General Complaint Procedure (programs and discrimination) and the Williams Complaint Procedure (textbooks and instructional materials, teacher vacancy or misassignment, facilities, and high school exit examination) are described in the attached pages. Guidelines for filing a complaint are included in Orange County Superintendent’s Policy 500-5 and Superintendent’s Policy Procedure 500-5.  Discrimination, Harassment, Intimidation and Bullying

I. Introduction

The Orange County Department of Education/Orange County Superintendent of Schools (collectively referred to as “Department”) believes every child is entitled to a safe school environment free from bullying and discrimination. Consistent with state and federal law, the Department prohibits bullying and discrimination and provides a timely and effective complaint procedure for pupils who believe they have been the victim of bullying or discrimination. The Department also is mindful that, at times, behavior that is rude or insensitive may nevertheless be constitutionally protected in the context of a public school environment. Such conduct can best be combatted and prevented with effective strategies that involve pupils, parents and school employees in collaborative efforts to teach tolerance and ensure equal educational opportunities for all.

II. Applicability

This policy applies to all of the Department’s students. This policy applies to all acts related to school activity or school attendance occurring within a school under the jurisdiction of the Orange County Superintendent of Schools. (Educ. Code § 234.1 (a).)

This policy also reminds school personnel of their obligation to intervene when safe to do so as required by Education Code section 234.1(b)(1). (See Section VI below.)

III. Definitions

A. “Bullying” means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils as defined in Section 48900.2, 48900.3, or 48900.4, directed toward one or more pupils that has or can be reasonably predicted to have the effect of one or more of the following:

(a) Placing a reasonable pupil or pupils in fear of harm to that pupil’s or those pupils’ person or property.

(b) Causing a reasonable pupil to experience a substantially detrimental effect on his or her physical or mental health.
(c) Causing a reasonable pupil to experience substantial interference with his or her academic performance.

(d) Causing a reasonable pupil to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by a school.

While not an exhaustive list, examples of bullying/cyberbullying might include:
- direct physical contact, such as hitting or shoving;
- threats to harm another person;
- oral or written assaults, such as teasing or name-calling;
- social isolation or manipulation;
- posting harassing messages, direct threats, social cruelty or other harmful texts, sounds or images on the Internet, including social networking sites;
- posting or sharing false or defamatory information about another person;
- posting or sharing information about another person that is private;
- pretending to be another person on a social networking site or other electronic communication in order to damage that person’s reputation or friendships;
- posting or sharing photographs of other people without their permission;
- spreading hurtful or demeaning materials created by another person (e.g., forwarding offensive e-mails or text messages); and
- retaliating against someone for complaining that they have been bullied.

B. “Electronic act” means the transmission of a communication, including, but not limited to, a message, text, sound, or image, or a post on a social network Internet Web site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer or pager.

C. “Reasonable pupil” means a pupil, including, but not limited to, an exceptional needs pupil, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs.

IV. Prohibition Against Bullying

The Department prohibits bullying as defined in this policy. This includes, but is not limited to, discrimination, harassment, intimidation and bullying based on the actual or perceived characteristics set forth in Penal Code section 422.55 and Education Code section 220, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion,
sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. (Educ. Code §§ 234.1(a); 48900(r).)

In addition, the Department prohibits retaliation against complainants.

V. Free Speech Protection

This policy shall not be construed to limit pupil rights to free speech as protected by the United States Constitution, the California Constitution, Education Code sections 48907 and 48950, and other applicable law.

VI. Duties and Responsibilities of School Employees

If school personnel witness an act of discrimination, harassment, intimidation, or bullying, he or she shall take immediate steps to intervene when safe to do so. (Educ. Code §234.1(b)(1).)

VII. Reporting and Investigating Complaints; Complaint Officer

Any employee who has knowledge of discrimination, harassment, intimidation or bullying shall inform the site administrator of the concern as soon as possible. The site administrator shall notify the Department’s Nondiscrimination Officer within 24 hours. Students who have knowledge of discrimination, harassment, intimidation or bullying are encouraged to inform a teacher or school administrator as soon as possible. Students and parents may make such complaints anonymously by calling the Nondiscrimination Officer at the number below. Anonymous reports must provide sufficient corroborating evidence to justify the commencement of an investigation. Because of the inability of investigators to interview anonymous complainants, it may be more difficult to evaluate the allegations and, therefore, less likely to cause an investigation to be initiated.

Formal complaints regarding violations of this policy shall be made pursuant to the Department’s Uniform Complaint Procedure. (Superintendent’s Policy 500-5 and Superintendent’s Policy Procedure 500-5.)

The Department’s Nondiscrimination Officer is:

Assistant Superintendent, Administrative Services
200 Kalmus Drive, Costa Mesa, CA 92626
(714) 966-4061
Rhendrick@ocde.us

The Nondiscrimination Officer is responsible for ensuring the Department’s compliance with nondiscrimination laws impacting California public schools. The Nondiscrimination Officer shall notify the parents of the reported victim and the alleged perpetrator of the complaint and, if appropriate, law enforcement officials. The Nondiscrimination Officer may refer the victim, perpetrator and others to counseling and mental and other health services, as appropriate. The
Nondiscrimination Officer shall maintain documentation of complaints and their resolution for a minimum of one CPM review cycle. (Educ. Code § 234.1(e).)

VIII. Confidentiality

The identity of a complainant alleging discrimination, harassment, intimidation, or bullying shall remain confidential as appropriate within the dual contexts of the Department’s legal obligation to ensure a learning environment free from discrimination, harassment, intimidation and bullying, and the right of the accused to be informed of the allegations. Some level of disclosure may be necessary to ensure a complete and fair investigation, although the Department will comply with requests for confidentiality to the extent possible.

IX. Disciplinary Consequences

Students who violate this policy may be subject to discipline, including suspension and expulsion pursuant to the Department’s discipline policies and procedures. (Board Policy 400-2 and Board Policy Procedure 400-2.)

X. Notifications

The Department shall publicize this policy, including information about the manner in which to file a complaint, to pupils, parents, employees, agents and the general public. The information shall be translated pursuant to Education Code section 48985. This policy shall be posted in all schools and offices. (Educ. Code § 234.1(c) and (d).)

XI. Anti-Bullying Education

The Department has an affirmative obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity. The Department shall undertake educational activities to prevent bullying and counter discriminatory incidents that impact the school environment and, within constitutional bounds, to minimize and eliminate a hostile environment on school grounds that impairs the access of pupils to equal educational opportunity. (Educ. Code § 201(g).)

The Department educates pupils about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. The Department also educates pupils and teachers on the appropriate and ethical use of information technology in the classroom and Internet safety.

 Adopted: July 2012
Dear Parents/Guardians of students enrolled in Orange County Department of Education schools:

LOCAL EDUCATIONAL AGENCY IDENTIFIED FOR PROGRAM IMPROVEMENT

The No Child Left Behind (NCLB) Act of 2001 requires all states to create their own high academic standards for what a child should know and be able to do for all grades in English-language arts and mathematics. Every school must improve each year until all students meet these standards. This yearly improvement in school performance, which includes the academic standards and other components, is called Adequate Yearly Progress (AYP).

NCLB also requires the California Department of Education to annually review the performance of each local educational agency (LEA) that receives funds under NCLB, Title I, Part A. An LEA can be a school district or a county office of education. An LEA receiving Title I, Part A, funds is identified as a Program Improvement LEA if it does not meet AYP goals for two consecutive years within specific areas, focused primarily on academic achievement in English-language arts and mathematics.

NCLB requires the California Department of Education to inform parents/guardians of students about LEA performance. For the 2012-13 school year, the Orange County Department of Education remains in Year 3+ Program Improvement status and was assigned corrective action by the State Board of Education.

As a Program Improvement LEA, our county office of education must:

- Revise our LEA Plan. We must consult with parents and school staff when revising this Plan, instituting and fully implementing a new curriculum that is based on state academic content and achievement standards, including providing appropriate research-driven professional development for all relevant staff that offers substantial promise of improving educational achievement for high-priority pupils.
- Reserve at least ten percent of our annual Title I allocation to provide professional development for teachers and administrators.

How can parents help their school and local educational agency improve?

Here are some suggestions to help you work with your school and LEA to support improvements:

1. Learn more about the NCLB requirements and become aware of strategies to improve student academic achievement. Additional information and resources are available at the following Web sites:
2. Talk with LEA staff about the LEA Plan and the program changes that must be made to help students meet the state standards in reading and mathematics.
3. Visit your child’s school and volunteer.

For further information about any of these requirements and to find out how you can become involved in Program Improvement efforts, please contact Rick Martin, Director of Curriculum, Learning, and Support Services, at (714) 836-3388.
NO CHILD LEFT BEHIND

All Parents/Guardians:

Your child may be attending a school receiving Title I federal funds through the No Child Left Behind Act. This federal law requires that parents be notified of their right to know the professional qualifications of their child’s teacher(s) in core academic subject areas, including the following:

1. The type of state credential or license that the teacher holds.

2. The education level and subject area of the teacher’s college degree(s). All teachers have a bachelor’s degree, and many teachers have graduate degrees beyond the bachelor’s, such as a master’s or doctoral degree.

In addition to the qualifications of the teacher, if a paraeducator provides your child services, you may also request information about his or her qualifications. Many paraeducators have two years of college, and others have passed a test that verifies their qualifications.

If you would like this information, please contact the Executive Director, Human Resources and Support Services at (714) 966-4050.
ACCESS COMMUNITY SCHOOLS
FAMILY ENGAGEMENT POLICY

DEVELOPMENT OF THIS POLICY

This Policy was developed with input from parents and guardians of students attending ACCESS Community Schools. These individuals are referred to throughout this Policy as “families.” This Policy is reviewed annually and updated as needed by the School Site Council, and distributed at Title I Annual Meetings. The Policy is also available to families and the community on the ACCESS website.

INVolVEMENT

Research tells us that family engagement in schools makes a big difference. When schools, families, and communities work together, student achievement increases. ACCESS Community Schools welcome and encourage family participation in a variety of ways.

1. ACCESS Community Schools convenes an annual meeting for families to inform them of the school’s participation in parent/family involvement of Title I, requirements of family involvement, and rights of families to be involved.
   - Title I Annual Meetings are held in conjunction with open house events at the school sites.

2. ACCESS Community Schools offers a flexible number of meetings to accommodate the diverse schedules of our families.
   - Meetings such as Open House and Back to School Night are held throughout the year on various days.

3. ACCESS Community Schools involves families in an organized, on-going, and timely manner in the planning, review, and improvement of programs regarding family involvement, including the school’s Family Engagement Policy and development/revision of School-wide Program Plan.
   - These documents are reviewed annually and updated as needed by the School Site Council.

4. ACCESS Community Schools provides families with timely information about the curriculum, forms of academic assessment used to measure student progress, and proficiency levels students are expected to meet.
   These documents are reviewed annually and updated as needed by the School Site Council. Curriculum and assessment information, including state testing results, is included in the School Accountability Report Card (SARC), available on the ACCESS website. Additional information on curriculum, standards, and assessment is provided to families at school events and Title I Annual Meetings.

SHARED RESPONSIBILITIES FOR HIGH STUDENT ACADEMIC ACHIEVEMENT

1. ACCESS Community Schools jointly develops with and distributes to families a School-Family Compact that outlines how families, the entire school staff, and students share the responsibility for improved student academic achievement, and the means by which the school and families build and develop a partnership to help achieve California’s high standards.

2. The compact describes the school’s responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment, and the ways in which each parent will be responsible for supporting their children’s learning.
3. The compact addresses the importance of on-going communication between teachers and families through annual conferences in which the compact is discussed as it relates to each child’s achievement, frequent reports to families regarding their children’s progress, reasonable access to staff, opportunities to volunteer and participate in the classroom, and observation of classroom activities.

BUILDING CAPACITY FOR INVOLVEMENT

1. ACCESS Community Schools provides assistance to families in understanding the state’s academic content standards, state student achievement standards, state and local academic assessments, requirements for family involvement, how to monitor their child’s progress, and how to work with educators to improve the achievement of their children.
   - The above information is provided at Title I Annual Meetings other school events, and Family-Teacher conferences.
2. ACCESS Community Schools provides materials and training to help families improve their children’s achievement.
   - Materials and training is be provided at workshops, parenting classes, and Title I Annual meetings
3. ACCESS Community Schools educates teachers, pupil services personnel, principals and other staff with the assistance of families, in the value and utility of contributions of families, and how to reach out to, communicate with, and work with families as equal partners, implement and coordinate parent programs, and build ties between families and the school.
   - To build the capacity for all school staff to support family engagement, training is provided at regional staff development meetings, conferences, and workshops
   - A quarterly e-newsletter promoting resources and best practices for family engagement is distributed to all school staff
   - All ACCESS school sites receive a Family Events Toolkit that provides guidance for implementing effective family engagement events

ACCESS FAMILY ENGAGEMENT POLICY

Research tells us that family engagement in schools makes a big difference. When schools, families, and communities work together, student achievement increases. ACCESS welcomes and encourages family participation in a variety of ways.

To ensure that parents and guardians are provided with opportunities to be engaged in their children’s education, ACCESS implements the strategies described below:

1. **ACCESS involves families in the joint development of the LEA Plan and in the process of school review for program improvement schools under Section 1116.**

   The School Site Council reviews the LEA Plan in accordance with the review schedule as established by the Governing Board.

   ACCESS invites input on the plan from other district committees, such as the WASC Committee.

2. **ACCESS helps schools to plan and implement effective family involvement activities to improve student academic achievement and school performance.**

   The Title I Family Involvement Program Manager will provide training and support to assist schools in developing family-friendly programs.

   All ACCESS school sites receive a Family Events Toolkit that provides guidance for implementing effective family engagement activities.

3. **ACCESS builds school and family capacity for strong family involvement.**

   ACCESS assists families in understanding such topics as the state’s academic content standards and academic achievement standards, state and local academic assessments, requirements of Title I, and how to monitor their children’s progress and work with educators to improve the achievement of their children. This information is made available to families during school site events and programs, Title I Annual Meetings, and the ACCESS website.

   ACCESS provides materials and training to help families improve their children’s achievement. Materials and training will be provided through workshops, parenting classes, and Title I Annual Meetings.

   ACCESS educates teachers, student services personnel, principals, and other staff, with the assistance of families, in the value and utility of family contributions and in how to reach out to, communicate with, and work with families as equal partners, implement and coordinate family programs, and build ties between families and the school.

   Title I staff provide professional development opportunities designed to build the capacity of school staff to work effectively with families from diverse backgrounds. A quarterly e-newsletter promoting resources and best practices for family engagement is also distributed to all ACCESS staff.

   To the extent feasible and appropriate, ACCESS will coordinate and integrate family engagement activities with Safe Schools, English Learner Programs, and other federally-funded programs and conduct other activities that encourage and support families to more fully participate in their children’s education.
ACCESS ensures that information related to school and family programs, meetings, and other activities is sent to the families of participating students in a format, and to the extent practicable, a language that families can understand.

ACCESS provides other such reasonable support for family involvement activities as families may request.

ACCESS informs families and family organizations of the existence and purpose of local and statewide family resource centers that provide training, information, and support to families of participating students.

4. **ACCESS coordinates and integrates Title I Part A family engagement strategies with family engagement strategies of other programs.**

Title I coordinates strategies with English Learner Programs, Safe Schools, and Probation staff to maximize the effectiveness of family outreach efforts.

5. **ACCESS conducts, with the involvement of families, an annual evaluation of the content and effectiveness of the family involvement policy and uses the findings of the evaluation to design more effective family involvement practices.**

ACCESS ensures that the evaluation includes the identification of barriers to greater participation in family involvement activities, with particular attention to families who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background.

ACCESS uses the evaluation results to design strategies for more effective family involvement, and, if necessary, to recommend changes in the family engagement policy.

6. **ACCESS involves families in the activities of schools served by Title I.**

ACCESS includes information about school activities at the time of enrollment and promotes attendance at school activities by contacting families via telephone and by mailing flyers to families at home.

To the extent practicable, ACCESS will assist schools with interpreting and translation services or other accommodations needed to encourage participation of families.

NOTICE OF ALTERNATIVE SCHOOLS
California Education Code Section 58501

The following notice must be sent along with the Notification to Parents and Guardians required by EC § 48980. Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school, which is operated in a manner designed to:

- Recognize that the best learning takes place when the pupil learns because of his/her desire to learn.
- Maintain a learning situation maximizing pupil self-motivation and encouraging the pupil in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or part from a presentation by his/her teachers of choices of learning projects.
- Maximize the opportunity for teachers, parents, and pupils to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- Maximize the opportunity for the pupils, teachers and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Orange County Department of Education
Internet Acceptable Use Policy

Internet access is available to Orange County Department of Education Alternative, Community, and Correctional Education Schools and Services. Our goal in providing this service is to promote educational excellence in the Orange County Department of Education by facilitating resource sharing, innovation, and communication.

The Internet is an “electronic highway” connecting millions of computers all over the world and millions of individual users. Access to the Internet will enable pupils to explore thousands of libraries, databases, and bulletin boards while exchanging messages with users throughout the globe. In addition, the system is used to increase Orange County Department of Education communication, enhance productivity, and assist OCDE employees in upgrading their skills through greater exchange of information with their peers. The system also assists the Orange County Department of Education in sharing information with the local community, including parents, social service agencies, government agencies, and businesses.

With access to computers and people from around the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Families should be warned that some material obtained via the Net may contain items that are illegal, defamatory, inaccurate, or potentially offensive. The Orange County Department of Education has taken precautions to restrict access to controversial materials. On a global network it is impossible to control all materials and an industrious user may discover controversial information, either by accident or deliberately. However, the benefits to pupils from online access far outweigh the possibility that users may procure material that is not consistent with the educational goals of the Orange County Department of Education.

The purpose of this agreement is to ensure that use of Internet resources is consistent with the Orange County Department of Education’s stated mission, goals, and objectives. The smooth operation of the network relies upon the proper conduct of the pupils and faculty who must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. If an Orange County Department of Education user violates any of these provisions, his or her future access could be denied in accord with the rules and regulations discussed with each user during Internet training sessions.

To gain access to the Internet, all pupils under the age of 18 must obtain parental permission and both parent and pupil must sign this document. The signatures at the end of this document legally bind and indicate the parties who signed have read the terms and conditions carefully and understand their significance.
