SINCE 1889**

On March 11, 1889, the California legislature divided Los Angeles County and created Orange County as a separate political entity. This act resulted in the creation of Orange County’s own office of education.

We wish to recognize the following Orange County superintendents of schools for their contributions to the education of children in Orange County:

Private School Information

This directory of private schools has been compiled in accordance with the requirements of Section 33190 of the Education Code which provides that, between October 1 and 15 of each year, private elementary and secondary schools must be registered with the Superintendent of Public Instruction. Education Code Section 48222 provides that attendance at a private school exempts a child from compulsory attendance at a public school only if the private school has met the requirements of Education Code Section 33190. However, there are some listed in this directory that have the word preschool in their title and are included in the directory. This is because they also maintain at least kindergarten or above and are therefore required to file the affidavit.

Several features have been incorporated in this directory: (1) the religious affiliation of each school is noted; (2) telephone numbers for the schools are given; and (3) whether or not the school provides special education or has boarding facilities.

The inclusion of any private school in this directory shall not be interpreted to mean that the State of California, the Superintendent of Public Instruction, the State Board of Education, any division or bureau of the California Department of Education, or any accrediting agency has made any evaluation, recognition, approval, or endorsement of the school, unless such is an actual fact.

Forms for filing the information required by Education Code Section 33190 (Form R4, "Private School Affidavit") are available in late August online at <http://www.cde.ca.gov/sp/ps/> or for those schools with no access to the Internet, paper copies of the affidavits will be available by calling (916) 319-0878.
