# Part I - General Administrative Share of Plant Services Costs California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs. Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool. Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

# Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

1a. STANDARD NOT MET - Projected ADA for County Operations Grant or county operated programs has changed since first interim projections by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard, a description of the methods and assumptions used in projecting ADA, and what changes will be made to improve the accuracy of projections in this area.

Explanation: (required if NOT met) Projected Average Daily Attendance (ADA) for County and Charter School Alternative Education Grant, District Funded County Program, are not meeting the historical variance in ADA due to the changes in our student population. We are declining at a lower rate in some programs and growing in others compared to originally projected ADA in 2019-20. We are still budgeting significant declines in 2020-21 and 2021-22 based on school district ADA declines countywide but are hopeful that programmatic changes we have made will continue to increase enrollment in some programs. We continue to monitor and strategize outreach opportunities for all programs and anticipate making changes if necessary.

## S5B. Status of the County Office's Projected Contributions, Transfers, and Capital Projects

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

1a. NOT MET - The projected contributions from the unrestricted county school service fund to restricted county school service fund programs have changed since first interim projections by more than the standard for any of the current year or subsequent two fiscal years. Identify restricted programs and contribution amount for each program and whether contributions are ongoing or one-time in nature. Explanation: (required if NOT met) Contributions from unrestricted programs to some restricted programs have changed by more than the historical amount because we have many programs that have a cap on indirect so they require a contribution for our approved state indirect rate. We continue to monitor and anticipate making appropriate reductions if necessary.

1b. MET - Projected transfers in have not changed since first interim projections by more than the standard for the current year and two subsequent fiscal years.

4. Comments:

We do not offer retiree benefits except for upon retiring, the retiree is given the opportunity to participate in our health & welfare program by purchasing medical & dental insurance from the COE at a discounted rate. The difference between the market rate and the discounted rate is the implicit factor to our benefit plan and our OPEB liability. We fully funded the total liability amount in Fund 17

## S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

#### If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.
