Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Orange County Department of Education (the County) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2017-2018 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, issued by the California Education Audit Appeals Panel as regulations. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Orange County Department of Education, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter - Change in Accounting Principles

As discussed in Note 1 and Note 16 to the financial statements, in 2018, the County adopted new accounting guidance, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. In addition, the County implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 16, budgetary comparison schedules on pages 78 and 79, schedule of changes in the County's total OPEB liability and related ratios on page 80, schedule of the County 's proportionate share of the net OPEB liability - MPP program on page 81, schedule of the County 's proportionate share of the net pension liability on page 82, and the schedule of County contributions on page 83, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Orange County Department of Education's basic financial statements. The accompanying supplementary information such as the combining and individual non-major fund financial statements and Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and the other supplementary information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2018, on our consideration of the Orange County Department of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Orange County Department of Education's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Orange County Department of Education's internal control over financial reporting and compliance.

This section of the Orange County Department of Education's (the County) annual financial report presents our discussion and analysis of the County's financial performance during the fiscal year that ended on June 30, 2018, with comparative information for the year ended June 30, 2017. Please read it in conjunction with the County's financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The financial statements presented herein include all of the activities of the County using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34.

The *Government-Wide Financial Statements* present the financial picture of the County from the economic resources measurement focus using the accrual basis of accounting. These statements include all assets of the County as well as all liabilities (including long-term obligations). Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables, and receivables.

Governmental Funds are prepared using the economic resources measurement focus and the accrual basis of accounting.

The *Fund Financial Statements* include statements for each of the two categories of activities: governmental and fiduciary.

The *Governmental Funds* are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

The *Proprietary Funds* are prepared using the economic resources measurement focus and the accrual basis of accounting.

The *Fiduciary Funds* are prepared using the economic resources measurement focus and the accrual basis of accounting.

Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements is provided to explain the differences created by the integrated approach.

The Primary unit of the government is the Orange County Department of Education.

ORANGE COUNTY DEPARTMENT OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

FINANCIAL HIGHLIGHTS OF THE PAST YEAR

This is the fifth year of the Local Control Funding Formula (LCFF). In 2013-2014, the State budget saw the biggest change in education funding in over forty years with the implementation of the LCFF, and the Local Control Accountability Plan (LCAP). School Districts will reach full implementation of the LCFF in 2018-2019, and County Offices of Education (COE) are considered fully funded, and will only receive cost of living increases to their base grant in future years. One of the complex calculations specific to COE LCFF is subject to changes in county property taxes in conjunction with Average Daily Attendance (ADA). When county property taxes increase and ADA decreases, COE's move into a category called minimum state aid. We continue to be a County that has moved into this category. This may become problematic in the future years, because we will not receive any new LCFF funding from either growth in attendance or cost of living increases, while we will still have increases in expenditures.

In the current fiscal year, the County School Service Fund revenue (not including transfers from other funds) decreased \$4.2 million. AB602 requires a transfer to Special Education of 36 percent of the total property tax received. Property tax increased by \$6.8 million which required a transfer totaling \$37.4 million to the Special Education Pass-Through Fund (SELPA). This was an increase of \$2.4 million to the SELPA and the remaining \$4.4 million remained in the County School Service Fund. Although the County continues to receive increases in local taxes, overall LCFF funding for 2017-2018 grew by \$4.8 million including \$185 thousand for the College & Career Preparatory Academy charter school. Federal funding increased \$9.2 million or four percent of the County School Service Fund revenues (and an increase of \$11.2 million or 3.7 percent of government-wide revenues) due to changes in various federal programs. Other State revenue experienced a net decrease of \$21.2 million or nine percent of the County School Service Fund revenues (and \$23 million or 7.6 percent of government-wide revenues). The decrease is largely due to a decrease of \$19 million in Multi-Tiered Support System funds, a decrease of \$1.3 million for California Career Pathways, a decrease of \$588 thousand for One-Time Discretionary funding, \$257 thousand for CalSTRS on behalf due to GASB 68 recognizing the State's contribution on behalf of the district and other state grants and entitlements. Finally, government-wide local revenue for 2017-2018 increased by \$2.8 million as a result of various increases in interagency fees and decreases in tuition fees.

Expenditures in the County School Service Fund (not including transfers to other funds) increased by \$24 million or 11.7 percent of expenditures. This includes the increase of GASB 68 CalSTRS on behalf of the district contribution of \$257 thousand and the rate increases of CalSTRS from 12.58 percent to 14.43 percent and CalPERS from 13.888 percent to 15.531 percent. In 2017-2018, all bargaining units received a two percent on-going salary increase and a two percent off schedule payment. In addition, the district contributed to the health and welfare benefits for the 2017-2018 year only with employees paying the increase in cost of health benefits for the PPO plan. The increase in salaries and the changes in the health benefits increased total expenditures for salaries and benefits by \$3.7 million, which include retirements and staff attrition and the GASB 68 CalSTRS on behalf of the district contribution. The LCAP called for increases in books, computers, and instructional materials of \$320 thousand and various other changes in services and contracts.

In 2017-2018, we had an overall decrease of 303 average daily attendance (ADA). We continue to look at staffing ratios and new ways to improve our attendance.

As always, our focus is on providing world-class education and services to support our districts and students in Orange County. We continue to plan and design permanent facilities for the Alternative Education Program and joint-use projects for Special Schools.

ORANGE COUNTY DEPARTMENT OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

Vision

Orange County students will lead the nation in college and career readiness and success.

Mission

The mission of the Orange County Department of Education (OCDE) is to ensure that all students are equipped with the competencies they need to thrive in the 21st century.

OCDE is a public education organization offering support to 27 school districts and more than 600 schools and 20,000 educators serving more than 500,000 students in Orange County.

OCDE's personnel offer support, professional development, and student programs through its divisions and departments: Administrative Services, Alternative Education, Business Services, Career and Technical Education, Information Technology, Instructional Services, Legal Services, Community and Student Support Services, and Special Education.

Values

OCDE is dedicated to the fundamental human values of respect, responsibility, integrity, and professional ethics. Our priority is service to students, schools, districts, families, and community members. We provide a safe, caring, courteous, and professional environment that fosters collaborative work and individual development for our employees. We hold ourselves and each other accountable for the highest level of performance, efficiency, resource management, and professionalism.

Enrollment

A primary source of revenue for the County is generated by ADA of students in the County programs. The decline of ADA can have significant impact on the financial stability of the office. The County operated student programs decreased by 150 ADA, a 6 percent decline from last year. County-wide enrollment experienced a decrease of 1.07 percent.

Solvency

The County is required to maintain a two percent Reserve for Economic Uncertainties and strives to meet a budgetary reserve of three percent. In 2017-2018, we met our goal with a minimum three percent Reserve for Economic Uncertainties.

ORANGE COUNTY DEPARTMENT OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2018

REPORTING THE COUNTY AS A WHOLE

The Statement of Net Position and the Statement of Activities

The *Statement of Net Position* and the *Statement of Activities* report information about the County as a whole and about its activities. These statements include *all* assets and deferred outflows of resources and liabilities and deferred inflows of resources of the County using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the County's *net position* and changes in them. Net position is the difference between assets and liabilities, one way to measure the County's financial health, or *financial position*. Over time, *increases or decreases* in the County's net position are one indicator of whether its *financial health* is improving or deteriorating. Other factors to consider are changes in the County's property tax base and the condition of the County's facilities.

The relationship between revenues and expenses is the County's *operating results*. Since the governing board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the *overall health* of the County. The quality of the education and the safety of our schools will likely be an important component in this evaluation.

In the *Statement of Net Position* and the *Statement of Activities*, we present the County activities as follows:

Governmental Activities - All of the County's services are reported in this category. This includes services to preschool through grade twelve students, the operation of child development activities, services to school districts, and the ongoing effort to improve and maintain buildings and sites. Property taxes, State income and sales taxes, user fees, interest income, Federal income taxes, as well as Federal, State and local grants, finance these activities.

ORANGE COUNTY DEPARTMENT OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

REPORTING THE COUNTY'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the County as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money that it receives.

Governmental Funds - The County's services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial* assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the County's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

THE COUNTY AS TRUSTEE

Reporting the County's Fiduciary Responsibilities

The County is the trustee, or *fiduciary*, for funds held on behalf of others, such as funds for payroll withholding accounts. The County's fiduciary activities are reported in the *Statements of Fiduciary Net Position*. These activities are excluded from the County's other financial statements because the County cannot use these assets to finance its operations. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

ORANGE COUNTY DEPARTMENT OF EDUCATION

**MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2018**

THE COUNTY AS A WHOLE

Net Position

The County's net position was \$145,493,049 for the fiscal year ended June 30, 2018. Of this amount, \$13,771,246 was unrestricted. Restricted net position is reported separately to show legal constraints from debt covenants, grantors, constitutional provisions, and is enabling legislation that limit the governing board's ability to use the net position for day-to-day operations. Our analysis below, in summary form, focuses on the net position (Table 1) and change in net position (Table 2) of the County's governmental activities.

Table 1

	Governmental Activities	
	2018	(as restated) 2017
ASSETS		
Current and other assets	\$ 288,372,931	\$ 282,232,775
Capital assets	88,713,027	90,689,709
Total Assets	377,085,958	372,922,484
Deferred Outflows of Resources	54,337,932	37,143,199
LIABILITIES		
Current liabilities	50,718,086	45,664,791
Long-term obligations	25,653,921	18,953,158
Aggregate net pension liability	189,129,604	168,578,827
Total Liabilities	265,501,611	233,196,776
Deferred Inflows of Resources	20,429,230	18,013,570
NET POSITION		
Investment in capital assets	76,307,027	77,839,709
Restricted	55,414,776	67,384,137
Unrestricted	13,771,246	13,631,491
Total Net Position	\$ 145,493,049	\$ 158,855,337

The \$13,771,246 in unrestricted net position of governmental activities represents the *accumulated* results of all past years' operations.

ORANGE COUNTY DEPARTMENT OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

Changes in Net Position

The results of this year's operations for the County as a whole are reported in the *Statement of Activities* on page 18. Table 2 takes the information from the Statement, rounds off the numbers, and rearranges them slightly so you can see our total revenues for the year.

Table 2

	Governmental Activities	
	2018	2017
Revenues		
Program revenues:		
Charges for services	\$ 35,680,840	\$ 36,118,634
Operating grants and contributions	63,955,666	80,701,028
Capital grants and contributions	(2,813,364)	33,361
General revenues		
Federal and State aid not restricted	50,515,576	40,180,722
Property taxes	107,541,072	100,287,570

Change in Net Position	\$ (13,362,288)	\$ 33,344,218

ORANGE COUNTY DEPARTMENT OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

Governmental Activities

As reported in the *Statement of Activities* on page 18, the cost of all of our governmental activities this year was \$318,138,606. However, the amount that our taxpayers ultimately financed for these activities through local taxes was only \$107,541,072 because the cost was paid by those who benefited from the programs (\$35,680,840) or by other governments and organizations who subsidized certain programs with grants and contributions (\$61,142,302). We paid for the remaining "public benefit" portion of our governmental activities with \$100,412,104 in unrestricted Federal and State funds and with other revenues, such as interest and general entitlements.

In Table 3, we have presented the cost of each of the County's largest functions which are instruction, instruction-related activities, pupil services, administration, plant services, and all other services. As discussed above, net cost shows the financial burden that was placed on the County's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

Table 3

	Total Cost of Services		Net Cost of Services	
	2018	2017	2018	2017
Instruction	\$ 181,821,818	\$ 159,920,685	\$ 123,836,853	\$ 81,983,726
Pupil services	19,988,956	19,205,744	13,231,663	11,633,278
Administration	31,595,573	22,995,643	25,965,714	17,285,079
Plant services	12,581,399	12,578,171	11,951,254	11,857,958
All other services	72,150,860	56,922,038	46,329,980	32,009,217
Total	\$ 318,138,606	\$ 271,622,281	\$ 221,315,464	\$ 154,769,258

ORANGE COUNTY DEPARTMENT OF EDUCATION

**MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2018**

THE COUNTY'S FUNDS

As the County completed this year, our governmental funds reported a combined fund balance of \$233,017,022, which is an increase of \$598,561 from last year (Table 4).

Table 4

	Balances and Activities			
	July 1, 2017	Revenues and other financing sources	Expenditures and other financing uses	June 30, 2018
County School Service Fund	\$ 185,826,729	\$ 234,644,377	\$ 231,558,524	\$ 188,912,582
Special Education				
Pass-Through Fund	12,823,690	43,985,779	45,585,740	11,223,729
Child Development Fund	-	24,832,012	24,832,012	-
Deferred Maintenance Fund	25,146,402	1,326,145	280,880	26,191,667
County School Facilities Fund	4,151,733	(2,790,935)	8,472	1,352,326
Special Reserve Fund for				
Capital Outlay Projects	2,966,065	2,368,028	1,412,102	3,921,991
Debt Service Fund	1,503,842	813,785	902,900	1,414,727
Total	\$ 232,418,461	\$ 305,179,191	\$ 304,580,630	\$ 233,017,022

The County School Service Fund is our principal operating fund. The fund balance in the County School Service Fund increased to \$188.9 million, a \$3 million increase, due to further implementation of the Local Control Funding Formula LCFF and staff reductions.

County School Service Fund Budgetary Highlights

Over the course of the year, the County revises its budget as it attempts to deal with unexpected changes in revenues and expenditures. The final amendment to the budget was adopted in March 14, 2018. (Schedules showing the County's original and final budget amounts compared with amounts actually paid and received are provided in our annual report beginning on page 78).

ORANGE COUNTY DEPARTMENT OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2018, the County had \$88,713,027 in a broad range of capital assets, including land, buildings, and furniture and equipment, net of depreciation. This amount represents a net decrease (including additions, deductions, and depreciation) of \$1,976,682, or 2.2 percent, from last year (Table 5).

Table 5

	Governmental Activities	
	2018	2017
Land and construction in process	\$ 29,876,451	\$ 30,506,226
Buildings and improvements	55,009,674	56,540,459
Furniture and equipment	3,826,902	3,643,024
Total	\$ 88,713,027	\$ 90,689,709

The \$1.9 million decrease in capital assets was the result of a decrease of \$1.5 million in capital purchases and \$629 thousand of capital asset dispositions including \$183 thousand in equipment and related accumulated depreciation.

Long-Term Obligations

At the year-end, the County had \$25,653,921 in long-term obligations versus \$18,953,158 last year, an increase of \$6,700,763, or 35.4 percent. Those obligations consisted of:

	Governmental Activities	
	2018	(as restated) 2017
Certificates of participation (net of discount)	\$ 12,406,000	\$ 12,850,000
Compensated absences	1,785,228	1,879,280
Supplemental early retirement plan	7,332,855	-
Net other postemployment benefits (OPEB) liability	4,129,838	4,223,878
Total	\$ 25,653,921	\$ 18,953,158

Net Pension Liability (NPL)

At the year-end, the County had \$189,129,604 in net pension liability versus \$168,578,827 last year, an increase of \$20,550,777, or 12.2 percent.

JUNE 30, 2018

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

As a COE, we have reached our funding target and because the increase in property taxes above the statewide averages and the declining enrollment changes, we maintain the status of minimum state aid guarantee. Under the minimum state aid guarantee, we will not receive any new LCFF funding from either growth in attendance or cost of living increases. Future growth in funding will be limited until the Average Daily Attendance significantly increases, or changes occur in targeted sub-group populations, and/or property taxes decline. As a COE, our declining ADA has a negative impact on current year funding for various programs.

Operational costs continue to increase and we continue to be concerned about unfunded and mandated activities. The CalSTRS rate is scheduled to increase every year until it nets to a total of 19.1 percent by 2020-2021. Although, the rate for the CalPERS has a different rate increase structure than CalSTRS, it is also increasing annually. Every year we are faced with the increase in cost for medical benefits and trying to maintain an affordable medical benefit plan packages for all parties involved. We have negotiated a cap on medical benefits, and we have a Health Benefits Review Committee to collaborate with our broker for any necessary changes to have a program that is sustainable. We are also budgeting for one-time expenditures in this current year from funding received in prior years. We will continue to adjust our budget revenue and expenditure projections as we receive more clarity on attendance, legislative changes, the State budget, and the current economy.

Items specifically addressed in the budget are as follows:

2018-2019 is the fifth year of our Local Control Accountability Plan (LCAP) and the need to address increased and improved services to our students. We have seen great progress and look forward to continue successfully providing: (1) Counselors, Teachers on Special Assignments, and Academic Support Assistants that are providing a greater level of support to students and staff through individualized interactions, direct services, and the sharing of best practices, (2) continue providing more opportunities for parents and guardians to increase family engagement in their students educational experience, (3) to fully complete the upgrade of the bandwidth and site connectivity that has increased the number of devices for student usage and provided offsite internet connection to students, and greater collaboration between the Special Education and Alternative Education divisions. Our greatest needs are in the area of student attendance. Attendance has decreased by two percent from the prior year. We continue to receive students in our program with more significant attendance, academic, behavioral, and emotional needs that impact attendance rates negatively. Our plan is to address these needs by conducting student intervention meetings, utilizing the support of the District Attorney, and the Student Attendance Board. In addition, we will continue to expand opportunities for career technical activities to better engage students in their learning. As we prepare and revise our Budget Reports, our ADA continues to project a decline. Due to declining enrollment, an early retirement incentive was offered to certificated and classified non-management groups. We had 63 teachers participate and we will not replace the majority of positions not related to Special Education. We continue to monitor ADA and to establish better control over staffing ratios at each site.

The LCFF changed how students are recorded and COEs will only be funded directly from the state for students that reside in Juvenile Hall, are probation referred, or expelled. Probation and the County of Orange continue to implement alternatives to incarceration programs which have a significant impact on our Juvenile Court population. Because of the changes in the LCFF funding model, we are now required to bill school districts for students in community schools and special schools. We continue to bill school districts over \$30 million which does create cash flow consequences for our office. We will continue to monitor our expenditures and will concentrate on evaluating our multi-year projections to ensure that we have fiscal stability for future years.

ORANGE COUNTY DEPARTMENT OF EDUCATION

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2018

Legislation passed by the State of California in recent years has increased the oversight responsibilities for COEs. COEs are required to review and give technical assistance for school districts with their LCAPs. In addition to approving the LCAP, the County is required to ensure that the district's budget is aligned with the services required in their plan. Financial oversight continues to be a significant issue, as every school district will have different funding under LCFF and they have to address the needs in their LCAPs. 2017-2018 received the first Dashboard from California Department of Education that highlight districts that are in need of intervention and continuous improvement. We are now required to provide technical assistance for instructional programs and we will be looking at staffing expertise to assist the districts as needed. We have successfully completed the ninth round of school inspections for the Williams Settlement. The Williams Settlement required visits to over 86 schools within Orange County that were in deciles one through three in Academic Performance Index (API) scores. With the new legislative requirements and the continued focus on the Every Student Succeeds (formerly No Child Left Behind) Act, all facets of our office will be focused on aiding our school districts to meet all State and Federal requirements.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and teachers with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact Renee Hendrick, Associate Superintendent of Administrative Services, at the Orange County Department of Education, 200 Kalmus Drive, Costa Mesa, California, 92626, or e-mail at rhendrick@ocde.us.

ORANGE COUNTY DEPARTMENT OF EDUCATION

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2018**

Total Fund Balance - Governmental Funds **\$ 233,017,022**

**Amounts Reported for Governmental Activities in the
Statement of Net Position are Different Because:**

Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds.

The cost of capital assets is	\$ 130,837,533	
Accumulated depreciation is	<u>(42,124,506)</u>	
Net Capital Assets		88,713,027

In governmental funds, unmatured interest on long-term obligations is recognized in the period when it is due. On the government-wide financial statements, unmatured interest on long-term obligations is recognized when it is incurred. (36,429)

An internal service fund is used by the County's management to charge the costs of the dental care program to the individual funds. The assets and liabilities of the internal service fund are included with governmental activities. 4,674,252

Deferred outflows of resources related to pensions represent a consumption of net position in a future period and is not reported in the County's funds. Deferred outflows of resources related to pensions at year-end consist of:

Pension contributions subsequent to measurement date	15,589,185	
Difference between projected and actual earnings on pension plan investments	3,544,249	
Differences between expected and actual experience in the measurement of the total pension liability.	4,354,712	
Changes of assumptions	<u>30,849,786</u>	
Total Deferred Outflows of Resources Related to Pensions		54,337,932

The accompanying notes are an integral part of these financial statements.

ORANGE COUNTY DEPARTMENT OF EDUCATION

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION, (Continued)
JUNE 30, 2018**

Deferred inflows of resources related to pensions represent an acquisition of net position that applies to a future period and is not reported in the County's funds. Deferred inflows of resources related to pensions at year-end consist of:

Net change in proportionate share of net pension liability	\$ (13,809,640)	
Difference between projected and actual earnings on pension plan investments	(2,621,905)	
Differences between expected and actual experience in the measurement of the total pension liability	(2,669,249)	
Changes of assumptions	<u>(1,328,436)</u>	
Total Deferred Inflows of Resources Related to Pensions		\$ (20,429,230)

Net pension liability is not due and payable in the current period, and is not reported as a liability in the funds. (189,129,604)

Long-term obligations are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Long-term obligations at year-end consist of:

Certificates of participation	(12,490,000)	
Discount on certificates of participation	84,000	
Compensated absences	(1,785,228)	
Supplemental early retirement plan	(7,332,855)	
Net other postemployment benefits (OPEB) liability	<u>(4,129,838)</u>	
Total Long-Term Obligations		<u>(25,653,921)</u>
Total Net Position - Governmental Activities		<u>\$ 145,493,049</u>

The accompanying notes are an integral part of these financial statements.

ORANGE COUNTY DEPARTMENT OF EDUCATION

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2018

Total Net Change in Fund Balances - Governmental Funds	\$ 598,561
Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:	
<p>Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures; however, for governmental activities, those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities.</p>	
<p>This is the amount by which depreciation exceeds capital outlay in the period.</p>	
Depreciation expense	\$(3,592,937)
Capital outlay	<u>1,651,689</u>
Net Expense Adjustment	(1,941,248)
<p>Loss on disposal of capital assets is reported in the government-wide Statement of Net Position, but is not recorded in the governmental funds.</p>	
	(35,434)
<p>In the Statement of Activities, certain operating expenses - compensated absences (vacations) and special termination benefits (supplemental early retirement plan) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). Vacation used was more than the amounts earned by \$94,052. Special termination benefits added was more than the amount paid by \$7,332,855.</p>	
	(7,238,803)
<p>In the governmental funds, pension costs are based on employer contributions made to pension plans during the year. However, in the Statement of Activities, pension expense is the net effect of all changes in the deferred outflows, deferred inflows and net pension liability during the year.</p>	
	(5,771,704)
<p>In the governmental funds, OPEB costs are based on employer contributions made to OPEB plans during the year. However, in the Statement of Activities, OPEB expense is the net effect of the changes in the net OPEB liability during the year.</p>	
	94,040

The accompanying notes are an integral part of these financial statements.

ORANGE COUNTY DEPARTMENT OF EDUCATION

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES, (Continued) FOR THE YEAR ENDED JUNE 30, 2018

Repayment of debt principal is an expenditure in the governmental funds, but it reduces long-term obligations in the Statement of Net Position and does not affect the Statement of Activities:

Certificates of participation \$ 450,000

Under the modified basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Statement of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. This adjustment combines the net changes of the following balances:

Amortization of debt discount (6,000)

Interest on long-term obligations in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The additional interest reported in the Statement of Activities is the result of the increase in accrued interest on the certificates of participation by \$3,904.

(3,904)

An internal service fund is used by the County's management to charge the costs of the dental care program to the individual funds. The net revenue of the Internal Service Fund is reported with governmental activities.

492,204

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Orange County Department of Education (the "County") operates under the laws of the State of California. The County operates under a locally elected five-member board form of government and provides coordination of educational services to grades K-12 as mandated by the State and/or Federal agencies. The County provides professional and administrative assistance to 12 elementary school districts, three high school districts, 12 unified school districts, four community college districts, three regional occupational programs, and 28 charter schools, within Orange County.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Orange County Department of Education, this includes general operations of the County.

Component Units

Component units are legally separate organizations for which the County is financially accountable. Component units may also include organizations that are fiscally dependent on the County, in that the County approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the County is not financially accountable but the nature and significance of the organization's relationship with the County is such that exclusion would cause the County's financial statements to be misleading or incomplete. For financial reporting purposes, the component unit discussed below has a financial and operational relationship which meets the reporting entity definition criteria of the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and thus is included in the financial statements of the County. The component unit, although a legally separate entity, is reported in the financial statements using the blended presentation method as if it were part of the County's operations because the governing board of the component unit is essentially the same as the governing board of the County and because its purpose is to finance the construction of facilities to be used for the direct benefit of the County.

The Orange County Department of Education Facilities Corporation (the Corporation) is a nonprofit, public benefit corporation incorporated under the laws of the State of California and recorded by the Secretary of State. The Corporation was formed for the sole purpose of providing financial assistance to the County by acquiring, constructing, financing, selling, and leasing public facilities, land, personal property, and equipment for the use and benefit of the County. The County leases certain facilities from the corporation under various lease-purchase agreements recorded in long-term obligations.

The Corporation's financial activity is presented in the financial statements as the Special Reserve Fund for Capital Outlay Projects. Certificates of participation bonds issued by the Corporation are included as long-term obligations in the government-wide financial statements. Individually-prepared financial statements are not prepared for the Corporation.

Other Related Entities

Charter School The County has approved Samueli Academy, Vista Heritage Global Academy, Citrus Springs Charter, Ednovate – Legacy College Prep., Orange County Academy of Sciences and Arts, Scholarship Prep Charter, Orange County Workforce Innovation High, EPIC Charter, Oxford Preparatory Academy, Unity Middle College High, and College and Career Preparatory Academy pursuant to *Education Code* Section 47605. The Samueli Academy, Vista Heritage Global Academy, Citrus Springs Charter, Ednovate – Legacy College Prep., Orange County Academy of Sciences and Arts, Scholarship Prep Charter, Orange County Workforce Innovation High, EPIC Charter, Oxford Preparatory Academy, and Unity Middle College High are direct-funded and are not considered component units of the County. The Charter Schools are independent of the County, but subject to periodic charter renewal by the County. The College and Career Preparatory Academy is operated by the County, and its financial activity is presented in the County School Service Fund.

Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The County's funds are grouped into three broad fund categories: governmental, proprietary, and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the County's major and non-major governmental funds:

Major Governmental Funds

County School Service Fund The County School Service Fund accounts for all financial resources except those required to be accounted for in another fund. The County School Service Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of California.

One fund currently defined as a special revenue fund in the California State Accounting Manual (CSAM) does not meet the GASB Statement No. 54 special revenue fund definition. Specifically, Fund 17, Special Reserve Fund for Other Than Capital Outlay Projects, is not substantially composed of restricted or committed revenue sources. While this fund is authorized by statute and will remain open for internal reporting purposes, this fund functions effectively as an extension of the County School Service Fund, and accordingly has been combined with the County School Service Fund for presentation in these audited financial statements.

As a result, the County School Service Fund reflects an increase of \$24,893,032 in fund balance, and an increase in revenue of \$304,414.

Special Education Pass-Through Fund The Special Education Pass-Through Fund is used by the Administrative Unit of a multi-district Special Education Local Plan Area (SELPA) to account for Special Education revenue passed through to other member districts.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Non-Major Governmental Fund

Special Revenue Funds The Special Revenue funds are used to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities, that compose a substantial portion of the inflows of the fund, and that are reasonably expected to continue. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund.

Child Development Fund The Child Development Fund is used to account separately for Federal, State, and local revenues to operate child development programs and is to be used only for expenditures for the operation of child development programs.

Deferred Maintenance Fund The Deferred Maintenance Fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (*Education Code* Section 17582).

Capital Project Funds The Capital Project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds and trust funds).

County School Facilities Fund The County School Facilities Fund is established pursuant to *Education Code* Section 17070.43 to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), the 2004 State School Facilities Fund (Proposition 55), the 2006 State School Facilities Fund (Proposition 1D), or the 2016 State School Facilities Fund (Proposition 51) authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (*Education Code* Section 17070 et seq.).

Special Reserve Fund for Capital Outlay Projects The Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund monies for capital outlay purposes (*Education Code* Section 42840).

Debt Service Funds The Debt Service funds are used to account for the accumulation of resources for, and the payment of, principal and interest on general long-term obligations.

Debt Service Fund The Debt Service Fund is used for the accumulation of resources for and the retirement of principal and interest on general long-term obligations.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Proprietary Funds Proprietary funds are used to account for activities that are more business-like than government-like in nature. Business-type activities include those for which a fee is charged to external users or to other organizational units of the local education agency, normally on a full cost-recovery basis. Proprietary funds are generally intended to be self-supporting and are classified as enterprise or internal service. The County has the following proprietary funds:

Internal Service Fund Internal Service funds may be used to account for goods or services provided to other funds of the County on a cost-reimbursement basis. The County operates a dental self-insurance fund that is accounted for in an internal service fund.

Fiduciary Funds Fiduciary funds are used to account for assets held in trustee or agent capacity for others that cannot be used to support the County's own programs. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. The key distinction between trust and agency funds is that trust funds are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Such funds have no equity accounts since all assets are due to individuals or entities at some future time. The County's agency fund accounts for payroll activity for districts within Orange County.

Basis of Accounting - Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements, but differs from the manner in which governmental fund financial statements are prepared.

The government-wide financial statement of activities presents a comparison between direct expenses and program revenues for each governmental program, and excludes fiduciary activity. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. The County does not allocate indirect expenses to functions in the Statement of Activities. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the County. Eliminations have been made to minimize the double counting of internal activities.

Net position should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities result from special revenue funds and the internal service fund, and the restrictions on their net asset use.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Fund Financial Statements Fund financial statements report detailed information about the County. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

Governmental Funds All governmental funds are accounted for using the flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements, prepared using the economic resources measurement focus and the accrual basis of accounting, and the governmental fund financial statements, prepared using the flow of current financial resources measurement focus and the modified accrual basis of accounting.

Proprietary Funds Proprietary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. All assets and all liabilities associated with the operation of this fund are included in the statement of net position. The statement of changes in fund net position presents increases (revenues) and decreases (expenses) in net total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary fund.

Fiduciary Funds Fiduciary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are excluded from the government-wide financial statements because they do not represent resources of the County.

Revenues – Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 45 days. However, to achieve comparability of reporting among California county offices of education and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to State-aid apportionments, the California Department of Education has defined available for county offices of education as collectible within one year.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose requirements. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Unearned Revenue Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the County prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized.

Certain grants received before the eligibility requirements are met are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, and typically paid within 90 days. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds but are recognized in the entity-wide statements.

Cash and Cash Equivalents

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include cash with county treasury balances for purposes of the statement of cash flows.

Investments

Investments held at June 30, 2018, with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in the county investment pool are determined by the program sponsor.

Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the County. The County maintains a capitalization threshold of \$5,000. The County does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized, but are expensed as incurred.

When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide financial statement of net position. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 20 to 50 years; improvements, 5 to 50 years; equipment, 2 to 15 years.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental activities column of the Statement of Net Position.

Compensated Absences

Compensated absences are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide statement of net position. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the County's financial statements. However, credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Credit for unused sick leave is applicable to all certificated employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full-time.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and long-term loans are recognized as liabilities in the governmental fund financial statements when due.

Debt Issuance Costs, Premiums, and Discounts

In the government-wide financial statements and in the proprietary fund type financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Debt premiums and discounts, as well as issuance costs related to prepaid insurance costs are amortized over the life of the bonds using the straight-line method.

In governmental fund financial statements, bond premiums and discounts, as well as debt issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position also reports deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County reports deferred outflows of resources for pension related items.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County reports deferred inflows of resources for pension related items.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the California State Teachers Retirement System (CalSTRS), the California Public Employees' Retirement System (CalPERS), Orange County Employees Retirement System (OCERS) plan for schools (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS, CalPERS, and OCERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the CalSTRS Medicare Premium Payment (MPP) Program and additions to/deductions from the MPP's fiduciary net position have been determined on the same basis as they are reported by the MPP. For this purpose, the MPP recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Fund Balances - Governmental Funds

As of June 30, 2018, fund balances of the governmental funds are classified as follows:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the County Superintendent of Schools. Commitments may be established, modified, or rescinded only through resolutions or other action as approved by the County Superintendent of Schools.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the County's adopted policy, only the governing board or chief business officer/assistant superintendent of business services may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Minimum Fund Balance Policy

It has been the practice of the governing board to adopt a budget and also to ensure throughout the year that interim budget reports are built reflecting a minimum fund balance for the County School Service Fund which is sufficient to protect the County against revenue shortfalls, unexpected expenditures, and to meet the cash-flow needs of the office, recognizing the impact of state deferrals and the practice of advancing cash to programs that begin before funding is received. This practice of reserving for economic uncertainties necessitates starting with the State's recommended minimum reserve of three percent, and adding to its sufficient unassigned reserves to meet the unique cash needs of the County.

Net Position

Net position represents the difference between assets and liabilities. Net position investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. The County has no related debt outstanding as of June 30, 2018. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The County first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. The government-wide financial statements report \$55,414,776 of restricted net position.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges to other funds for self-insurance. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements. Interfund transfers are eliminated in the governmental activities column of the statement of activities.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 11 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Orange bills and collects the taxes on behalf of the County. Local property tax revenues are recorded when received.

Change in Accounting Principles

In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by State and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by State and local governmental employers about financial support for OPEB that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

This Statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, for OPEB. Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes new accounting and financial reporting requirements for OPEB plans.

The County has implemented the provisions of this Statement as of June 30, 2018.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). Specifically, this Statement addresses the following topics:

- Blending a component unit in circumstances in which the primary government is a business-type activity that reports in a single column for financial statement presentation;
- Reporting amounts previously reported as goodwill and "negative" goodwill;
- Classifying real estate held by insurance entities;
- Measuring certain money market investments and participating interest-earning investment contracts at amortized cost;
- Timing of the measurement of pension or OPEB liabilities and expenditures recognized in financial statements prepared using the current financial resources measurement focus;
- Recognizing on behalf payments for pensions or OPEB in employer financial statements;
- Presenting payroll-related measures in required supplementary information for purposes of reporting by OPEB plans and employers that provide OPEB;
- Classifying employer-paid member contributions for OPEB;
- Simplifying certain aspects of the alternative measurement method for OPEB; and
- Accounting and financial reporting for OPEB provided through certain multiple-employer defined benefit OPEB plans.

The County has implemented the provisions of this Statement as of June 30, 2018.

In May 2017, the GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*. The primary objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance.

The County has implemented the provisions of this Statement as of June 30, 2018.

New Accounting Pronouncements

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. This Statement requires that recognition occur when the liability is both incurred and reasonably estimable. The determination of when the liability is incurred should be based on the occurrence of external laws, regulations, contracts, or court judgments, together with the occurrence of an internal event that obligates a government to perform asset retirement activities. Laws and regulations may require governments to take specific actions to retire certain tangible capital assets at the end of the useful lives of those capital assets, such as decommissioning nuclear reactors and dismantling and removing sewage treatment plants. Other obligations to retire tangible capital assets may arise from contracts or court judgments. Internal obligating events include the occurrence of contamination, placing into operation a tangible capital asset that is required to be retired, abandoning a tangible capital asset before it is placed into operation, or acquiring a tangible capital asset that has an existing ARO.

The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Early implementation is encouraged.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

This Statement establishes criteria for identifying fiduciary activities of all State and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Early implementation is encouraged.

In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

The requirements of this Statement are effective for the reporting periods beginning after December 15, 2019. Early implementation is encouraged.

In April 2018, the GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established.

This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses.

For notes to financial statements related to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Early implementation is encouraged.

In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The requirements of this Statement should be applied prospectively.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

NOTE 2 - DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

Deposits and investments as of June 30, 2018, are classified in the accompanying financial statements as follows:

Governmental activities	\$ 257,154,185
Fiduciary funds	<u>33,251,696</u>
Total Deposits and Investments	<u>\$ 290,405,881</u>

Deposits and investments as of June 30, 2018, consist of the following:

Cash on hand and in banks	\$ 2,167,588
Cash in revolving	70,000
Investments	<u>288,168,293</u>
Total Deposits and Investments	<u>\$ 290,405,881</u>

Policies and Practices

The County is authorized under California *Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The County is considered to be an involuntary participant in an external investment pool as the County is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the County's investment in the pool is reported in the accounting financial statements at amounts based upon the County's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The County manages its exposure to interest rate risk by investing in the Orange County Treasury Investment Pool. The County maintains an investment of \$288,168,293 with the Orange County Treasury Investment Pool. This investment has an average weighted maturity of 302 days.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investment with the Orange County Treasury Investment Pool has been rated Aaa by Moody's Investor Service.

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a policy for custodial credit risk for deposits. However, the California *Government Code* requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2018, the County's bank balance \$1,856,162 was exposed to custodial credit risk because it was uninsured.

NOTE 3 - FAIR VALUE MEASUREMENTS

The County categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the County has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the County's own data. The County should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the County are not available to other market participants.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Uncategorized - Investments in the Orange County Treasury Investment Pool are not measured using the input levels above because the County's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The County's fair value measurements are as follows at June 30, 2018:

<u>Investment Type</u>	<u>Reported Amount</u>	<u>Uncategorized</u>
Orange County Treasury Investment Pool	<u>\$288,168,293</u>	<u>\$288,168,293</u>

NOTE 4 - RECEIVABLES

Receivables at June 30, 2018, consisted of intergovernmental grants, entitlements, interest, and other local sources. All receivables are considered collectible in full.

NOTE 6 - INTERFUND TRANSACTIONS

Interfund Receivables/Payables (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund receivable and payable balances at June 30, 2018, between major and non-major governmental funds and internal service funds are as follows:

Due To	Due From			Total
	County School Service Fund	Special Education Pass-Through Fund	Non-Major Governmental Fund	
County School Service Fund	\$ -	\$ 1,142,400	\$ 2,206,358	\$ 3,348,758
Special Education Pass-Through Fund	12,497,192	-	-	12,497,192
Non-Major Governmental Funds	1,345,268	-	-	1,345,268
Self-Insurance Fund	314,190	-	7,788	321,978
Total	<u>\$ 14,156,650</u>	<u>\$ 1,142,400</u>	<u>\$ 2,214,146</u>	<u>\$ 17,513,196</u>

The balance of \$1,142,400 is due to the County School Service Fund from the Special Education Pass-Through Fund for the special education allocation.

The balance of \$2,206,358 is due to the County School Service Fund from the Child Development Non-Major Governmental Fund for indirect costs and reimbursement of operating costs.

The balance of \$12,497,192 is due to the Special Education Pass-Through Fund from the County School Service Fund for SELPA funding.

A balance of \$322,748 is due to the Child Development Non-Major Governmental Fund from the County School Service Fund for operating costs.

A balance of \$1,022,520 is due the Deferred Maintenance Non-Major Governmental Fund from the County School Service Fund for future deferred maintenance projects.

The balance of \$314,190 due to the Internal Service Fund from the County School Service Fund for insurance premiums.

The balance of \$7,788 due to the Internal Service Fund from the Child Development Non-Major Governmental Fund for insurance premiums.

ORANGE COUNTY DEPARTMENT OF EDUCATION

**NOTES TO FINANCIAL STATEMENTS

Operating Transfers

Interfund transfers for the year ended June 30, 2018, consisted of the following:

Transfer To	Transfer From		Total
	County School Service Fund	Non-Major Governmental Fund	
Non-Major Governmental Funds	\$ 298,295	\$ 800,000	\$ 1,098,295

The County School Service Fund transferred to the Child Development Non-Major Governmental Fund to cover excess costs of programs.	\$	275,865
The County School Service Fund transferred to the County School Facilities Non-Major Governmental Fund for project costs.		22,430
The Special Reserve Non-Major Governmental Fund for Capital Outlay Projects transferred to the Debt Service Non-Major Governmental Fund for debt service payments for the certificates of participation.		800,000
Total	\$	1,098,295

Inter-fund transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the County School Service Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 7 - ACCOUNTS PAYABLE

Accounts payable at June 30, 2018, consisted of the following:

	County School Service Fund	Special Education Pass-Through Fund	Non-Major Governmental Fund	Internal Service Fund	Total Governmental Activities
Salaries and benefits	\$ 6,025,138	\$ -	\$ 199,284	\$ -	\$ 6,224,422

ORANGE COUNTY DEPARTMENT OF EDUCATION

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 8 - UNEARNED REVENUE

Unearned revenue at June 30, 2018, consists of the following:

	County School Service Fund	Non-Major Governmental Funds	Total Governmental Activities
Federal financial assistance	\$ 494,589	\$ 120,414	\$ 615,003
State categorical aid	4,387,555	264,012	4,651,567
Other local	180,198	-	180,198
Total	<u>\$ 5,062,342</u>	<u>\$ 384,426</u>	<u>\$ 5,446,768</u>

NOTE 9 - LONG-TERM OBLIGATIONS

Summary

The changes in the County's long-term obligations during the year consisted of the following:

	(as restated)				
	Balance			Balance	Due in
	July 1, 2017,	Additions	Deductions	June 30, 2018	One Year
Certificates of participation	\$ 12,940,000	\$ -	\$ 450,000	\$ 12,490,000	\$ 500,000
Unamortized discount	(90,000)	-	(6,000)	(84,000)	-
Compensated absences	1,879,280	-	94,052	1,785,228	-
Supplemental early retirement plan	-	7,332,855	-	7,332,855	2,933,142
Net other postemployment benefits (OPEB) liability	4,223,878	329,648	423,688	4,129,838	-
	<u>\$ 18,953,158</u>	<u>\$ 7,662,503</u>	<u>\$ 961,740</u>	<u>\$ 25,653,921</u>	<u>\$ 3,433,142</u>

The certificates of participation are liquidated by the Debt Service Fund. The compensated absences are paid by the fund for which the employee worked. Payments for supplemental early retirement plan and net OPEB liability are made by the County School Service Fund.

ORANGE COUNTY DEPARTMENT OF EDUCATION

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

Certificates of Participation

In June 2002, the Orange County Department of Education Facilities Corporation issued Certificates of Participation in the amount of \$20,000,000 with weekly variable interest rates. In February 2012, the Certificates of Participation were restricted. As of June 30, 2018, the principal balance outstanding was \$12,490,000 and unamortized discount on issuance was \$84,000.

The certificates mature through 2032 as follows:

Year Ending June 30,	Principal	Interest	Total
2019	\$ 500,000	\$ 437,150	\$ 937,150
2020	560,000	419,650	979,650
2021	620,000	400,050	1,020,050
2022	690,000	378,350	1,068,350
2023	760,000	354,200	1,114,200
2024-2028	4,780,000	1,322,300	6,102,300
2029-2032	4,580,000	407,050	4,987,050
Total	<u>\$ 12,490,000</u>	<u>\$ 3,718,750</u>	<u>\$ 16,208,750</u>

Compensated Absences

The long-term portion of compensated absences (accumulated unpaid employee vacation) for the County at June 30, 2018 amounted to \$1,785,228.

Supplemental Early Retirement Plan (SERP)

During the 2017-2018 fiscal year, the County adopted the supplemental early retirement plan whereby certain eligible certificated employees are provided an annuity to supplement the retirement benefits they are entitled to through the California State Teachers' Retirement System. The annuities offered to the employees are to be paid over a five-year period.

Future annuity payments are as follows:

Year Ending June 30,	Amount
2019	\$ 2,933,142
2020	1,466,571
2021	1,466,571
2022	1,466,571
Total	<u>\$ 7,332,855</u>

ORANGE COUNTY DEPARTMENT OF EDUCATION

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

Net Other Postemployment Benefit (OPEB) Liability

For the fiscal year ended June 30, 2018, the County reported net OPEB liability and OPEB expense for the following plans:

OPEB Plan	Net OPEB Liability	OPEB Expense
County Plan	\$ 3,436,831	\$ 2,043
Medicare Premium Payment (MPP) Program	693,007	(96,083)
Total	<u>\$ 4,129,838</u>	<u>\$ (94,040)</u>

The details of each plan are as follows:

County Plan

Plan Administration

The County's governing board administers the Postemployment Benefits Plan (the Plan). The Plan is a single-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for eligible retirees and their spouses. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Plan Membership

At June 30, 2018, the Plan membership consisted of the following:

Inactive employees or beneficiaries currently receiving benefits payments	64
Active employees	<u>1,032</u>
	<u>1,096</u>

Benefits Provided

The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the Plan. The County's governing board has the authority to establish and amend the benefit terms as contained within the negotiated labor agreements.

The benefit payment requirements of the Plan members and the County are established and may be amended by the County, the Orange County Schools Educators Association (OCSEA), the local California Service Employees Association (CSEA), and unrepresented groups. The benefits payment is based on projected pay-as-you-go financing requirements as determined annually through the agreements with the County, OCSEA, CSEA, and the unrepresented groups. For fiscal year 2017-2018, the County paid \$327,605 in benefits.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

Total OPEB Liability of the County

The County's total OPEB liability of \$3,436,831 was measured as of June 30, 2018. The total OPEB liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75 percent
Salary increases	2.75 percent
Discount rate	3.80 percent
Healthcare cost trend rates	4.00 percent

The discount rate was based on the Bond Buyer 20-bond General Obligation Index.

Mortality rates were based on the 2009 CalSTRS Mortality Table for certificated employees and the 2014 CalPERS Active Mortality for Miscellaneous Employees Table for classified employees. Mortality rates vary by age and sex. (Unisex mortality rates are not often used as individual OPEB benefits do not depend on the mortality table used.) If employees die prior to retirement, past contributions are available to fund benefits for employees who live to retirement. After retirement, death results in benefit termination or reduction. Although higher mortality rates reduce service costs, the mortality assumption is not likely to vary from employer to employer.

The actual assumptions used in the June 30, 2018 valuation were based on the results of an actual experience study for the period July 1, 2017 to June 30, 2018.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at June 30, 2017	\$ 3,434,788
Service cost	201,625
Interest	128,023
Benefit payments	(327,605)
Net change in total OPEB liability	2,043
Balance at June 30, 2018	\$ 3,436,831

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount Rate</u>	<u>Total OPEB Liability</u>
1% decrease (2.8%)	\$ 3,622,069
Current discount rate (3.8%)	3,436,831
1% increase (4.8%)	3,261,760

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percent lower or higher than the current healthcare costs trend rates:

<u>Healthcare Cost Trend Rates</u>	<u>Total OPEB Liability</u>
1% decrease (3.0%)	\$ 3,300,057
Current healthcare cost trend rate (4.0%)	3,436,831
1% increase (5.0%)	3,552,820

OPEB Expense

For the year ended June 30, 2018, the County recognized OPEB expense of \$2,043.

Medicare Premium Payment (MPP) Program

Plan Description

The Medicare Premium Payment (MPP) Program is administered by the California State Teachers' Retirement System (CalSTRS). The MPP Program is a cost-sharing multiple-employer other postemployment benefit plan (OPEB) established pursuant to Chapter 1032, Statutes 2000 (SB 1435). CalSTRS administers the MPP Program through the Teachers' Health Benefits Fund (THBF).

A full description of the MPP Program regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2016 annual actuarial valuation report, Medicare Premium Payment Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/member-publications>.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Benefits Provided

The MPP Program pays Medicare Part A premiums and Medicare Parts A and B late enrollment surcharges for eligible members of the State Teachers Retirement Plan (STRP) Defined Benefit (DB) Program who were retired or began receiving a disability allowance prior to July 1, 2012 and were not eligible for premium free Medicare Part A. The payments are made directly to the Centers for Medicare and Medicaid Services (CMS) on a monthly basis.

The MPP Program is closed to new entrants as members who retire after July 1, 2012, are not eligible for coverage under the MPP Program.

The MPP Program is funded on a pay-as-you go basis from a portion of monthly County benefit payments. In accordance with California *Education Code* Section 25930, benefit payments that would otherwise be credited to the DB Program each month are instead credited to the MPP Program to fund monthly program and administrative costs. Total redirections to the MPP Program are monitored to ensure that total incurred costs do not exceed the amount initially identified as the cost of the program.

Net OPEB Liability and OPEB Expense

At June 30, 2018, the County reported a liability of \$693,007 for its proportionate share of the net OPEB liability for the MPP Program. The net OPEB liability was measured as of June 30, 2016, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The County's proportion of the net OPEB liability was based on a projection of the County's long-term share of contributions to the OPEB Plan relative to the projected contributions of all participating local educational agencies, actuarially determined. The County's proportionate share for the measurement period June 30, 2017 and June 30, 2016, respectively, was 0.1647 percent, and 0.1686 percent, resulting in a net decrease in the proportionate share of 0.0039 percent.

For the year ended June 30, 2018, the County recognized OPEB expense of \$(96,083).

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Actuarial Methods and Assumptions

The total OPEB liability for the MPP Program as of June 30, 2016, was determined based on a financial reporting actuarial valuation that used the June 30, 2016 assumptions presented in the table below. The June 30, 2017 total OPEB liability was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2016, and rolling forward the total OPEB liability to June 30, 2017, using the assumptions listed in the following table:

Measurement Date	June 30, 2017	June 30, 2016
Valuation Date	June 30, 2016	June 30, 2016
Experience Study	July 1, 2010 through June 30, 2016	July 1, 2010 through June 30, 2015
Actuarial Cost Method	Entry age normal	Entry age normal
Investment Rate of Return	3.58%	2.85%
Medicare Part A Premium Cost Trend Rate	3.70%	3.70%
Medicare Part B Premium Cost Trend Rate	4.10%	4.10%

For the valuation as of June 30, 2016, CalSTRS used custom mortality tables based on RP2000 Series tables issued by the Society of Actuaries, adjusted to fit CalSTRS specific experience through June 30, 2015. For the valuation as of June 30, 2017, CalSTRS changed the mortality assumptions based on the July 1, 2010 through June 30, 2015, experience study adopted by the board in February 2017. CalSTRS now uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among the members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

Assumptions were made about future participation (enrollment) into the MPP Program because CalSTRS is unable to determine which members not currently participating meet all eligibility criteria for enrollment in the future. Assumed enrollment rates were derived based on past experience and are stratified by age with the probability of enrollment diminishing as the members' age increases. This estimated enrollment rate was then applied to the population of members who may meet criteria necessary for eligibility and are not currently enrolled in the MPP Program. Based on this, the estimated number of future enrollments used in the financial reporting valuation was 571 or an average of 0.32 percent of the potentially eligible population (177,763).

The MPP Program is funded on a pay-as-you-go basis with contributions generally being made at the same time and in the same amount as benefit payments and expenses coming due. Any funds within the MPP Program as of June 30, 2017 and 2016, were to manage differences between estimated and actual amounts to be paid and were invested in the Surplus Money Investment Fund, which is a pooled investment program administered by the State Treasurer.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Discount Rate

The discount rate used to measure the total OPEB liability as of June 30, 2017 and 2016 was 3.58 percent and 2.85 percent, respectively. The MPP Program is funded on a pay-as-you-go basis as described in Note 1, and under the pay-as-you-go method, the OPEB Plan's fiduciary net position was not projected to be sufficient to make projected future benefit payments. Therefore, a discount rate of 3.58 percent and 2.85 percent, which is the Bond Buyer 20-Bond GO Index from Bondbuyer.com as of June 30, 2017 and 2016, respectively, was applied to all periods of projected benefit payments to measure the total OPEB liability.

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the County's proportionate share of the net OPEB liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net OPEB Liability
1% decrease (2.58%)	\$ 767,207
Current discount rate (3.58%)	693,007
1% increase (4.58%)	620,831

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Medicare Costs Trend Rates

The following presents the County's proportionate share of the net OPEB liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using Medicare costs trend rates that are one percent lower or higher than the current rates:

Medicare Costs Trend Rate	Net OPEB Liability
1% decrease (2.7% Part A and 3.1% Part B)	\$ 626,238
Current Medicare costs trend rate (3.7% Part A and 4.1% Part B)	693,007
1% increase (4.7% Part A and 5.1% Part B)	759,109

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 11 - LEASE REVENUES

The County has property held for lease with a combined estimated cost of \$10,078,223 and accumulated depreciation of \$3,325,813. Lease agreements have been entered into with various lessees for terms that exceed one year. None of the agreements contain purchase options. All of the agreements contain a termination clause providing for cancellation after a specified number of days written notice to lessors, but is unlikely that the County will cancel any of the agreements prior to their expiration date. The future minimum lease payments expected to be received under these agreements are as follows:

Year Ending June 30,	Lease Revenue
2019	\$ 1,665,940
2020	565,782
2021	314,504
2022	158,092
2023	71,880
Total	<u>\$ 2,776,198</u>

NOTE 12 - RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County's risk management activities are recorded in the County School Service Fund and in the Internal Service Fund. The purpose of the Internal Service Fund is to administer retiree and employee dental program of the County on a cost-reimbursement basis. The County participates in the various public entity risk pools for health, workers' compensation, and property and liability risks. The participation in the public entity risk pools represents a transfer of risk to the pools. Provisions of the agreements with the public entity risk pools provide for additional assessments for deficits within the pool based upon specific calculations. As of June 30, 2018, information was not available that indicates that the County has an outstanding obligation for any calculated deficits. See Note 15 for additional information regarding the pools.

For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

Claims Liabilities

The County records an estimated liability for indemnity torts and other claims against the County. Claims liability are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims incurred, but not reported based on historical experience.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Unpaid Claims Liabilities

The fund establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represent the changes in approximate aggregate liabilities for the County from July 1, 2017 to June 30, 2018:

	<u>Dental Care</u>
Liability Balance, July 1, 2016	\$ 273,126
Claims and changes in estimates	1,635,015
Claims payments	<u>(1,564,949)</u>
Liability Balance, July 1, 2017	343,192
Claims and changes in estimates	1,412,193
Claims payments	<u>(1,504,615)</u>
Liability Balance, June 30, 2018	<u>\$ 250,770</u>
Assets available to pay claims at June 30, 2018	<u>\$ 4,925,022</u>

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS), classified employees are members of the California Public Employees' Retirement System (CalPERS), and employees whose hire date was prior to July 1, 1977 are members of Orange County Employees Retirement System (OCERS).

For the fiscal year ended June 30, 2018, the County reported net pension liabilities, deferred outflows of resources, deferred inflows of resources, and pension expense for each of the above plans as follows:

<u>Pension Plan</u>	<u>Collective Net Pension Liability</u>	<u>Collective Deferred Outflows of Resources</u>	<u>Collective Deferred Inflows of Resources</u>	<u>Collective Pension Expense</u>
CalSTRS	\$ 84,144,083	\$ 22,900,671	\$ 13,926,273	\$ 6,253,295
CalPERS	102,455,197	30,768,350	4,798,249	15,533,825
OCERS	2,530,324	668,911	1,704,708	(426,231)
Total	<u>\$ 189,129,604</u>	<u>\$ 54,337,932</u>	<u>\$ 20,429,230</u>	<u>\$ 21,360,889</u>

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The County contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2016, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at:

<http://www.calstrs.com/member-publications>.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age, and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program, and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP.

The County contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

The STRP provisions and benefits in effect at June 30, 2018, are summarized as follows:

	<u>STRP Defined Benefit Program</u>	
	On or before	On or after
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 Years of Service	5 Years of Service
Benefit payments	Monthly for Life	Monthly for Life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	9.205%
Required employer contribution rate	14.43%	14.43%
Required State contribution rate	9.328%	9.328%

Contributions

Required member local educational agencies and the State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2018, are presented above and the County's total contributions were \$7,000,824.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the County reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the County. The amount recognized by the County as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the County were as follows:

Total Net Pension Liability, Including State Share:

County's proportionate share of net pension liability	\$ 84,144,083
State's proportionate share of the net pension liability associated with the County	49,778,929
Total	<u>\$ 133,923,012</u>

The net pension liability was measured as of June 30, 2017. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating school County's and the State, actuarially determined. The County's proportionate share for the measurement period June 30, 2017 and June 30, 2016, respectively, was 0.0910 percent and 0.0950 percent, resulting in a net decrease in the proportionate share of 0.0040 percent.

ORANGE COUNTY DEPARTMENT OF EDUCATION

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

For the year ended June 30, 2018, the County recognized pension expense of \$6,253,295. In addition, the County recognized pension expense and revenue of \$5,010,727 for support provided by the State. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 7,000,824	\$ -
Net change in proportionate share of net pension liability	-	10,217,674
Difference between projected and actual earnings on pension plan investments	-	2,240,991
Differences between expected and actual experience in the measurement of the total pension liability	311,173	1,467,608
Changes of assumptions	15,588,674	-
Total	<u>\$ 22,900,671</u>	<u>\$ 13,926,273</u>

The deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2019	\$ (1,863,019)
2020	1,409,755
2021	203,278
2022	(1,991,005)
Total	<u>\$ (2,240,991)</u>

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is seven years and will be recognized in pension expense as follows:

Year Ended	Deferred
June 30,	Outflows/(Inflows)
<u> </u>	<u>of Resources</u>
2019	\$ 127,569
2020	127,569
2021	127,569
2022	127,570
2023	1,492,506
Thereafter	<u>2,211,782</u>
Total	<u>\$ 4,214,565</u>

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2016, and rolling forward the total pension liability to June 30, 2017. The financial reporting actuarial valuation as of June 30, 2016, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2016
Measurement date	June 30, 2017
Experience study	July 1, 2010 through June 30, 2015
Actuarial cost method	Entry age normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance-PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in February 2017 in conjunction with the most recent experience study. For each future valuation, CalSTRS consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometrically-linked real rates of return and the assumed asset allocation for each major asset class for the year ended June 30, 2017, are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global equity	47%	6.30%
Fixed income	12%	0.30%
Real estate	13%	5.20%
Private equity	13%	9.30%
Absolute Return/Risk Mitigating Strategies	9%	2.90%
Inflation sensitive	4%	3.80%
Cash/liquidity	2%	-1.00%

Discount Rate

The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the County's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount Rate</u>	<u>Net Pension Liability</u>
1% decrease (6.10%)	\$ 123,550,227
Current discount rate (7.10%)	84,144,083
1% increase (8.10%)	52,163,326

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

California Public Employees' Retirement System (CalPERS)

Plan Description

Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2016 annual actuarial valuation report, Schools Pool Actuarial Valuation. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: <https://www.calpers.ca.gov/page/forms-publications>.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor, and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2018, are summarized as follows:

	School Employer Pool (CalPERS)	
	On or before	On or after
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 Years of Service	5 Years of Service
Benefit payments	Monthly for Life	Monthly for Life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.000%	6.500%
Required employer contribution rate	15.531%	15.531%

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The County is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2018, are presented above and the total County contributions were \$8,588,361.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2018, the County reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$102,455,197. The net pension liability was measured as of June 30, 2017. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating school County's, actuarially determined. The County's proportionate share for the measurement period June 30, 2017 and June 30, 2016, respectively, was 0.4292 percent and 0.4443 percent, resulting in a net decrease in the proportionate share of 0.0151 percent.

For the year ended June 30, 2018, the County recognized pension expense of \$15,533,825. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 8,588,361	\$ -
Net change in proportionate share of net pension liability	-	3,591,966
Difference between projected and actual earnings on pension plan investments	3,544,249	-
Differences between expected and actual experience in the measurement of the total pension liability	3,670,547	-
Changes of assumptions	14,965,193	1,206,283
Total	<u>\$ 30,768,350</u>	<u>\$ 4,798,249</u>

The deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2019	\$ (96,037)
2020	4,089,295
2021	1,491,821
2022	(1,940,830)
Total	<u>\$ 3,544,249</u>

The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 3.9 years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2019	\$ 3,833,695
2020	5,401,608
2021	4,602,188
Total	<u>\$ 13,837,491</u>

Actuarial Methods and Assumptions

Total pension liability for the SEP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2016, and rolling forward the total pension liability to June 30, 2017. The financial reporting actuarial valuation as of June 30, 2016, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2016
Measurement date	June 30, 2017
Experience study	July 1, 1997 through June 30, 2011
Actuarial cost method	Entry age normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.75%
Wage growth	Varies by entry age and service

The mortality table used was developed based on CalPERS-specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global equity	47%	5.38%
Global debt securities	19%	2.27%
Inflation assets	6%	1.39%
Private equity	12%	6.63%
Real estate	11%	5.21%
Infrastructure and Forestland	3%	5.36%
Liquidity	2%	-0.90%

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the School Employer Pool fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the County's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount Rate</u>	<u>Net Pension Liability</u>
1% decrease (6.15%)	\$ 150,744,427
Current discount rate (7.15%)	102,455,197
1% increase (8.15%)	62,395,237

Orange County Employees Retirement System (OCERS)

Plan Description

All qualified regular full time and part-time employees participate in the Orange County Employees Retirement System (OCERS), a cost-sharing multiple-employer defined benefit pension plan. OCERS was established in 1945. OCERS is administered by the Board of Retirement and governed by the County Employees' Retirement Law of 1937 (California Government Code Section 31450 et. seq.). OCERS main function is to provide service retirement, disability, death, and survivor benefits to the plan participants, who include the County of Orange, Orange County Courts, the Orange County Retirement System, two Cities, and twelve special districts, including the County.

Management of OCERS is vested with the Orange County Board of Retirement. The Board consists of nine members and one alternate. The County Treasurer is a member of the Board of Retirement by law. Four members are appointed by the Board of Supervisors, one of whom may be a County supervisor. Two members are elected by the General membership; one member and one alternate are elected by the Safety membership, one member is elected by the retired members of the System. All members of the Board of Retirement serve terms of three years except for the County Treasurer whose term runs concurrent with the term as County Treasurer. OCERS issues a stand-alone annual financial report, which can be obtained at OCERS website (www.ocers.org).

Benefits Provided

OCERS provides service retirement, disability, death, and survivor benefits to eligible employees. All regular full-time employees of the County of Orange or contracting agencies who work a minimum of 20 hours per week become members of OCERS effective on the first day of employment in an eligible position. There are separate retirement plans for General and Safety member employees. New General Members employed after January 1, 2013 are designated as PEPRA General subject to the provisions of California Government Code 7522 et seq. and AB 197. The County's employees participate as General members.

General members hired prior to January 1, 2013 are eligible to retire once they attain the age of 50 and have acquired 10 or more years of retirement service credit. A member with 30 years of service is eligible to retire regardless of age. All General members can also retire at the age of 70 regardless of service. The County participates in Plan M, which is 2.0 percent at 55 benefits. Plan M is for General Members hired before September 21, 1979.

The retirement benefit the member will receive is based upon age at retirement, final average compensation, years of retirement service credit and retirement plan and tier.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

General member benefits are calculated pursuant to the provisions of California Government Code Sections 31676.01, 31676.1, 31676.12, 31676.16, 31676.18 or 31676.19. For section 31676.01, the monthly allowance is equal to 1/90th of final compensation times years of accrued retirement service credit times age factor from that Section. For Section 31676.1, the monthly allowance is equal to 1/60th of final compensation times years of accrued retirement service credit times age factor from the Section. For Sections 31676.12, 31676.16, 31676.18 or 31676.19, the monthly allowance is equal to 1/50th of final compensation times years of accrued retirement service credit times age factor from the corresponding Section.

For members with membership dates before January 1, 2013 the maximum monthly retirement allowance is 100 percent of final compensation. There is no maximum with membership dates on or after January 1, 2013.

Final average compensation consists of the highest 12 consecutive months for Plan M.

The member may elect an unmodified retirement allowance, or choose an optional retirement allowance. The unmodified retirement allowance provides the highest monthly benefit and a 60 percent continuance to an eligible surviving spouse or domestic partner. An eligible surviving spouse or domestic partner is one married to or registered with the member one year prior to the effective retirement date. Certain surviving spouses or domestic partners may also be eligible if marriage or domestic partnership was at least two years prior to the date of death and the surviving spouse or domestic partner has attained age 55. There are four optional retirement allowances the member may choose. Each of the optional retirement allowances requires a reduction in the unmodified retirement allowance in order to allow the member the ability to provide certain benefits to a surviving spouse, domestic partner, or named beneficiary having an insurable interest in the life of the member.

OCERS provides an annual cost-of-living benefit to all retirees. The cost-of-living adjustments, based upon the Consumer Price Index for All Urban Consumers for the Los Angeles-Riverside-Orange County Area, is capped at 3.0 percent.

Contributions

The County contributes to the retirement plan based upon actuarially determined contribution rates adopted by the Board of Retirement. Employer contribution rates are adopted annually based upon recommendations received from OCERS' actuary after the completion of the annual actuarial valuation. Contributions to the plan in FY 2017-2018 were \$524,000, which were immediately recognized as part of fiduciary net position by the Plan.

All members are required to make contributions to OCERS regardless of the retirement plan or tier in which they are included. The member contribution rates for FY 2017-2018 vary by member based on age of entry. The range of contribution rates is as follows: plan M (2.0 percent at 55) – 7.19 percent to 13.92 percent.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2018, the County reported a net pension liability for its proportionate share of the OCERS net pension liability of \$2,530,324. The collective net pension liability for the Plan was measured as of December 31, 2017. Plan fiduciary net position was valued as of the measurement date, while the total pension liability (TPL) was determined based upon rolling forward the TPL from an actuarial valuation as of December 31, 2016. The plan provisions used in the measurement of the net pension liability are the same as those used in the OCERS actuarial valuations as of December 31, 2016. The County’s proportionate share for the measurement period December 31, 2017 and December 31, 2016, respectively, was 0.051 percent and 0.085 percent, resulting in a net decrease of 0.034 percent.

For the year ended June 30, 2018, the County recognized pension expense of \$(426,231). At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between projected and actual earnings on pension plan investments	\$ -	\$ 380,914
Differences between expected and actual experience in the measurement of the total pension liability	372,992	1,201,641
Changes of assumptions	295,919	122,153
Total	<u>\$ 668,911</u>	<u>\$ 1,704,708</u>

The amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2019	\$ (121,629)
2020	(114,333)
2021	(361,107)
2022	(290,872)
2023	(146,389)
2024	(1,467)
Total	<u>\$ (1,035,797)</u>

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Actuarial Methods and Assumptions

The collective total pension liability as of December 31, 2017 was determined by rolling forward the total pension liability from the actuarial valuation as of December 31, 2016. The actuarial assumptions used were based on the results of an experience study for the period from January 1, 2011 through December 31, 2013. Following are the key methods and assumptions used for the total pension liability as of December 31, 2017.

Actuarial Cost Method	Entry age normal
Inflation	2.75%
Salary Increases	General: 4.25% to 12.25%, vary by service, including inflation
Investment Rate of Return	7.00%, net of pension plan investment expense, including inflation
Discount Rate	7.00%
Cost of Living Adjustment	2.75% of retirement income

Post – Retirement Mortality Rates:

<i>Healthy:</i>	For General Members: RP-2000 Combined Healthy Mortality Table projected with Scale BB to 2020.
<i>Disabled:</i>	For General Members: RP-2000 Combined Healthy Mortality Table projected with Scale BB to 2020 with ages set forward six years for males and set forward three years for females.
<i>Beneficiaries:</i>	Beneficiaries are assumed to have the same mortality as a General Member of the opposite sex who is receiving a service (non-disability) retirement.

Discount Rate

The discount rate used to measure the total pension liability was 7.00% and 7.25% as of December 31, 2017 and 2016 respectively for the Plan. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that the County's contributions will be made at rates equal to the actuarially determined contributions rates. For this purpose, only employer contributions that are intended to fund benefits for current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of December 31, 2017 and 2016.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

The long-term expected rate of return of 7.00 percent on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation (approved by the Board of Retirement) and projected arithmetic real rates of return for each major asset class, after deducting inflation but before deducting investment expenses, used in the derivation of the long-term expected investment rate of return assumption are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	35.00%	6.38%
Core Bonds	13.00%	1.03%
High Yield Bonds	4.00%	3.52%
Bank Loan	2.00%	2.86%
TIPS	4.00%	0.96%
Emerging Market Debt	4.00%	3.78%
Real Estate	10.00%	4.33%
Core Infrastructure	2.00%	5.48%
Natural Resources	10.00%	7.86%
Risk Mitigation	5.00%	4.66%
Mezzanine/Distressed Debts	3.00%	6.53%
Private Equity	8.00%	9.48%

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the County’s proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount Rate</u>	<u>Net Pension Liability</u>
1% decrease (6.15%)	\$ 4,388,612
Current discount rate (7.15%)	2,530,324
1% increase (8.15%)	1,020,696

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Alternative Retirement Plan

As established by Federal Law, all public sector employees who are not members their employer's exiting retirement systems (CalSTRS or CalPERS) must be covered by social security or an alternative plan. The County has elected to use the Public Agency Retirement System as its alternative plan. Contributions made by the County and an employee vest immediately. The County contributes 3.75 percent of an employee's gross earnings. An employee is required to contribute 3.75 percent of his or her gross earnings to the pension plan.

During the year, the County's required and actual contributions amounted to \$115,064.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the County. These payments consist of State County School Service Fund contributions to CalSTRS in the amount of \$4,333,630 (9.328 percent of annual payroll). Contributions are no longer appropriated in the annual *Budget Act* for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution rate for CalPERS. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements.

NOTE 14 - COMMITMENTS AND CONTINGENCIES

Grants

The County received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the County School Service Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the County at June 30, 2018.

Litigation

The County is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the County at June 30, 2018

Construction Commitments

As of June 30, 2018, the County had the following commitments with respect to the unfinished capital projects:

Capital Projects	Remaining Construction Commitment	Expected Date of Completion
Kalmus doors and windows replacement	\$ 197,778	06/30/19

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Operating Leases

The County has entered into various operating leases for buildings and equipment with lease terms in excess of one year. None of these agreements contain purchase options. Future minimum lease payments under these agreements are as follows:

Year Ending June 30,	Lease Payment
2019	\$ 5,566,879
2020	2,432,766
2021	1,595,883
2022	930,595
2023	149,391
Thereafter	149,391
Total	<u>\$ 10,824,905</u>

Lease payments for the year ended June 30, 2018, were approximately \$5,434,257.

NOTE 15 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWER AUTHORITIES

The County is a member of the Western Orange County Self-Funded Workers' Compensation Agency (WOCSSWCA) and the Alliance of Schools for Cooperative Insurance Programs Joint Powers Authority. The County pays an annual premium to each entity for its property and liability, health benefits, and workers' compensation coverage. The relationships between the County, the pools, and the JPA are such that they are not component units of the County for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the County are included in these statements. Audited financial statements are available from the respective entities.

During the year ended June 30, 2018, the County made payments of \$1,983,410 and \$273,076 to WOCSSWCA and Alliance of Schools for Cooperative Insurance Programs Joint Powers Authority, respectively, for annual premium payments.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 16 - RESTATEMENT OF PRIOR YEAR NET POSITION

The County adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, in the current year. In addition, the County adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, as it relates specifically to the Orange County Employees Retirement System (OCERS). As a result, the effect on the current fiscal year is as follows:

Government-Wide Financial Statements

Net Position - Beginning	\$ 162,797,270
Inclusion of net pension liability from the adoption of GASB Statement No. 68	(4,415,517)
Inclusion of deferred outflows of resources from the adoption of GASB Statement No. 68	829,657
Inclusion of deferred inflow of resources from the adoption of GASB Statement No. 68	(406,492)
Inclusion of net OPEB liability from the adoption of GASB Statement No. 75	50,419
Net Position - Beginning, as restated	<u>\$ 158,855,337</u>

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2018

NOTE 1 - PURPOSE OF SCHEDULES

Budgetary Comparison Schedules

The County employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America as prescribed by the Governmental Accounting Standards Board and provisions of the California *Education Code*. The governing board is required to hold a public hearing and adopt an operating budget no later than July 1 of each year. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for.

These schedules presents information for the original and final budgets and actual results of operations, as well as the variances from the final budget to actual results of operations.

Schedule of Changes in the County's Total OPEB Liability and Related Ratios

This schedule presents information on the County's changes in the total OPEB liability, including beginning and ending balances. In the future, as data becomes available, ten years of information will be presented.

Change in Benefit Terms – There were no changes in benefit terms.

Changes of Assumptions – There were no changes in economic assumptions.

Schedule of the County's Proportionate Share of the Net OPEB Liability - MPP Program

This schedule presents information on the County's proportionate share of the net OPEB liability – MPP Program, the plan's fiduciary net position. In the future, as data becomes available, ten years of information will be presented.

Changes in Benefit Terms – There were no changes in the benefit terms since the previous valuation.

Changes of Assumptions – The plan rate of investment return assumption was changed from 2.85 percent to 3.58 percent since the previous valuation.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2018

Schedule of the County's Proportionate Share of the Net Pension Liability

This schedule presents information on the County's proportionate share of the net pension liability (NPL), the plans' fiduciary net position and, when applicable, the State's proportionate share of the NPL associated with the County. In the future, as data becomes available, ten years of information will be presented.

Changes in Benefit Terms – There were no changes in benefit terms since the previous valuations for both CalSTRS and CalPERS.

Changes of Assumptions – The CalSTRS plan rate of investment return assumption was changed from 7.60 percent to 7.10 percent since the previous valuation. The CalPERS plan rate of investment return assumption was changed from 7.65 percent to 7.15 percent since the previous valuation. The OCERS plan rate of investment return assumption was changed from 7.25 percent to 7.00 percent since the previous valuation.

Schedule of County Contributions

This schedule presents information on the County's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution. In the future, as data becomes available, ten years of information will be presented.

ORANGE COUNTY DEPARTMENT OF EDUCATION

LOCAL EDUCATION AGENCY ORGANIZATION STRUCTURE JUNE 30, 2018

ORGANIZATION

The Orange County Department of Education was established and consists of an area comprising approximately 782 square miles. The County operates four community home education sites, one homeless outreach program site, 41 community schools/independent study program sites, five juvenile court schools program sites, one field program site, and 14 special education program sites. There were no boundary changes during the year.

The County provides professional and administrative assistance to 12 elementary school districts, three high school districts, 12 unified school districts, four community college districts, three regional occupation programs, and 28 charter schools, within Orange County.

The Board of Education and the County Administrators for the fiscal year ended June 30, 2018 is presented herein.

K-12 AVERAGE DAILY ATTENDANCE AT ANNUAL	2,067	2,310	2,471	2,754

The County School Service Fund balance has increased by \$34,308,109 over the past two years. The fiscal year 2018-2019 budget projects a further increase of \$9,368,966 (5.7 percent). For a County this size, the State recommends available reserves of at least three percent of total County School Service Fund expenditures, transfers out, and other uses (total outgo).

The County has incurred operating surpluses for of the past three years and anticipates incurring an operating surplus during the 2018-2019 fiscal year. Total long-term obligations have increased by \$6,349,867 over the past two years.

Average daily attendance has decreased by 444 over the past two years. An additional decline of 243 ADA is anticipated during fiscal year 2018-2019.

¹ Budget 2019 is included for analytical purposes only and has not been subjected to audit.

² Available reserves consist of all unassigned fund balances including all amounts reserved for economic uncertainties contained with the County School Service Fund and the Special Reserve Fund for Other Than Capital Outlay Projects.

³ County School Service Fund amounts do not include activity related to the consolidation of the Special Reserve Fund for Other Capital Outlay Projects as required by GASB Statement No. 54.

⁴ Long-term obligations have been restated as of June 30, 2017 due to the implementation of GASB Statement No. 75.

See accompanying note to supplementary information.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2018

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the County and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The County has not elected to use the ten percent de minimis cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

The following schedule provides reconciliation between revenues reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances, and the related expenditures reported on the Schedule of Expenditures of Federal Awards. The reconciling amounts consist primarily of Medi-Cal Billing Option funds that have been recorded in the current period as revenues that have not been expended as of June 30, 2018. These unspent balances are reported as legally restricted ending balance within the County School Service Fund.

	<u>CFDA Number</u>	<u>Amount</u>
Total Federal Revenues From the Statement of Revenues, Expenditures, and Changes in Fund Balances:		\$ 48,727,491
Medi-Cal Billing Option	93.778	<u>(94,482)</u>
Total Schedule of Expenditures of Federal Awards		<u>\$ 48,633,009</u>

Local Education Agency Organization Structure

This schedule provides information about the County's boundaries, schools operated, members of the governing board, and members of the administration.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the County. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to counties. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Reconciliation of Annual Financial and Budget Report With Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual Financial Report to the audited financial statements.

ORANGE COUNTY DEPARTMENT OF EDUCATION

NOTE TO SUPPLEMENTARY INFORMATION

JUNE 30, 2018

Schedule of Financial Trends and Analysis

This schedule discloses the County's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the County's ability to continue as a going concern for a reasonable period of time.

Schedule of Charter Schools

This schedule lists all Charter Schools chartered by the County Office of Education and displays information for each Charter School on whether or not the Charter School is included in the County Office of Education audit.

Non-Major Governmental Funds - Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures and Changes in Fund Balances is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

INDEPENDENT AUDITOR'S REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Superintendent of Schools
Orange County Department of Education
Costa Mesa, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Orange County Department of Education (the County) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Orange County Department of Education's basic financial statements, and have issued our report thereon dated December 13, 2018.

Emphasis of Matter - Change in Accounting Principles

As discussed in Note 1 and Note 16 to the financial statements, in 2018, the County adopted new accounting guidance, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. In addition, the County implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Our opinion is not modified with respect to this matter.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Orange County Department of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Orange County Department of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of Orange County Department of Education's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Orange County Department of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Orange County Department of Education in a separate letter dated December 13, 2018.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Superintendent of Schools
Orange County Department of Education
Costa Mesa, California

Report on Compliance for Each Major Federal Program

We have audited Orange County Department of Education's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Orange County Department of Education's major Federal programs for the year ended June 30, 2018. Orange County Department of Education's major Federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the Federal statutes, regulations, and the terms and conditions of its Federal awards applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Orange County Department of Education's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about Orange County Department of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of Orange County Department of Education's compliance.

Opinion on Each Major Federal Program

In our opinion, Orange County Department of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of Orange County Department of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Orange County Department of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Orange County Department of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Superintendent of Schools
Orange County Department of Education
Costa Mesa, California

Report on State Compliance

We have audited Orange County Department of Education's (the County) compliance with the types of compliance requirements as identified in the *2017-2018 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* that could have a direct and material effect on each of the Orange County Department of Education's State government programs as noted below for the year ended June 30, 2018.

Management's Responsibility

Management is responsible for compliance with the requirements of State laws, regulations, and the terms and conditions of its State awards applicable to its State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of each of the Orange County Department of Education's State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2017-2018 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the applicable government programs noted below. An audit includes examining, on a test basis, evidence about Orange County Department of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions. Our audit does not provide a legal determination of Orange County Department of Education's compliance with those requirements.

Unmodified Opinion

In our opinion, Orange County Department of Education complied, in all material respects, with the compliance requirements referred to above that are applicable to the government programs noted below that were audited for the year ended June 30, 2018.

In connection with the audit referred to above, we selected and tested transactions and records to determine the Orange County Department of Education's compliance with the State laws and regulations applicable to the following items:

	<u>Procedures Performed</u>
LOCAL EDUCATION AGENCIES OTHER THAN CHARTER SCHOOLS	
Attendance	Yes
Teacher Certification and Misassignments	Yes
Kindergarten Continuance	No, see below
Independent Study	Yes
Continuation Education	No, see below
Instructional Time	No, see below
Instructional Materials	Yes
Ratios of Administrative Employees to Teachers	No, see below
Classroom Teacher Salaries	No, see below
Early Retirement Incentive	No, see below
Gann Limit Calculation	Yes
School Accountability Report Card	Yes
Juvenile Court Schools	Yes
Middle or Early College High Schools	No, see below
K-3 Grade Span Adjustment	No, see below
Transportation Maintenance of Effort	Yes
Apprenticeship: Related and Supplemental Instruction	No, see below
SCHOOL DISTRICTS, COUNTY OFFICES OF EDUCATION, AND CHARTER SCHOOLS	
Educator Effectiveness	Yes
California Clean Energy Jobs Act	Yes
After/Before School Education and Safety Program:	
General Requirements	No, see below
After School	No, see below
Before School	No, see below
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control Accountability Plan	Yes
Independent Study - Course Based	No, see below
CHARTER SCHOOLS	
Attendance	Yes
Mode of Instruction	No, see below
Non Classroom-Based Instruction/Independent Study for Charter Schools	Yes
Determination of Funding for Non Classroom-Based Instruction	Yes
Annual Instruction Minutes Classroom-Based	No, see below
Charter School Facility Grant Program	No, see below

The County's kindergarten students are retained using an Individualized Education Program based on the identified special needs; therefore, we did not perform procedures related to Kindergarten Continuance.

The County does not offer a Continuation Education Program; therefore, we did not perform procedures related to the Continuation Education Program.

The County was not required to meet the Instructional Time requirements; therefore, we did not perform procedures related to the Instructional Time.

The County was not required to meet the Ratio of Administrative Employees to Teachers requirement; therefore, we did not perform procedures related to the Ratio of Administrative Employees to Teachers.

The County was not required to meet the Classroom Teacher Salaries requirement; therefore, we did not perform procedures related to the Classroom Teacher Salaries.

The County did not offer an Early Retirement Incentive Program during the current year; therefore, we did not perform procedures related to the Early Retirement Incentive Program.

The County does not have a Middle or Early College High School Program; therefore, we did not perform any procedures related to Middle or Early College High School Program.

The County was not required to meet the K-3 Grade Span Adjustment requirement; therefore, we did not perform procedures related to the K-3 Grade Span Adjustment.

The County does not offer an Apprenticeship Program; therefore, we did not perform procedures related to the Apprenticeship Program.

The County does not offer the After/Before School Education and Safety Program; therefore, we did not perform procedures related to the After/Before School Education and Safety Program.

The County does not have an Independent Study - Course Based Program; therefore, we did not perform procedures related to the Independent Study – Course Based Program.

The County does not have any Charter Schools with Mode of Instruction (classroom-based instruction); therefore, we did not perform procedures related to Mode of Instruction.

The County does not have any Classroom-Based Charter Schools; therefore, we did not perform procedures related to the Annual Instruction Minutes Classroom-Based.

The County did not have any funding for the Charter School Facility Grant Program; therefore, we did not perform procedures related to the Charter School Facility Grant Program.

VAVRINEK, TRINE, DAY & CO., LLP
Certified Public Accountants

VALUE THE *difference*

Governing Board
Orange County Department of Education
Costa Mesa, California

In planning and performing our audit of the financial statements of Orange County Department of Education (the County) for the year ended June 30, 2018 we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we noted matters that are opportunities for strengthening internal controls and operating efficiency. The following items represent conditions noted by our audit that we consider important enough to bring to your attention. This letter does not affect our report dated December 13, 2018, on the government-wide financial statements of the County.

INTERNAL CONTROLS

Non-Payroll Disbursements

Observation

It was noted that six of 40 disbursements selected for testing were not approved prior to the transaction taking place. This would indicate that the items/services were purchased prior to receiving an approval.

Recommendation

All disbursements should be pre-approved prior to the transaction taking place. Disbursements should go through multiple levels of approval. One of the most important approvals is by the business department. The business department is responsible for reviewing account coding and making sure that expenditures are limited by established budgets.

We will review the status of the current year comments during our next audit engagement.
