7. Install, configure, and provide enterprise level support for Microsoft SharePoint and Microsoft Exchange.
8. Provide enterprise support for all application and UNIX/Windows operating systems.
9. Maintain an enterprise wide backup solution.
10. Perform ongoing hardware and software maintenance and upgrades.
11. Maintain database standards and naming conventions.
12. Assist in database design and management.
13. Install, research, test, and verify proper functioning of software patches and fixes.
14. Resolve issues and restore service following system failures and outages.
15. Generate documentation for staff and training.
16. Enforce database standards and procedures.
17. Enforce security standards.
18. Must demonstrate attendance sufficient to complete the duties of the position as required.
19. Perform related duties similar to the above in scope and function as required.

### **QUALIFICATIONS (KNOWLEDGE, SKILL, ABILITY REQUIREMENTS)**

#### **Intermediate Knowledge of:**

1. Database design and support.
2. Oracle, and MS SQL Server databases.
3. Traditional and hyper-converge server environments.
4. UNIX & Windows operating systems.
5. Performance tuning and database troubleshooting.
6. Database replication and data partitioning techniques.
7. Query optimization, database indexes, and schema design.
8. UNIX/Windows operating systems and database performance tuning.
9. Upgrade and patch processes.
10. Data backup and archiving solutions.
11. Storage Area Network devices.
12. Microsoft Windows Active Directory.
13. Microsoft Exchange and Microsoft Sharepoint.
14. Business intelligence solutions such as Business Objects of SAS.

**Ability and Skill to:**

1. Manage multiple competing priorities efficiently and effectively.
2. Interpret the organizational and division strategic plan and create relevant goals and plans for assigned areas.
3. Establish and maintain effective working relationships with various constituencies.
4. Understand, interpret, and explain laws, codes, contracts, regulations, policies, and procedures.
5. Prepare clear and concise correspondence, reports, and other written materials.
6. Analyze problems, identify alternative solutions, project consequences of proposed actions, and implement recommendations in support of goals.
7. Communicate clearly and concisely, both orally and in writing, in English; present information effectively in front of both large and small groups.

**Education, Training and Experience:**

A typical way of obtaining the knowledge, skills, and abilities outlined above is Bachelor's degree from an accredited college or university with major course work in a computer related field and three (3) years of recent extensive experience in the areas of software, operating systems such as Windows server solutions and UNIX, systems hardware, data storage solutions, Business intelligence solutions, and databases.

**PHYSICAL AND MENTAL DEMANDS**

*The physical and mental demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this class. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.*

**Physical Demands**

While performing the duties of this job, employees are regularly required to bend, stoop, push, pull, grasp, squat, twist, kneel, walk, sit, and reach to access materials or equipment and complete other tasks as assigned; lift and/or move up to 50 pounds; and lift up to 75 pounds with assistance from ground, waist, chest, shoulder, and above shoulder level. The position may include occasional need to traverse uneven surfaces.

Employees in this classification are to be able to travel countywide to a variety of sites within a reasonable time frame; read written and electronic materials; communicate clearly in person, on the phone, and via email; and operate all required equipment.

### **Mental Demands**

While performing the duties of this class, employees are regularly required to use written and oral communication skills; read and interpret information; analyze and solve problems; use mathematical reasoning; make observations; learn and apply new information or skills; perform highly detailed work; work on multiple, concurrent tasks with frequent interruptions; work under intensive deadlines and meet productivity requirements; and interact successfully with various groups of people encountered in the course of work.

### **WORK ENVIRONMENT**

*The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this class. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.*

Employee typically works in an office environment that is fast paced with high pressure.
