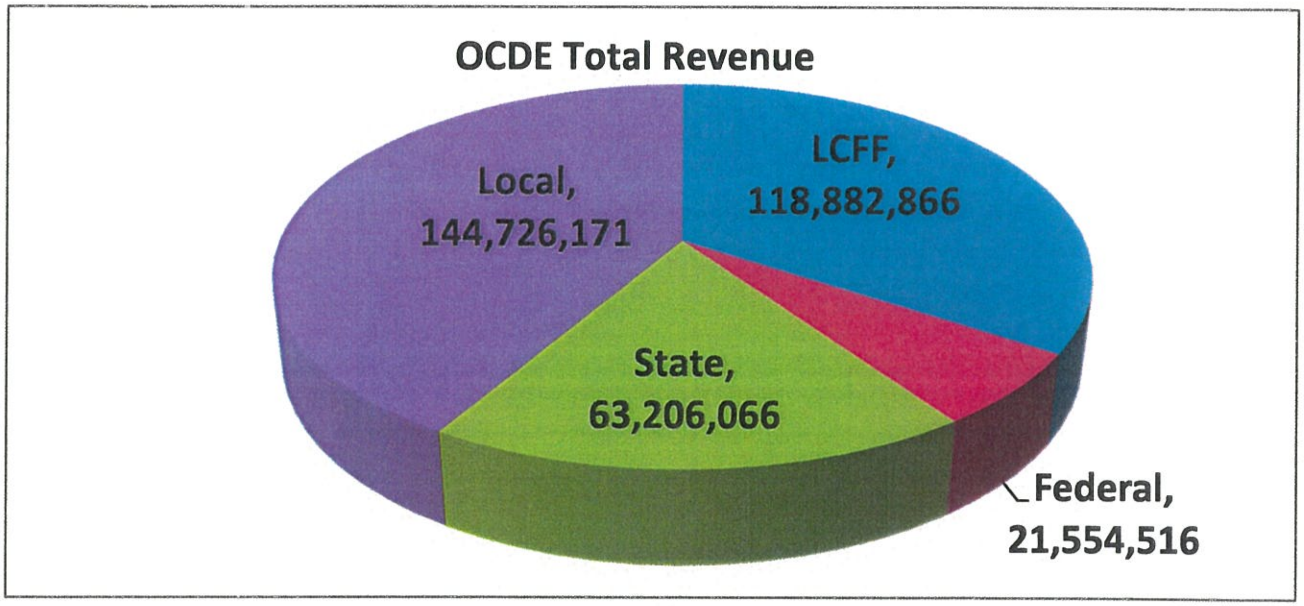
This summary is an overview of the Orange County Department of Education (OCDE) Budget reflecting the goals and priorities of the County Superintendent and the Orange County Board of Education aligning with the Local Control Accountability Plan (LCAP). The budget is a complex document that is required to follow state accounting guidelines. The budget summary incorporates information from the Adopted Budget and the changes from the Adopted State Budget which was completed in July after the Adopted Budget was approved. The Second Interim Budget includes new entitlements, grants and contracts received since the budget adoption and is aligned with the Local Control Accountability Plan for 2022-2023, the Expanded Learning Grant approved in May 2021, the American Recovery Plan Act approved on October 6, 2021, and the Educator Effectiveness Grant approved on December 8, 2021. The LCAP lays out the main objective for meeting the learning requirements of high need students and also identifies the expenditures required to meet objectives.

The 2022-2023 General Fund Budget is $337,128,935. After multiple years of declining enrollment and increasing local property taxes, the budget has reached a stage where we are considered to be at minimum state aid funded. This means any increases in the LCFF calculation from COLAs may result in increasing funds to the Orange County Courts and not OCDE programs.

REVENUE

The Total General Fund Revenue Projections are $348,369,619



Local Control Funding Formula (LCFF) is $118,882,866

The Local Control Funding Formula (LCFF) for County Offices incorporates funding for County-wide services to districts and direct funding for students in Juvenile Court Schools, and referrals from Probation or Social Services. This is 34% of our total revenue. The LCFF formula for County Offices is separated in two major components.

County Operations Grants: This funding is based on the number of students who attend school in the County or Average Daily Attendance (ADA), and the number of school districts we support. This funding is to perform services mandated under the education code such as financial oversight and services to districts.

Projected Funding for 2022-2023 is $28,806,352

Pupil Driven Grants: Base funding is received per ADA, plus supplemental and concentration grants for students that are one of the following: English Learners, Foster Youth, or qualify for Free and Reduced Lunch Program. Our 2022-2023 unduplicated rate is 86.54%.

Students in Juvenile Court Schools receive base funding and 100% of the students qualify for Supplemental and Concentration funding.

Projected funding for 2022-2023 is $6,978,302

Students that are considered type "C" probation referred, expelled or social services referred.

Supplemental is 35% of Base grant

Concentration is 25% of Base grant for unduplicated count over 50%

Projected funding for 2021-22 is $16,170,690

OCDE serves students that are referred from school districts; this ADA is added to total enrollment for staffing ratios, but the funding for district-referred students is recognized under Local Revenue.

Both COEs and School Districts receive 6.56% Cost of Living increase for LCFF in 2022-23 and School Districts and Charter Schools received an additional 6.28% for LCFF. County Offices did not receive the augmentation, but did receive an increase for County Office Operations which was a benefit for OCDE. Unlike school districts, County Offices do not have the advantage of using prior year ADA, new proposals for a three-year average have not included COEs.

Because of our minimum state aid/excess tax status, we will be required to transfer over $24 million dollars from our student programs to the Orange County Courts.

Average Daily Attendance (ADA)

OCDE has been declining in enrollment since 2012-13. Due to COVID-19 and the closure of schools, the State changed the factor for calculating ADA. This resulted in an increase in ADA for 2019-20 and hold harmless for 2020-21. As a County Office, we do not receive the benefit of using prior year ADA after 2020-21, and in 2021-22 we have declined by 2,119. We are optimistic that program enhancements and improved student engagement will have a slight increase in ADA for 2022-2023. A change in State and County guidelines regarding alternatives to incarceration means that fewer students are enrolled in our program and stay in their district of residence. To adjust to the changing environment, we are developing new programs, strengthening partnerships with districts, court agencies, expanding our career technical programs, and providing innovative programs so we can better serve our students.

Revenue Outside of LCFF

Outside of LCFF, we receive income in five different ways from Federal, State or Local resources. Below we will detail examples of the revenue we receive as a County Office:

Contracts: Are specific services that an agency wants to contract with OCDE based on specific expertise or experiences.

Entitlements: Are funds normally received on a per student basis, and are either part of the State Budget or Federal Budget authority. Most of these funds are on-going appropriations and may have restricted guidelines for expenditures.

Grants: Are projects that OCDE has applied to funding agencies for, and could come from Federal, State, or Local agencies. These are normally competitive in nature and will require specific expenditures as part of the grant.

Reimbursements: Are revenue received to reimburse a portion of the cost for providing specific services to students, Medi-Cal Administrative Activities (MAA), Medi-Cal Billing program and the Child Nutrition program.

Fee for Services: Most of the fees for services are in Local revenue and they include billing to school districts for students they have referred, excess billing for Special Schools, billing for Inside the Outdoors, Professional Development for school districts, Financial System service fees, and various services OCDE provides on a county-wide basis.

Total Federal Revenue is $21,554,516

Salary and benefits are 54% of the general budget. OCDE has 1,444 employees 1,188 regular employees and 256 short term and substitute positions.

Below is a historical look at salary and benefits, which reflects the staffing and service reductions over the years as ADA and funding have declined. We have reduced positions through retirement incentives and attrition in the last few years to improve our student to teacher ratios. The historical data also shows a sharp increase in employee benefits for both pensions and health and welfare benefits. OCDE collaborates with our collective bargaining units and we add the cost of employee benefits to total compensation when bargaining.

AB1200 guidelines require us to project revenue and expenditures for the current and two subsequent years. The chart below is an excerpt from the budget document that shows our projections for salaries and benefits. This is an important budget item as it is 54% of our budget.

Salaries in 2022-2023 reflect the savings from retirements and reductions through attrition. Employee health and welfare benefit and salary increases are included, as we have completed negotiations with our collective bargaining units. The State Teachers Retirement System (STRS) employers' rates increased from 16.92% to 19.1% for 2022-2023. The Public Employees Retirement System (PERS) increased employer rates from 22.91% to 25.37% in 2022-2023 but are forecasted to increase to 27% in 2023-24 and 28.10% in 2024-2025.

Salaries

As a County Office, we have different needs than a regular school district. Our class sizes are smaller due to state regulations and the specific needs of our students. Book and Supplies Summary Projections

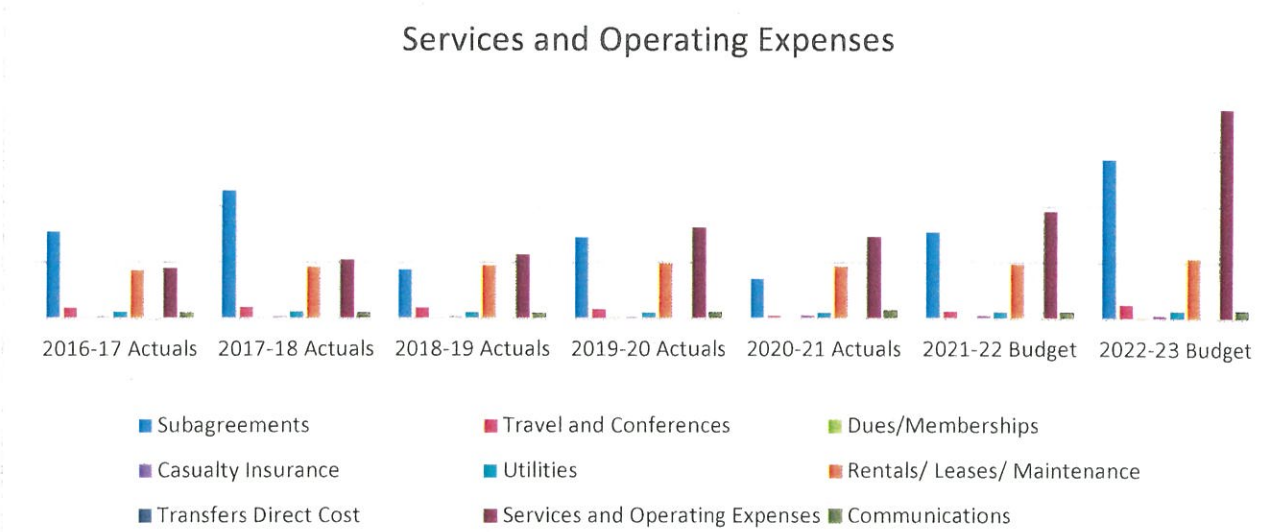
We have budgeted for furniture and equipment for our school sites and office for health and safety improvements. We continue to see supply chain disruptions which mean long wait times. We have increased our technology purchases and internet bandwidth at most sites, and plan to enhance career technical programs to engage our students. We will continue to evaluate the technology needs of our students and staff.



Sub-Agreements $28,415,918

These are contracts with other agencies for services they provide on our behalf. Multi-Tier System of Support (MTSS) is $20,005,224, transportation services $6,215,113, TUPE is $1,704,369 and $491,212 for various programs.

Travel and Conference $2,454,366

All travel is required to follow OCDE procedures. We have budgeted for staff development activities, most notably in ACCESS and Special Education in accordance with the LCAP guidelines. Major object codes for travel and mileage are below:

Object Code 5210 is for local travel, conferences and mileage. As a county-wide agency, we pay mileage to employees who travel between worksites, which is budgeted to be $475,759 for 2022-2023. Travel and parking for local conferences for staff development opportunities are included in this budget category.

Object Code 5220 is for travel and conferences that are outside of the area and may require an overnight stay. We are budgeting $759,487 for 2022-2023. Many of these programs include statewide collaboration, which usually requires monthly meetings in Sacramento.

Object Code 5230 is for registrations for conference and workshops. We are supporting staff attendance for virtual conferences for staff development opportunities when possible. We are budgeting $1,219,120 for 2022-2023.

Dues and Memberships: $342,491

- Existing policy on dues and memberships states that we do not pay personal dues for employees (see exceptions) unless the dues reduce the cost of a conference or subscription that will create a savings for the organization. We pay for one organizational membership for an association unless OCDE receives a benefit and there may be a cost savings.

Pupil Insurance: $580,000

- This is liability insurance for OCDE programs, and we have received an assessment for prior year claims due to the passage of AB218. This law has created a significant impact on funding for liability for school districts around the state.

Services and Operating Services Summary Projections

We continue to allocate funding for professional development especially for areas that provide direct services to students. Our leadership team is focusing on providing professional development that will improve skills to assist teachers with engaging students, mitigate learning loss and meet the social emotional needs of our students.

Major Projects: We have budgeted for site improvements for leased sites for our ACCESS program as we transition to larger sites that will allow for more instructional opportunities such as career technical classes, and maker-spaces for technology. We have completed building improvements for our ACCESS site Argosy in Orange. Staff completed their transition and students began attending the new site in January. We continue to receive positive feedback from our parents regarding the location of the site and we are excited to have another large site to focus on providing students with additional services. We are in the process of updating our payroll and retirement system that is over 15 years old. The current system processes payroll for over 90,000 school district and community college district employees in Orange County. We are also evaluating software to improve System and Data Analytics for business and instructional programs.

Capital Outlay

These are expenditures for land, building improvements, capitalized (over $5,000) equipment or replacement equipment. We have budgeted $6 million for new equipment in the 2022-2023 year.

Capital Outlay Summary Projections

We are evaluating long-term space planning to forecast our space needs at our current locations, which will require investment in updated furniture to meet health and safety codes. We are adding Outdoor shelters at applicable sites to increase outdoor learning spaces that include internet connectivity, these expenditures moved to 2022-2023.

We will be bidding asphalt, roofing maintenance and painting contracts for sites for 2022-2023. Most of these items will be reimbursed by deferred maintenance funds.

Other Outgo

These are expenditures to other school districts or agencies. This also includes transfers to the Orange County Court for excess property taxes.

Interfund Transfers:

We are budgeting to transfer $606,834 to the Child Development Program located in Fund 12, because their state and federal entitlements cap our indirect rate at 8%. We are also budgeting to transfer $980,735 for contributions to the Deferred Maintenance Program - Fund 14 for future facility maintenance needs as required by the State.

Excess/Deficiency:

This is the difference between revenue and expenditures. If we have more revenue than expenditures, then it is an Excess. Less current year revenue than current year expenses is a Deficiency. The 2022-2023 Second Interim Budget does project an excess of $11,240,684.

Summary

Our preliminary projections 2022-2023 reflect an excess (current year revenues vs. current year expenditures) of $11,240,684. This budget does include one-time State COVID-19 Relief Funding of $17.6 million that is required to be expended by June 30, 2023, $17 million in MTSS funding that will be spent in future years. This budget does include some ESSER III funds that we anticipate expending after 2022-2023 and future years. We have included revenue for the Learning Loss and Arts and Music grant programs with no expenditures for the current year but plan to use in the future years.

The current year revenue vs expenditures show an excess, and our on-going expenditures are balanced to on-going revenue. We do not have a structural deficit. Salary and benefit increases are included since collective bargaining with both groups have been completed for 2022-2023. We have offered an early retirement incentive for Certificated and Classified bargaining unit members (58 employees are retiring this year) many positions will not be filled and we will have additional expenditure savings not included in the budget. Legislative changes in layoff timelines will require close monitoring of our budget needs.

We continue to evaluate our instructional needs, as we are required to show increased or improved services for our students that receive supplemental and concentration funding which is allocated in our LCAP. We are cautious on planning for on-going expenditures based on one-time funding. We continue to closely monitor our enrollment trends and adjust staffing as needed. Most of Orange County schools are showing significant declines which will have an impact on our ability to gain new students. OCDE's philosophy is that ending balance reserves should only be spent on one-time expenditures since it is not an on-going stream of revenue. Our strong financial position will allow us to make thoughtful reductions that will not impact services to students, districts or our community partners.

2022-23 Second Interim Budget
March 1, 2023

Criteria and Standards Review Summary Explanation if Criteria are Not Met

1 Average Daily Attendance (ADA) – County Operations Grant

Projected Average Daily Attendance (ADA) for County Operations Grant or county operated programs has changed since budget adoption and is not meeting the historical variance in ADA due to the changes in our student population. We are estimating an increase in the future years in ADA in the County programs, a decrease in the District Funded ADA, a decline in the County Operations Grant due to the decline in the countywide ADA, and an increase in ADA in the future years for the College and Career Preparatory Academy charter school. We continue to monitor and strategize outreach opportunities for all programs and anticipate making changes if necessary.

4a Other Revenues

Projected Other Revenues is not meeting the standard because we received in 2022-23 the majority of the funding for the entitlements for Multi-Tiered System of School Climate, Learning Recovery Emergency Block Grant, Arts, Music, & Instructional Materials Discretionary Block grant, the Classified School Employee grant, and funding for the Regional K-16 Education Collaborative contract. These are multi-year entitlements and contracts that we are excluding the revenue in the future years. In addition, we are budgeting for one-time COVID relief funding and excluding the revenue in the future years. We will continue to monitor and adjust the projections if necessary.

4b Other Expenditures

Projected Other Expenditures for books and supplies and for services have changed by more than the historical amount because we are using this account until we receive specific grant parameters that will allow us to allocate the expenditures to the appropriate accounts. In addition, we are budgeting for one-time expenditures for one-time funding received in prior years.

Supplemental explanations if answered yes:

S5 Contributions from unrestricted programs to some restricted programs are not meeting the standard due to the proposed funding changes to the childcare program and future years show a decline in funding from the projected Average Daily Attendance (ADA) in our programs which increases contributions. Contributions will continue to be provided for programs that have a cap on indirect so they require a contribution for our new approved state indirect rate. We continue to monitor and anticipate making appropriate reductions if necessary.

S6 We do not have any new long-term commitments that have been budgeted in subsequent years. The long-term commitment we currently have is the certificates of participation for the Esplanade facility for 8 years. We have no other outstanding liabilities that have not been included in the budget.

S7a We do not offer retiree benefits except for upon retiring, the retiree is given the opportunity to participate in our health & welfare program by purchasing medical & dental insurance from the COE at a discounted rate. The difference between the market rate and the discounted rate is the implicit factor to our benefit plan and our OPEB liability. We fully funded the total liability amount in Fund 17

S7b We do have other self-insurance benefits. Fund 67 is set aside for our self-insurance dental plan. Our worker's compensation is funded through a JPA. Both funds have adequate reserves and are monitored regularly.

1B. Comparison of County Office ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected ADA for County Operations Grant or county operated programs has changed since first interim projections by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard, a description of the methods and assumptions used in projecting ADA, and what changes will be made to improve the accuracy of projections in this area.

Explanation:
(required if NOT met)

Projected Average Daily Attendance (ADA) for County Operations Grant or county operated programs has changed since budget adoption and is not meeting the historical variance in ADA due to the changes in our student population. We are estimating an increase in the future years in ADA in the County programs, a decrease in the District Funded ADA, a decline in the County Operations Grant

due to the decline in the countywide ADA, and an increase in ADA in the future years for the College and Career Preparatory Academy charter school. We continue to monitor and strategize outreach opportunities for all programs and anticipate making changes if necessary.

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

1a. NOT MET - The projected contributions from the unrestricted county school service fund to restricted county school service fund programs have changed since first interim projections by more than the standard for any of the current year or subsequent two fiscal years. Explanation: (required if NOT met)
Contributions from unrestricted programs to some restricted programs have changed by more than the historical amount because we have many programs that have a cap on indirect so they require a contribution for our approved state indirect rate. We continue to monitor and anticipate making appropriate reductions if necessary.

Explanation: (required if NOT met)

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000) — 17,862,951.00
2. Contracted general administrative positions not paid through payroll
   a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.
   b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) — 163,209,601.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) — 10.94%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. — 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	25,731,651.71
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	30,476.60
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (9.35%) times Part III, Line B19); zero if negative	0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (9.35%) times Part III, Line B19) or (the highest rate used to recover costs from any program (9.35%) times Part III, Line B19); zero if positive	(725,693.91)
D. Preliminary carry-forward adjustment (Line C1 or C2)	(725,693.91)
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	8.83%
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment ($-362846.95) is applied to the current year calculation and the remainder ($-362846.96) is deferred to one or more future years:	8.95%
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment ($-241897.97) is applied to the current year calculation and the remainder ($-483795.94) is deferred to one or more future years:	9.00%
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	(725,693.91)

Approved indirect cost rate:	9.35%
Highest rate used in any program:	9.35%
