This summary is an overview of the Orange County Department of Education (OCDE) Budget reflecting the goals and priorities of the County Superintendent and the Orange County Board of Education in alignment with the Local Control Accountability Plan (LCAP). The budget is a complex document that is required to follow state accounting guidelines. The budget summary incorporates information from The Governor's January Budget Proposal for 2024-2025, and provides estimates of actual revenue and expenditures for 2023-2024. The Second Interim Budget includes new entitlements, grants and contracts received since budget adoption and is aligned with the Local Control Accountability Plan for 2023-2024, the Expanded Learning Grant approved in May 2021, the American Recovery Plan Act approved on October 6, 2021, the Educator Effectiveness Grant approved on December 8, 2021, and the Transportation Plan approved in March 2023. The LCAP lays out the main objectives for meeting the learning requirements of high need students and also identifies the expenditures required to meet the objectives.

The 2023-2024 General Fund Budgeted Expenditures are \$337,573,284. After multiple years of declining enrollment and increasing local property taxes, the budget has reached a stage where we are considered to be funded at minimum state aid. This means that any increases in the LCFF calculation from COLAs may result in increasing funds to the Orange County Courts and not OCDE programs. For 2023-2024, only the Local Control Funding Formula and a few specific programs will receive a cost of living adjustment of 8.22%.

REVENUE

The Total General Fund Revenue Projections are \$364,724,227

Revenue Trends (millions)

Local Control Funding Formula (LCFF) is \$127,111,449

The Local Control Funding Formula (LCFF) for County Offices incorporates funding for County-wide services to districts and direct funding for students in Juvenile Court Schools, and referrals from Probation or Social Services. The funding accounts for 36% of our total revenue. The LCFF formula for County Offices is separated into two major components.

Projected Funding for 2023-2024 is \$42,304,399

County Operations Grants: This funding is based on the number of students who attend school in the County or Average Daily Attendance (ADA), and the number of school districts we support. This funding is to perform services mandated under the education code such as financial oversight and services to districts.

Projected funding for 2023-2024 is \$9,057,270

Pupil Driven Grants: Base funding is received per ADA, plus supplemental and concentration grants for students that are classified as one of the following: English Learners, Foster Youth, or qualify for the Free and Reduced Lunch Program. Our 2023-2024 unduplicated rate is 86.87%.

Students in Juvenile Court Schools receive base funding and 100% of the students qualify for Supplemental and Concentration funding.

Projected funding for 2023-2024 is \$29,055,182

Students that are considered type “C” probation referred, expelled or social services referred.

Supplemental is 35% of Base grant

Concentration is 25% of Base grant for unduplicated count over 50%

OCDE serves students that are referred from school districts; this ADA is added to total enrollment for staffing ratios, but the funding for district-referred students is recognized under Local Revenue.

Both County Offices of Education (COEs) and school districts will receive an 8.22% Cost of Living Adjustment (COLA) for LCFF in 2023-2024, however only specific categorical programs will receive this COLA. Beginning in 2023-2024, COEs are able to utilize the greater of current year ADA, prior year ADA, or the average of the three most recent prior years ADA when calculating LCFF Alternative Education funding. This calculation is consistent with the school district LCFF ADA calculation introduced with the 2022-2023 Enacted State Budget.

Because of our minimum state aid/excess tax status, we will be required to transfer over \$10.9 million dollars from our student programs to the Orange County Courts.

Average Daily Attendance (ADA)

OCDE has been declining in enrollment since 2012-2013. Due to COVID-19 and the closure of schools, the State changed the formula for calculating ADA. This resulted in an increase in ADA for 2019-2020 and hold harmless for 2020-2021. As a County Office, we did not receive the benefit of using prior year ADA after 2020-2021 through 2022-2023. However, beginning in 2023-2024, County Offices are able to utilize the greater of current year ADA, prior year ADA, or the average of the three most recent prior years ADA when calculating LCFF Alternative Education funding.

This calculation is consistent with the school district LCFF ADA calculation introduced with the 2022-2023 Enacted State Budget. In 2022-2023 we did have a slight increase in ADA and we are projecting an additional increase in ADA for 2023-2024 due to program enhancements and improved student engagement. A change in State and County guidelines regarding alternatives to incarceration means that fewer students are enrolled in our program and remain in their district of residence. To adjust to the changing environment, we are developing new programs, strengthening partnerships with districts and court agencies, expanding our career technical programs, and providing innovative programs to better serve our students.

Revenue Outside of LCFF

Outside of the LCFF, we receive income in five different ways from Federal, State or Local resources. Below we will detail examples of the revenue we receive as a County Office:

Contracts: Are specific services that an agency wants to contract with OCDE based on specific expertise or experiences.

Entitlements: Are funds normally received on a per student basis, and are either part of the State Budget or Federal Budget authority. Most of these funds are on-going appropriations and may have restricted guidelines for expenditures.

Grants: Are projects that OCDE has applied to funding agencies for, and could come from Federal, State, or Local agencies. These are normally competitive in nature and will require specific expenditures as part of the grant.

Reimbursements: Are revenue received to reimburse a portion of the cost for providing specific services to students, Medi-Cal Administrative Activities (MAA), Medi-Cal Billing program and the Child Nutrition program.

Fee for Services: Most of the fees for services are in Local revenue and they include billing to school districts for students they have referred, excess billing for Special Schools, billing for Inside the Outdoors, Professional Development for school districts, Financial System service fees, and various services OCDE provides on a county-wide basis.

Salary and benefits are 57% of the general budget. OCDE has 1,489 employees, 1,233 regular employees and 256 short term and substitute positions.

Below is a historical look at salary and benefits, which reflects the staffing and service reductions over the years as ADA and funding have declined. We have reduced positions through retirement incentives and attrition in the last few years to improve our student to teacher ratios. The historical data also reflects a sharp increase in employee benefits for both pensions and health and welfare benefits. OCDE collaborates with our collective bargaining units and we include the cost of employee benefits in total compensation when bargaining.

AB1200 guidelines require us to project revenue and expenditures for the current and two subsequent years. The chart above is an excerpt from the budget document that shows our projections for salaries and benefits. This is an important budget item as it represents 57% of our budget.

Salaries in 2023-2024 reflect the savings from retirements and reductions through attrition. Negotiations with all bargaining groups are settled, and employee health and welfare benefit and salary increases are included for all staff. The State Teachers Retirement System (STRS) employers' rates remained at 19.1% for 2023-2024. The Public Employees Retirement System (PERS) increased employer rates from 25.37% to 26.68% in 2023-2024, and are forecasted to increase to 27.8% in 2024-2025 and 28.50% in 2025-2026.

Salaries

As a County Office, we have different needs than a regular school district. Our class sizes are smaller due to state regulations and the specific needs of our students. The Education Code and State Accounting Guidelines dictate how we classify positions. Below is a table that shows a summary of our Certificated and Classified positions.

Certificated Positions	
Teacher's Salaries	30,763,229
Pupil Support Salaries	4,754,556
Supervisors' and Adminsitrators' Salarie	18,590,502
Other Certificated Salaries	2,918,131
Total Certificated Salaries	57,026,418
Classified Positions	
Instructional Salaries	14,447,596
Support Salaries	3,077,765
Supervisor's and Adminsitrator's Salarie	33,866,259
Clerical, Technical, Office Salaries	17,758,779
Other Classified Salaries	177,842
Total Classified Salaries	69,328,241

Benefits

Expenditures for Health and Welfare and Statutory Benefits are summarized below. As an educational entity, we are required to participate in STRS and PERS for all regular employees. In 2015-2016, we implemented the requirements of GASB 68 to recognize the STRS contribution made by the state on behalf of the district (refer to same entry in state revenue). For any short term or substitute employees, we contribute to an alternative retirement plan (PARS) instead of social security unless they qualify by statute for mandatory retirement.

Benefits	
State Teachers' Retirement (STRS)	16,368,099
Public Employers' Retirement (PERS)	19,305,486
Medicare/PARS	2,172,889
Health & Welfare	24,294,701
Unemployment	68,839
Workers' Compensation	2,866,264
Other Benefits	1,076,652
Total Employee Benefits	66,152,930

Salaries and Benefits Projection Summary

Salaries: Negotiations have been settled and included for both OCSEA and CSEA. The certificated bargaining group (OCSEA) received a 3.25% on-going increase and 2% one-time increase. The classified bargaining group (CSEA) received a 3.00% on-going increase and a 2% one-time increase.

Medical Benefits: Negotiations for our health plans are completed. We agreed to pay 50% of the increase in medical costs for the certificated group, and 100% of the increase in medical costs for the classified group to ensure total compensation equity between groups. This year the overall benefit program costs increased by more than 16%. We continue to meet with our Health Benefits Review Committee regularly, and analyze utilization of our plans.

Retirement Benefits: STRS employer rates stayed at 19.1% for 2023-2024 and the PERS employer rates increased from 25.37% to 26.68 %. These rates are anticipated to continue increasing in future years.

Book and Supplies Summary Projections

We have budgeted for furniture and equipment for our school sites and offices, as well as health and safety improvements. Unfortunately, we continue to see supply chain disruptions which can mean long wait times for certain items.

We have increased our technology purchases and internet bandwidth at most sites, and plan to enhance career technical education programs to engage our students. Additionally, we will continue to evaluate the technology needs of our students and staff.

Services and Operating Expenses

Sub-Agreements: \$24,460,628

These are contracts with other agencies for services they provide on our behalf. Multi-Tier System of Support (MTSS) is \$8,397,000, transportation services is \$6,912,507, Student Behavior Health Initiative is \$3,285,063, TUPE is \$2,483,164, K-12 Strong Workforce is \$1,324,343, and \$2,058,551 is for various programs.

Travel and Conference: \$2,790,869

All travel is required to follow OCDE guidelines and procedures. We have budgeted for staff development activities, most notably in ACCESS and Special Education in accordance with the LCAP guidelines. Major object codes for travel and mileage are below:

Object Code 5210 is for local travel, conferences and mileage. As a county-wide agency, we pay mileage to employees who travel between worksites, which is budgeted at \$508,105 for 2023-2024. Travel and parking for local conferences for staff development opportunities are included in this budget category.

Object Code 5220 is for travel and conferences that are outside of the area and may require an overnight stay. We have budgeted \$801,092 for 2023-2024. Many of our programs include statewide collaboration, which usually requires monthly meetings in Sacramento.

Object Code 5230 is for registrations for conferences and workshops. We are supporting staff attendance for virtual conferences for staff development opportunities when possible. We have budgeted \$1,481,672 for 2023-2024.

Dues and Memberships: \$280,561

- Existing policy on dues and memberships states that we do not pay personal dues for employees (see exceptions) unless the dues reduce the cost of a conference or subscription that will create a savings for the organization. We pay for one organizational membership for an association unless OCDE receives a benefit and there may be a cost savings.

Pupil Insurance: \$450,000

- This is liability insurance for OCDE programs, and we have received an assessment for prior year claims due to the passage of AB218. This law has created a significant impact on funding for liability for school districts around the state.

Services and Operating Services Summary Projections

We continue to allocate funding for professional development especially for areas that provide direct services to students. Our leadership team is focusing on providing professional development that will improve skills to assist teachers with engaging students, mitigate learning loss and meet the social emotional needs of our students.

Major Projects: We have budgeted for site improvements for leased sites for our ACCESS program as we transition to larger sites that will allow for more instructional opportunities such as career technical classes, and maker-spaces for technology. We have completed building improvements for our ACCESS site Argosy in Orange. Staff completed their transition and students began attending the new site in January. We have received positive feedback from our parents regarding the location of the site, and we are excited to have another large site that focuses on providing additional services to students. We are also in the process of updating our payroll and retirement system that is over 15 years old. The current system processes payroll for over 90,000 school district and community college district employees in Orange County. We are also evaluating software to improve System and Data Analytics for business and instructional programs.

Capital Outlay

These are expenditures for land, building improvements, capitalized equipment (over \$5,000) or replacement equipment. We have budgeted \$4.4 million for new equipment in the 2023-2024 year.

Capital Outlay Summary Projections

We are evaluating long-term space planning to help forecast our space needs at our current locations, which will require investment in updated furniture to meet health and safety code requirements. We also continue to add outdoor shelters with internet connectivity at applicable sites to increase outdoor learning spaces. Additionally, we have included architect fees for Rancho Sonado, as well as other planned projects.

We will be bidding roofing maintenance, HVAC replacement and building infrastructure updates for some sites in 2023-2024. Most of these items will be reimbursed by deferred maintenance funds or we will utilize available COVID relief funding.

Other Outgo

These are expenditures to other school districts or agencies. This also includes transfers to the Orange County Court for excess property taxes.

Interfund Transfers

We are budgeting to transfer \$807,834 to the Child Development Program that is accounted for in Fund 12. This is required because state and federal program entitlements cap our indirect rate at 8%. We are also budgeting to transfer \$980,735 for contributions to the Deferred Maintenance Program, Fund 14 for future facility maintenance needs as required by the State.

Excess/Deficiency

This is the difference between revenue and expenditures. If we have more revenue than expenditures, then it is an Excess. Less current year revenue than current year expenditures is a Deficiency. The 2023-2024 Second Interim Budget projects an excess of \$27,150,943.

Summary

Our 2023-2024 Second Interim projections reflect an excess (current year revenues vs. current year expenditures) of \$27,150,943. This budget includes ESSER III funds that we anticipate expending in 2023-2024. We have reduced the anticipated revenue for the Learning Recovery Emergency and Arts and Music grant programs based on the 2023-2024 Enacted State Budget and plan to use the funds in the future years.

The current year revenue vs. expenditures show an excess, and our on-going expenditures are balanced to on-going revenue. Accordingly, we do not have a structural deficit. Salary and benefit increases are included for all groups since collective bargaining has been completed. Additionally, legislative changes in layoff timelines will require close monitoring of our budget needs.

We continue to evaluate our instructional needs, as we are required to show increased or improved services for our students that receive supplemental and concentration funding, which is allocated in our Local Control Accountability Plan (LCAP). We are cautious on planning for on-going expenditures based on one-time funding, and we continue to closely monitor our enrollment trends and adjust staffing as needed. Most of Orange County schools are showing significant enrollment declines which will have an impact on our ability to gain new students. OCDE's philosophy is that ending balance reserves should only be spent on one-time expenditures since it is not an on-going stream of revenue. Our strong financial position will allow us to make thoughtful reductions that will not impact services to students, districts or our community partners.

2023-2024 Second Interim Budget
March 6, 2024

Criteria and Standards Review Summary Explanation if Criteria are Not Met

- 1a Average Daily Attendance (ADA)
Projected Average Daily Attendance (ADA) for County Office and Projected County Operations Programs is not meeting the historical standard due to the changes in our student population and the changes from the state for funded ADA. This budget includes a small growth in our programs ADA however ADA is funded at greater of actual ADA, prior year ADA, or the average of the last prior three years. We continue to monitor and strategize outreach opportunities for all programs and anticipate making changes if necessary.
- 4a Other Revenues
Projected Other Revenues are not meeting the standard because we are budgeting to increase in funding from one-time entitlements, increase for Local Control Funding Formula (LCFF) Equity Multiplier, increase for Educational Workforce Investment program, increase for Career Technical Education Incentive program, and changes for various categorical programs. We are also reducing funding in the future years due to the one-time funding received in prior years.

Supplemental explanations if answered yes:

- S5 Contributions from unrestricted programs to some restricted programs are not meeting the standard due to the proposed funding changes to the childcare program and future years show a decline in funding from the projected Average Daily Attendance (ADA) in our programs which increases contributions. Contributions will continue to be provided for programs that have a cap on indirect so they require a contribution for our new approved state indirect rate. We continue to monitor and anticipate making appropriate reductions if necessary.
- S6 We do not have any new long-term commitments that have been budgeted in subsequent years. The long-term commitment we currently have is the certificates of participation for the Esplanade facility for 6 years. We have no other outstanding liabilities that have not been included in the budget.
- S7a We do not offer retiree benefits except for upon retiring, the retiree is given the opportunity to participate in our health & welfare program by purchasing medical & dental insurance from the COE at a discounted rate. The difference between the market rate and the discounted rate is the implicit factor to our benefit plan and our OPEB liability. We fully funded the total liability amount in Fund 17
- S7b We do have other self-insurance benefits. Fund 67 is set aside for our self-insurance dental plan. Our worker's compensation is funded through a JPA. Both funds have adequate reserves and are monitored regularly.

58. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 19,342,733.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit. _____

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 173,017,921.00

C. Percentage of Plant Services Costs Attributable to General Administration

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.
Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	28,578,826.19
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	(5,567.56)
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (9.32%) times Part III, Line B19); zero if negative	0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (9.32%) times Part III, Line B19) or (the highest rate used to recover costs from any program (13.87%) times Part III, Line B19); zero if positive	(614,677.55)
D. Preliminary carry-forward adjustment (Line C1 or C2)	(614,677.55)
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	8.93%
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-307338.77) is applied to the current year calculation and the remainder (\$-307338.78) is deferred to one or more future years:	9.03%
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-204892.52) is applied to the current year calculation and the remainder (\$-409785.03) is deferred to one or more future years:	9.06%
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	(614,677.55)
