This summary is an overview of the Orange County Department of Education (OCDE) Budget reflecting the goals and priorities of the County Superintendent and the Orange County Board of Education aligning with the Local Control Accountability Plan (LCAP). The budget is a complex document that is required to follow state accounting guidelines. The budget summary incorporates information from the State Budget that was signed by the Governor on July 7, 2021 and recent federal budget actions. The First Interim Budget includes new entitlements, grants and contracts and is aligned with the Local Control Accountability Plan for 2021-22, the Expanded Learning Grant that was approved in May 2021, and the American Recovery Plan Act approved on October 6, 2021. The LCAP lays out the main objective for meeting the learning requirements of high need students. The LCAP also identifies the expenditures for meeting the identified objectives, this becomes a second statement of the Superintendent's and Board's priorities along with those identified on these pages.

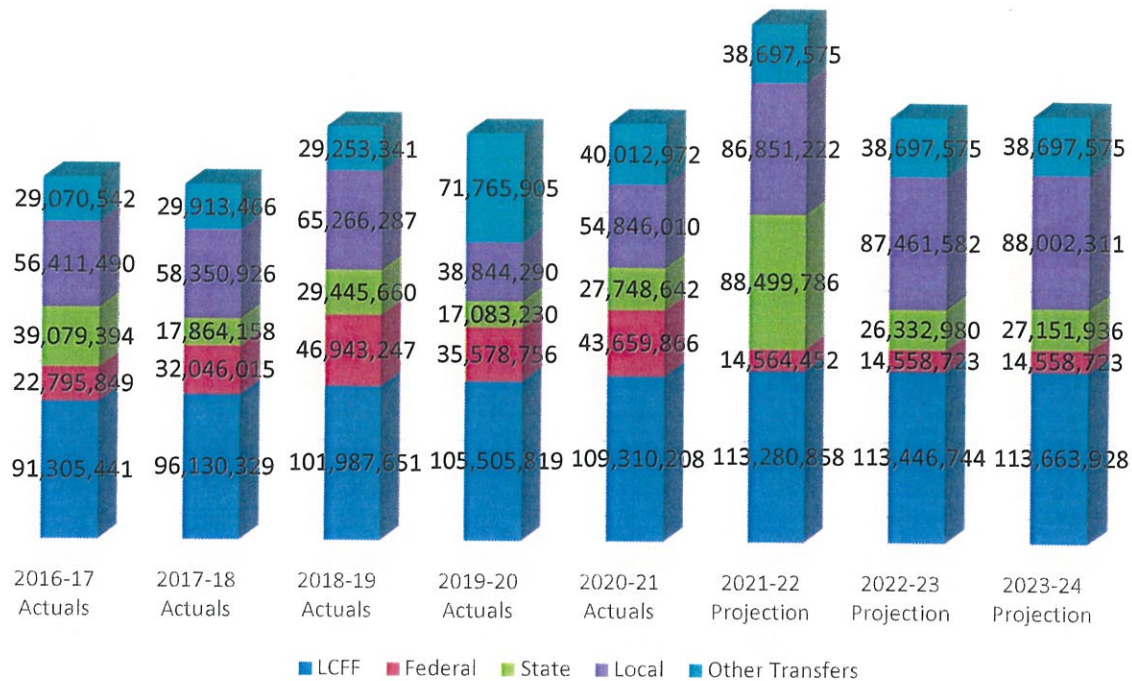

The revised 2021-22 General Fund Budget is \$324,019,568. After multiple years of declining enrollment and increasing local property taxes, the budget has reached a stage where we are considered excess tax funded. This means any increases in the LCFF calculation from COLA's will result in increasing funds to the Orange County Courts and not OCDE programs.

REVENUE

The Total General Fund Revenue Projections are \$341,893,893

Revenue Trends

Local Control Funding Formula (LCFF) is \$113,280,858

The Local Control Funding Formula (LCFF) for County Offices incorporates funding for County-wide services to districts and direct funding for students in Juvenile Court Schools, and referrals from Probation or Social Services. This is 35% of our total revenue. The LCFF formula for County Offices is separated in two major components.

County Operations Grants: This funding is based on the number of students who attend school in the County or Average Daily Attendance (ADA), and the number of school districts we support. This funding is to perform services mandated under the education code such as financial oversight and services to districts. **Projected Funding for 2021-22 is \$ 27,847,903**

Pupil Driven Grants: Base funding is received per ADA, plus supplemental and concentration grants for students that are one of the following: English Learners,

Foster Youth, or qualify for Free and Reduced Lunch Program. Our 2021-22 unduplicated rate is 82.93%.

Students in Juvenile Court Schools receive base funding and 100% of the students qualify for Supplemental and Concentration funding. **Projected funding for 2021-22 is \$4,221,059**

Students that are considered type “C” probation referred, expelled or social services referred.

Supplemental is 35% of Base grant

Concentration is 25% of Base grant for unduplicated count over 50%

Projected funding for 2021-22 is \$8,489,599

OCDE serves students that are referred from school districts; this ADA is added to total enrollment for staffing ratios, but the funding for district-referred students is recognized under Local Revenue.

Both COE’s and School Districts are projected to receive 5.07% Cost of Living increase for LCFF in 2021-22. Unlike school districts, County Offices do not have the advantage of using prior year ADA. This is reflected in the current year reduction of 2,313 ADA and the corresponding reduction in LCFF funding. Because of our excess tax status, we will be required to transfer over \$35 million dollars from our student programs to the Orange County Courts. We have budgeted to receive a 4.05% COLA for special education and a 1.7% for other state revenues, and income from students that are referred from their school districts is recognized in Local Revenue using the projected 2021-22 ADA.

Average Daily Attendance (ADA)

OCDE has been declining in enrollment since 2012-13. Due to COVID-19 and the closure of schools, the State changed the factor for calculating ADA. This resulted in an increase in ADA for 2019-20 and hold harmless for 2020-21. As a County Office, we do not receive the benefit of using prior year ADA after 2020-21, so we anticipate a decline of 2,313 ADA in 2021-22. A change in State and County guidelines regarding alternatives to incarceration means that fewer students are enrolled in our

program and stay in their district of residence. To adjust to the changing environment, we are developing new programs, strengthening partnerships with districts, court agencies, expanding our career technical programs, and providing innovative programs so we can better serve our students.

Revenue Outside of LCFF

Outside of LCFF, we receive income in five different ways from Federal, State or Local resources. Below we will detail examples of the revenue we receive as a County Office:

Contracts: Are specific services that an agency wants to contract with OCDE based on specific expertise or experiences.

Entitlements: Are funds normally received on a per student basis, and are either part of the State Budget or Federal Budget authority. Most of these funds are on-going appropriations and may have restricted guidelines for expenditures.

Grants: Are projects that OCDE has applied to funding agencies for, and could come from Federal, State, or Local agencies. These are normally competitive in nature and will require specific expenditures as part of the grant.

Reimbursements: Are revenue received to reimburse a portion of the cost for providing specific services to students, Medi-Cal Administrative Activities (MAA), Medi-Cal Billing program and the Child Nutrition program.

Fee for Services: Most of the fees for services are in Local revenue and they include billing to school districts for students they have referred, excess billing for Special Schools, billing for Inside the Outdoors, Professional Development for school districts, Financial System service fees, and various services OCDE provides on a county-wide basis.

Total Federal Revenue is \$14,564,452

Salary and benefits are 53% of the general budget. OCDE has 1,405 employees 1,149 regular employees and 256 short term and substitute positions.

Below is a historical look at salary and benefits, which reflects the staffing and service reductions over the years as ADA and funding have declined. We have reduced positions through retirement incentives and attrition in the last few years to improve our student to teacher ratios. The historical data also shows a sharp increase in employee benefits for both pensions and health and welfare benefits. OCDE collaborates with our collective bargaining units and we add the cost of employee benefits to total compensation when bargaining.

AB1200 guidelines require us to project revenue and expenditures for the current and two subsequent years. The chart below is an excerpt from the budget document that shows our projections for salaries and benefits. This is an important budget item as it is 56% of our budget.

Salaries in 2021-22 reflect the savings from retirements and reductions through attrition. Employee health and welfare benefit and salary increases are included, as we have completed negotiations with our collective bargaining units. The State Teachers Retirement System (STRS) employers' rates increased from 16.15% to 16.92% for 2021-22, but are forecasted to increase to 19.10% for 2022-23 and 2023-24. The Public Employees Retirement System (PERS) increased employer rates from 20.7% to 22.91%, but are forecasted to increase to 26.1% in 2022-23 and 27.10% in 2023-24.

Salaries

As a County Office, we have different needs than a regular school district. Our class sizes are smaller due to state regulations and the specific needs of our students. The Education Code and State Accounting Guidelines dictate how we classify positions. Below is a table that shows a summary of our Certificated and Classified positions.

Certificated Positions	
Teacher's Salaries	30,091,520
Pupil Support	3,662,605

Benefits

Expenditures for Health and Welfare and Statutory Benefits are summarized below. As an educational entity, we are required to participate in STRS and PERS for all regular employees. In 2015-16, we recognized the requirements of GASB 68 to recognize the STRS contribution made by the state on behalf of the district (see same entry in state revenue). We contribute to an alternative retirement plan (PARS) for any short term or substitute employee instead of social security unless they qualify by statute for mandatory retirement.

Salaries and Benefits Projection Summary

Salaries: Negotiations are completed with all bargaining groups at this time and the budget does incorporate salary increases. We have included an increase for step and column adjustments as required by collective bargaining.

Medical Benefits: We agreed to pay for the increase of our medical plans for the 2021-22 year. We continue to meet with our Health Benefits Review Committee regularly, and analyze utilization of our plans. Our broker and the Health Benefits Review Committee agreed that we should market our plans to other insurance companies this year as we look at what options are available to meet the needs of our employees. Contract negotiations concluded with an increase to our PPO plan but a decrease in our HMO and TRIO plan.

Retirement Benefits: STRS employer rates increased from 16.15% to 16.92% for 2021-22 and PERS employer rates increased from 20.7% to 22.91%. These rates are anticipated to continue increasing in future years.

Incorporated in the Materials and Supplies category is a holding account of \$9,752,603 that has not been allocated yet.

Book and Supplies Summary Projections

We have budgeted for furniture and equipment for anticipated moves to larger consolidated sites. Since 2014, we have been consolidating sites as our decline in ADA and teaching staff continues to decrease. For many reasons, including student and staff safety and improved program delivery, we have been consolidating to areas that have higher student populations where we can increase the services we offer our students. We have increased our technology purchases and internet bandwidth at most sites, and plan to enhance career technical programs to engage our students. We will continue to evaluate the technology needs of our students and staff.

Services and Operating Expenses

Sub-Agreements \$16,454,081

These are contracts with other agencies for services they provide on our behalf. Multi-Tier System of Support (MTSS) is \$9,180,515, transportation services \$5,272,049, TUPE is \$1,882,420 and \$119,097 for various programs.

Travel and Conference \$2,239,404

All travel is required to follow OCDE procedures. We have budgeted for staff development activities, most notably in ACCESS and Special Education in accordance with the LCAP guidelines. Major object codes for travel and mileage are below:

Object Code 5210 is for local travel, conferences and mileage. As a county-wide agency, we pay mileage to employees who travel between worksites, which is budgeted to be \$449,452 for 2021-22. Travel and parking for local conferences for staff development opportunities are included in this budget category.

Object Code 5220 is for travel and conferences that are outside of the area and may require an overnight stay. We are budgeting \$935,432 for 2021-22. Many of these programs include statewide collaboration, which usually requires monthly meetings in Sacramento.

Object Code 5230 is for registrations for conference and workshops. We are supporting staff attendance for virtual conferences for staff development opportunities when possible. We are budgeting \$854,578 for 2021-22.

Dues and Memberships: \$197,949

- Existing policy on dues and memberships states that we do not pay personal dues for employees (see exceptions) unless the dues reduce the cost of a conference or subscription that will create a savings for the organization. We pay for one organizational membership for an association unless OCDE receives a benefit and there may be a cost savings.

Pupil Insurance: \$531,532

- This is liability insurance for OCDE programs, and we have received an assessment for prior year claims due to the passage of AB218. This law has created a significant impact on funding for liability for school districts around the state.

Utilities: \$1,203,175

- Water, Natural Gas, Electricity, Waste Disposal, Pest Control and Sweeping services.

Rentals and Leases: \$10,375,052

- The cost of leasing our school sites is \$7,291,778. This category also includes equipment maintenance agreements for all of our sites.

Transfers of Direct Costs: (\$46,814)

- Record transfers of administrative costs on any basis other than the indirect cost rate.

Professional Services: \$25,039,432

- This group includes expenditures for maintenance and service contracts, custodial contracts, Instructional Consultants, Consultants Non-Instructional, hearing and legal costs, data processing contracts, and contracts for fingerprinting services.

- This category includes: Internet services at sites, postage, cell phones, telephones and emergency radios.

Services and Operating Services Summary Projections

We continue to allocate funding for professional development especially for areas that provide direct services to students. Our leadership team is focusing on skills to help teachers with engaging students and making up for any learning loss.

Major Projects: We have budgeted for site improvements for leased sites for our ACCESS program as we transition to larger sites that will allow for more instructional opportunities such as career technical classes, and maker-spaces for technology. Though we will occupy larger sites, we will be closing over 23 smaller sites due to declining enrollment. Due to COVID-19, many of our plans were delayed, but we are moving forward with improvements at the Argosy ACCESS site in Orange, and Harbor Learning Center North will open in 2021-22. We are in the process of updating our payroll and retirement system that is over 15 years old. The current system processes payroll for over 90,000 school district and community college district employees in Orange County. We are also evaluating software for a Learning Management System and Data Analytics for business and instructional programs.

Capital Outlay

These are expenditures for land, building improvements, capitalized (over \$5,000) equipment or replacement equipment. We have budgeted \$3 million for new equipment in the 2021-22 year.

Capital Outlay Summary Projections

We are evaluating long-term space planning to forecast our space needs at our current locations, which will require investment in updated furniture to meet health and safety codes. We are adding Outdoor shelters at applicable sites to increase outdoor learning spaces that include internet connectivity.

We will be bidding asphalt and roofing maintenance contracts for sites for 2021-22. Some of these items will be reimbursed by deferred maintenance funds.

Other Outgo

These are expenditures to other school districts or agencies. This also includes transfers to the Orange County Court for excess property taxes.

Interfund Transfers:

We are budgeting to transfer \$658,654 to the Child Development Program located in Fund 12, because their state and federal entitlements cap our indirect rate at 8%. We are also budgeting to transfer \$980,735 for contributions to the Deferred Maintenance Program - Fund 14 for future facility maintenance needs as required by the State.

Excess/Deficiency:

This is the difference between revenue and expenditures. If we have more revenue than expenditures, then it is an Excess. Less current year revenue than current year expenses is a Deficiency. The 2021-22 First Interim does project an Excess of \$17,874,325.

Summary

Our updated projection for 2021-22 reflects a surplus or excess (current year revenues vs. current year expenditures) of \$17,874,325. This budget does include one-time State COVID-19 Relief Funding of \$17.9 million that is required to be expended by June 30, 2023. This budget does not include ESSR III funds that we anticipate expending after 2021-22. Salary and benefit increases are included since collective bargaining with both groups are concluded. We are currently analyzing the possibility of offering a retirement incentive for bargaining unit members to reduce the number of possible lay-offs due to declining enrollment. We will monitor our budget closely and make reductions throughout the year where possible.

We continue to evaluate our instructional needs, as we are required to show increased or improved services for our students that receive supplemental and concentration funding which is allocated in our LCAP. We are cautious on planning for on-going expenditures based on one-time funding. We will closely look at our enrollment trends as we move into the new school year which may impact staffing. Most of Orange County schools are showing significant declines which will have an impact on our ability to gain new students. The Governor's Budget included many categorical programs that are included in the First Interim Budget.

OCDE's philosophy is that ending balance reserves should only be spent on one-time expenditures since it is not an on-going stream of revenue. Our strong financial position will allow us to make thoughtful reductions that will not impact services to students, districts or our community partners.

Criteria and Standards Review Summary Explanation if Criteria are Not Met

- 1 Average Daily Attendance (ADA)
Projected Average Daily Attendance (ADA) for County Operations Grant or county operated programs has changed since budget adoption and is not meeting the historical variance in ADA due to the changes in our student population and because this budget includes a decrease in ADA for the future years. We are anticipating growth in the Average Daily Attendance (ADA) for the College and Career Preparatory Academy charter school. We continue to monitor and strategize outreach opportunities for all programs and anticipate making changes if necessary.
- 2 Local Control Funding Formula (LCFF) Revenue
Projected County Office Local Control Funding Formula (LCFF) revenue is not meeting the standard because as our Orange County Property tax continues to increase above the statewide averages and our programs continue declining in enrollment this has moved us into the LCFF minimum state aid category. This change means that we will not receive any new LCFF funding from either growth in attendance or cost of living increases until we exceed the minimum guarantee. The projected increase in funding is for the College and Career Preparatory Academy charter school.
- 4a Other Revenues
Projected Other Revenues are not meeting the standard because we are including the increase in funding for the COVID Mitigation for Counties, budgeting for one-time CARES funding, and excluding the revenue in the future years. We are also reducing funding in the future years due to one-time funding received in prior years.
- 4b Other Expenditures
Projected Other Expenditures for books and supplies and for services have changed by more than the historical amount because we are using this account until we receive specific grant parameters that will allow us to allocate the expenditures to the appropriate accounts. In addition, we are budgeting for one-time expenditures for one-time funding received in prior years.

Supplemental explanations if answered yes:

- S5 Contributions from unrestricted programs to some restricted programs are not meeting the standard due to the proposed funding changes to the childcare program and future years show a decline in funding from the projected Average Daily Attendance (ADA) in our programs which increases contributions. Contributions will continue to be provided for programs that have a cap on indirect so they require a contribution for our new approved state indirect rate. We continue to monitor and anticipate making appropriate reductions if necessary.
- S6 We do not have any new long-term commitments that have been budgeted in subsequent years. The long-term commitment we currently have is the certificates of participation for the Esplanade facility for nine years. We have no other outstanding liabilities that have not been included in the budget.
- S7a We do not offer retiree benefits except for upon retiring, the retiree is given the opportunity to participate in our health & welfare program by purchasing medical & dental insurance from the COE at a discounted rate. The difference between the market rate and the discounted rate is the implicit factor to our benefit plan and our OPEB liability. We fully funded the total liability amount in Fund 17
- S7b We do have other self-insurance benefits. Fund 67 is set aside for our self-insurance dental plan. Our worker's compensation is funded through a JPA. Both funds have adequate reserves and are monitored regularly.

1B. Comparison of County Office ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected ADA for County Operations Grant or county operated programs has changed since budget adoption by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard, a description of the methods and assumptions used in projecting ADA, and what changes will be made to improve the accuracy of projections in this area.

Explanation:
(required if NOT met)

Projected Average Daily Attendance (ADA) for County Operations Grant or county operated programs has changed since budget adoption and is not meeting the historical variance in ADA due to the changes in our student population and because this budget includes a decrease in ADA for the future years. We are anticipating growth in the Average Daily Attendance (ADA) for the College and Career Preparatory Academy charter school. We continue to monitor and strategize outreach opportunities for all programs and anticipate making changes if necessary.

Projected County Office Local Control Funding Formula (LCFF) revenue is not meeting the standard because as our Orange County Property tax continues to increase above the statewide averages and our programs continue declining in enrollment this has moved us into the LCFF minimum state aid category. This change means that we will not receive any new LCFF funding from either growth in attendance or cost of living increases until we exceed the minimum guarantee. The projected increase in funding is for the College and Career Preparatory Academy charter school.

Explanation:
(required if NOT met)

4. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating) for any of the current fiscal year or two subsequent fiscal years have not changed by more than five percent since budget adoption.

Changes that exceed five percent in any major object category must be explained.

County Office's Other Revenues and Expenditures Explanation Percentage Range:	-5.0% to +5.0%

4A. Calculating the County Office's Change by Major Object Category and Comparison to the Explanation Percentage Range

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise, enter data into the first column. First Interim data for Current Year are extracted. If First Interim Form MYPI exists, data for the two subsequent years will be extracted; if not, enter data for the two subsequent years into the second column.

Explanations must be entered for each category if the percent change for any year exceeds the county office's explanation percentage range.

Object Range / Fiscal Year	Budget Adoption Budget (Form 01CS, Item 4B)	First interim Projected Year Totals (Fund 01/Form MYPI)	Percent Change	Change Is Outside Explanation Range
Federal Revenue (Fund 01, Objects 8100-8299) (MYPI, Line A2)				
Current Year (2021-22)	14,606,909.00	14,564,452.00	-0.3%	No
1st Subsequent Year (2022-23)	15,341,213.00	14,558,723.00	-5.1%	Yes
2nd Subsequent Year (2023-24)	15,341,213.00	14,558,723.00	-5.1%	Yes

Explanation:
(required if Yes)

Projected Federal Revenue is not meeting the standard due to the decrease from the reclassification of the Medical Administrative Activities (MAA) program from federal revenue to local revenue. These funds are mostly pass through to districts. In addition, we are budgeting for one-time CARES Act & COVID-19 Respose Relief funding and excluding the revenue in the future years. We will continue to monitor and adjust the projections if necessary.

Other State Revenue (Fund 01, Objects 8300-8599) (Form MYPI, Line A3)				
Current Year (2021-22)	66,297,888.00	88,499,786.00	33.5%	Yes
1st Subsequent Year (2022-23)	29,063,204.00	26,332,980.00	-9.4%	Yes
2nd Subsequent Year (2023-24)	23,664,373.00	27,151,936.00	14.7%	Yes

Explanation:
(required if Yes)

Projected Other Revenues are not meeting the standard because we are including the increase in funding for the COVID Mitigation for Counties, budgeting for one-time CARES funding, and excluding the revenue in the future years. We are also reducing funding in the future years due to one-time funding received in prior years.

Other Local Revenue (Fund 01, Objects 8600-8799) (Form MYPI, Line A4)

2nd Subsequent Year (2023-24)	34,450,508.00	23,359,304.00	-32.2%	Yes

Explanation:
(required if Yes)

Projected Books and Supplies have changed by more than the historical amount because we are using this account until we receive specific grant parameters that will allow us to allocate the expenditures to the appropriate accounts. In addition, we are budgeting for one-time expenditures from one-time funding received in prior years.

Services and Other Operating Expenditures (Fund 01, Objects 5000-5999) (Form MYPI, Line B5)

2nd Subsequent Year (2023-24)		35,624,012.00	0.0%	Yes

Explanation:
(required if Yes)

Projected Services and Other Expenditures have changed by more than the historical amount because the programs are reducing this account due to our non-deficit spending requirements. In addition, we are budgeting for one-time CARES Act expenditures, and for one-time expenditures for funding received in prior years. NOT MET - The projected contributions from the unrestricted county school service fund to restricted county school service fund programs have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify restricted programs and contribution amount for each program and whether contributions are ongoing or one-time in nature. Explain the county office's plan, with timeframes, for reducing or eliminating the contribution.

Explanation:
(required if NOT met)

Contributions from unrestricted programs to some restricted programs are not meeting the standard due to the proposed funding changes to the childcare program and future years showing a decline in funding from the projected Average Daily Attendance (ADA) in our programs which increases contributions. Contributions will continue to be provided for programs that have a cap on indirect so they require a contribution for our new approved state indirect rate. We continue to monitor and anticipate making appropriate reductions if necessary.

- 1b. MET - Projected transfers in have not changed since budget adoption by more than the standard for the current year and two subsequent fiscal years.

Explanation:
(required if NOT met)

- 1c. NOT MET - The projected transfers out of the county school service fund have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify the amounts transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the county office's plan, with timeframes, for reducing or eliminating the transfers.

Explanation:
(required if NOT met)

Projected transfers out have changed by more than the standard amount due to the projected changes in funding for the Childcare program.

- 1d. NO - There have been no capital project cost overruns occurring since budget adoption that may impact the county school service fund operational budget.

Project Information:

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 16,916,044.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 155,589,559.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 10.87%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. Entry required

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	25,918,982.37
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	25,280.99
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (9.34%) times Part III, Line B19); zero if negative	1,090,300.17
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (9.34%) times Part III, Line B19) or (the highest rate used to recover costs from any program (9.34%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	1,090,300.17
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	1,090,300.17

Approved indirect cost rate: 9.34%
 Highest rate used in any program: 9.34%
