FALL 2013 RACIAL AND ETHNIC SURVEY HIGHLIGHTS

The Fall 2013 Racial and Ethnic Survey report was compiled and published by the Business Services Division of the Orange County Department of Education, containing data provided by the California Department of Education's (CDE) Data Reporting office, which extracted from the California Longitudinal Pupil Achievement Data System (CALPADS) filed by schools in Orange County to the CDE.

For the purpose of this report, we have chosen to combine several ethnic categories to be consistent with the way data was reported in the previous year's Racial and Ethnic Survey. The Multiple/Missing category is a combination of the Multiple and Missing categories, which is comprised of students who identified two or more races or chose to not disclose their race. The Asian category is a combination of the Asian and Filipino categories. In some cases, year-over-year changes in race and ethnicity can be attributed to school districts re-surveying students using the latest federal definitions of the racial and ethnic categories.

The following information highlights the data shown in this report:

Elementary School Districts	93,034
