### School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

### Principal's Message

The College and Career Preparatory Academy (CCPA) is an affiliate Charter School to the Orange County Department of Education/Alternative, Community, and Correctional Education Schools and Services (ACCESS). CCPA provides an educational program for those 18-24 years of age that have not yet completed a high school diploma. This program serves the targeted population with an independent-study model of instruction that provides the flexibility and support to work and participate in career training programs. CCPA supports its students in a way that focuses on one of the legislative intents in the Charter Schools Act, which is to "increase learning opportunities for all pupils."

Through collaboration with a variety of partners, CCPA's ability to meet the needs of its diverse population is strengthened. The most important partnerships are those formulated between teachers, students, parents, mentors and the community. The dynamics among these groups are critical to the planning, implementing and design of CCPA. Agency and community partners are vital to the academic and personal progress, and meaningful learning experiences for CCPA students. These partnerships provide guest speakers, mentors, field trips, career fairs, job shadowing, project-based learning experiences, internships and community service opportunities. CCPA partners with six agencies through their Workforce Innovation Opportunity Act (WIOA), Department of Labor Innovation Grant Funding. Since its inception it has impacted the lives of more than 300 young adults by giving them the opportunity to complete their high school graduation requirements, develop an Individualized Education Career Service Plan (IECSP), to connect them with WIOA partners who assist them in career exploration and guidance, opportunities for skills training in high demand industries, and leading to a good job along a career pathway or postsecondary education.

CCPA opened its doors in the fall of 2015. Currently the enrollment is 171 students who are serviced by six teachers at five different locations throughout Orange County. The majority of our students reside in the cities of Anaheim and Santa Ana. The school's ethnicity breakdown consists of 79 percent Hispanic or Latino, 8 percent white, 5 percent Native American, and gender mix is equal. Forty-seventy percent of our students range in age from 18-20 years old, but also 24 percent of our students are age 24 and 25. The percentage of students classified as English learners is 43 percent, as low income is 17 percent, and as foster youth is 1 percent. Since the fall of 2015, not only have the lives of the fifty-two graduates been impacted, but also the lives of their family members. Of the 52 graduates, 26 have enrolled in college, 20 are employed in their career path, two are enrolled in an apprenticeship program, and two have applied for Deferred Action for Childhood Arrivals (DACA).

### Parental Involvement

We provide many opportunities for parents to get involved. These opportunities include:

- Governance council member
- Governance council meetings
- District English Learner Advisory Committee (DELAC) meetings
- English Learner Advisory Committee (ELAC) meetings
- Open houses
- Parent letter
- FAFSA workshops
- College fairs
- Graduation
- Local Control and Accountability Plan (LCAP)

For more information on how to become involved at the school, please contact Janet Gamache, Instructional Programs Assistant, at (714) 796-8795 or JGamache@ocde.us.

### School Safety

The College and Career Preparatory Academy Safe School Plan is updated biannually. The College and Career Preparatory Academy Safe School Plan is reviewed by the administrator and staff of each administrative unit prior to approval. Contents of the Safe School Plan include but are not limited to board policies, safe school strategies and programs, crisis-response procedures, and threat-assessment protocol. In addition, individual school sites develop safe school plans customized to address their specific needs. Site-specific safe school plans are kept at the sites and at the regional administrative offices.

The school safety plan was last reviewed, updated and discussed with the school faculty in March 2017.

### Values

CCPA is dedicated to the fundamental human values of respect, responsibility, integrity and professional ethics. Our priority is service to students, schools, districts, families and community members. We provide a safe, caring, courteous, and professional environment that fosters collaborative work and individual development for our students. We hold ourselves and each other accountable for the highest level of performance, efficiency, resource management and professionalism.

### Mission Statement

College and Career Preparatory Academy will immediately reduce the dropout rate and assist every student to accelerate transitioning to postsecondary education and training through the development of an Individualized Education Career Service Plan (IECSP). The IECSP will emphasize a career focused curriculum through individualized pathways, culminating in achievement of a high school diploma or equivalency and necessary career readiness skills. We envision a safe, supportive learning environment where communication and achievement is fostered and accomplishments are celebrated.

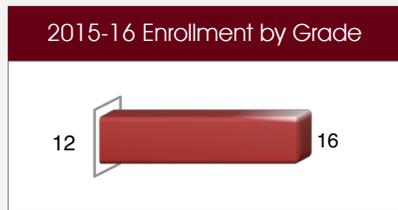

### Vision Statement

College and Career Preparatory Academy (CCPA) will inspire students to fulfill their academic, career and personal goals. CCPA students will prepare to earn their high school diploma or equivalency leading to the achievement of the ultimate goals of developing and empowering students' success through completion of postsecondary certificates and degrees, career and community connectedness.

## Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2015-16 school year.

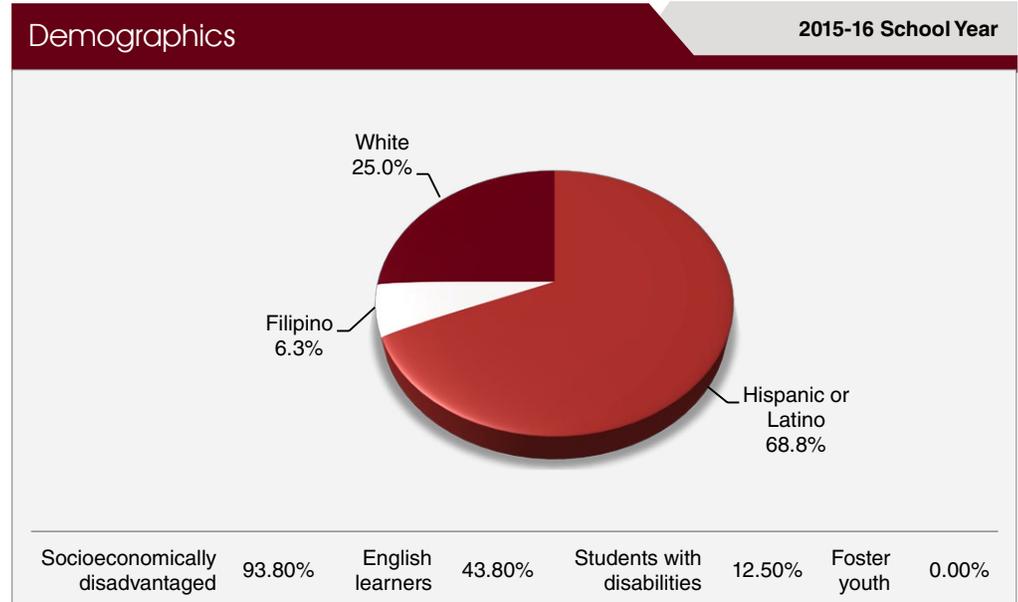

## Professional Development

CCPA devotes three full days to individual staff trainings as well as monthly staff development opportunities for staff to increase skills in the areas of instructional methodologies, assessment, reclassification of English learners, classroom and behavioral interventions, and Common Core strategies. Workshops are also offered to deliver information on community partners and the resources they provide to students, parents and staff in the area of college and career readiness. Staff members are invited to participate in specialized groups or focus groups to provide feedback on the Local Control Accountability Plan and the Division Strategic Plan. Administrative staff participates monthly in Leadership Training and Action Group, which focuses on site-level decision-making, policy review and program evaluation. Opportunities for input into documents such as the LCAP and OCDE Strategic Plan are included in these meetings. Administrative staff members also discuss and evaluate the effectiveness of the school program, review the LCAP, and identify needs and targeted areas for school and program improvement. The staff development days and administrative meetings allow staff to discuss the schools' strengths, as well as design and implement changes for the next school year. Input is critical to maintaining the collaborative nature of the team, and, consequently, the commitment of staff to serve the needs of our students and families is strong.

## Enrollment by Student Group

The total enrollment at the school was 16 students for the 2015-16 school year. The pie chart displays the percentage of students enrolled in each group.

## Class Size Distribution

Due to low enrollment, class size data for College and Career Preparatory Academy is not available.

## Federal Intervention Program

Schools and districts will not be newly identified for Program Improvement (PI) in the 2016-17 school year under the Every Student Succeeds Act (ESSA) that became law in December 2015, which reauthorized the Elementary and Secondary Education Act (ESEA). Schools and districts receiving Title I, Part A funding for the 2015-16 school year and were "In PI" in 2015-16 will retain their same PI status and placement year for 2016-17. Schools and districts receiving Title I, Part A funding for the 2015-16 school year and either had a status of "Not in PI" for the 2015-16 school year or did not receive Title I, Part A funding in the 2014-15 school year will have a status of "Not in PI" for the 2016-17 school year. The percentage of schools identified for Program Improvement is calculated by taking the number of schools currently in PI within the district and dividing it by the total number of Title I schools within the district.

This table displays the 2016-17 Program Improvement status for the school and district. For detailed information about PI identification, please visit [www.cde.ca.gov/ta/ac/ay/tidetermine.asp](http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp).

### Types of Services Funded

CCPA collaborates with Workforce Innovation and Opportunity Act (WIOA) partners to support job training/ placement, short-term workplace employment experiences, life-skills training, entrepreneurial and leadership skills training, career exploration, and enrollment in CTE courses. These experiences have the potential to provide part- and full-time, long-term employment opportunities. Through these programs, participating students gain real-world skills that they can apply to their everyday lives. Through the collaboration of CCPA staff and community partners, students focus in on potential career paths and the acquisition of marketable job-readiness skills. This collaboration arranges community college tours, provides enrollment information to students and families and helps students enroll in college pre- and post-graduation.

WIOA community partners provide health and mental-health services or referrals that support the social-emotional well-being of our students. In addition, the WIOA community partners offer pro-social activities including Gang Prevention and Intervention; DACA; citizenship; English as Second Language (ESL) services; parenting classes; and Alcohol, Tobacco, and Other Drugs for students throughout CCPA.

WIOA community partners offer wraparound services to create a network of support that nurtures the individual student as a whole and encourages student and family involvement in the education process. By addressing both the academic and social-emotional needs of the student, CCPA WIOA community partners' supplemental services enrich the school program. Paraeducators, tutors and community partners work with students in small groups and individually to help students be successful with the core curriculum. CCPA staff and community partners assist students with essential academic, employment and life skills. CCPA staff members engage students and families in their education, support family-friendly practices in our schools and build community partnerships to help meet basic needs required for academic success.

### California Assessment of Student Performance and Progress (CAASPP)

For the 2015-16 school year, the CAASPP consists of several key components, including:

**California Alternate Assessment (CAA)** test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with significant cognitive disabilities which prevent them from taking the Smarter Balanced Assessments with universal tools, designated supports or accommodations.

**Smarter Balanced Assessments** include ELA/literacy in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit [www.cde.ca.gov/ta/tg/ca](http://www.cde.ca.gov/ta/tg/ca).

### CAASPP Test Results for All Students: Science (grades 5, 8 and 10)

Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA) and California Alternate Performance Assessment (CAPA) in grades 5, 8 and 10. The tables show the percentage of students scoring at proficient or advanced.

❖ Scores are not shown when the number of students tested is 10 or fewer, either because the number of students tested in this category is too small for statistical accuracy or to protect student privacy.

### California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram® is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. To protect student privacy, scores are not shown when the number of students tested is 10 or fewer. For more detailed information on the California PFT, please visit [www.cde.ca.gov/ta/tg/pf](http://www.cde.ca.gov/ta/tg/pf).

### CAASPP by Student Group: English Language Arts/Literacy and Mathematics

Due to low enrollment CAASPP test scores by student group are not shown. When the number of students tested is 10 or fewer, scores are not displayed either because the number of students tested in this category is too small for statistical accuracy or to protect student privacy.

For more information on the CAASPP assessments, please visit [www.cde.ca.gov/ta/tg/ca](http://www.cde.ca.gov/ta/tg/ca).

## Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

## Career Technical Education Participation

This table displays information about participation in the school's Career Technical Education (CTE) programs.

Career Technical Education Data

2015-16 Participation	
Number of pupils participating in a CTE program	0
Percentage of pupils who completed a CTE program and earned a high school diploma	0%
Percentage of CTE courses that are sequenced or articulated between a school and institutions of postsecondary education	0%

## Career Technical Education Programs

A number of programs emphasizing successful transition skills are available. These programs foster the acquisition and growth of work-readiness skills. These include Regional Occupational Programs, career assessments, life-skills classes, vocational exploration, and partnerships with local community colleges and technical programs. We want our students to acquire an understanding of—and skills for—success in the workplace.

ACCESS County Community Schools offer CTE courses through the Career Pathways and Perkins grants. These courses include Exploring Computers, Computer Programming and Game Design, Health Science Preparation, Health Care Occupations, Careers in Education, and Merchandising.

CCPA students have the opportunity to enroll in CTE courses in addition to their high school coursework through their local Regional Occupational Program (ROP) centers and ACCESS school sites.

The CTE standards are designed to assist programs in developing curriculum and measuring student achievement. Each standard is aligned with one or more Common Core English language arts and mathematics standards, Next Generation Science Standards core ideas, and history/social science standards. This alignment identification gives teachers guidance for integrating instruction, adding application and performance to academic content, engaging more students and improving outcomes.

Upon enrollment, students create an Individualized Education Career Service Plan (IECSP), which is used as a basis for course selection, educational goal setting and career exploration. In addition, students are given an online career assessment (Kuder) and a lifelong license for career exploration and job readiness skills. CCPA collaborates with Workforce Innovation Opportunity Act partners to provide students with job training and placement, life-skills training, entrepreneurial and leadership skills training, career exploration, and enrollment in CTE classes. Students have the opportunity to enroll concurrently in community college courses. Through the collaboration of CCPA staff and community partners, students focus on potential career pathways and the acquisition of marketable job-readiness skills.

CCPA students can earn high school elective credits for completion of CTE classes and the opportunity to explore potential career pathways leading to postsecondary education options. ROP programs have formal articulation agreements with local community colleges. These agreements connect sequenced courses between ROP and local community colleges, therefore allowing students that successfully complete an articulated course receive credit and or skip the introductory level course at the community college level.

## Completion of High School Graduation Requirements

This table displays school, district and California data for the percentages of students in the most recent graduating class who met all state and local graduation requirements for grade 12 completion. The formula for the completion of graduation requirements is the number of grade 12 students who met all graduation requirements divided by the number of students enrolled in grade 12 at the time of the Fall Census Day. Therefore, results may include percentages over 100 percent if students transferred into the school and graduated but were not there at the time of the Fall Census Day enrollment count. For more information, please visit [www.cde.ca.gov/ci/gs/hs/hsgmin.asp](http://www.cde.ca.gov/ci/gs/hs/hsgmin.asp) or [www.cde.ca.gov/ci/gs/hs/cefhsggradreq.asp](http://www.cde.ca.gov/ci/gs/hs/cefhsggradreq.asp).

## Graduation and Dropout Rates

This table displays the graduation and dropout rates for the most recent three-year period for which data is available. The four-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. From the beginning of grade 9 (or the earliest high school grade), students who are entering that grade for the first time form a cohort that is "adjusted" by adding any students who subsequently transfer into the cohort and subtracting any students who subsequently transfer out. For more information, please visit <http://dq.cde.ca.gov/dataquest>.

## Advanced Placement Courses

No information is available for College and Career Preparatory Academy regarding Advanced Placement (AP) courses offered.

## Expected Schoolwide Learning Outcomes

- **Communication and Collaboration** – our students shall:
  - communicate accurately and clearly through speaking, listening, writing and 21st century technology skills
  - collaborate with CCPA staff, students, and community partners to achieve academic and personal goals
- **Critical Thinkers** – our students shall:
  - analyze, synthesize and evaluate information to formulate an opinion or solution in independent and/or group settings
  - search for appropriate solutions for difficult problems
  - reach conclusions logically based on sufficient evidence
- **Preparedness for College, Career and Life** – our students shall:
  - obtain the academic skills to be college, career and life ready
  - acquire the technology skills to be successful in the 21st century
  - persevere by identifying, evaluating and determining possible solutions to problems in order to overcome obstacles to complete their Individualized Education Career Service Plan
- **Advocate for Self** – our students shall:
  - become self-directed learners
  - assess personal and academic strengths and interests to set achievable goals
  - take advantage of opportunities offered through their community
  - become empowered in their education and life

## Textbooks and Instructional Materials

CCPA teachers and staff have the opportunity to participate in various committees and roles that support student learning. The CCPA program has a Regional English Learner Liaison (RELL) to support teachers with English learner services. Character Based Literacy liaisons create Common Core States Standards-aligned materials to augment lesson plans. CCPA teachers are involved in curriculum committees in the core content of social science, language arts, math and science. These committees are the primary means for input into curriculum choices, piloting materials and curriculum selection. ACCESS has a Progressive Intervention committee to provide direction, draft procedures, and guide the implementation of policies to support students with their behavior and ensure a positive school climate. Teachers and staff also serve as assessment liaisons to assist with the accountability measures of the students. ACCESS has seen an increase in the number of teacher leaders over the years, and their dedication and services are essential to achieving the schoolwide learner outcomes.

## Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks		2016-17 School Year
Criteria	Yes/No	
Are the textbooks adopted from the most recent state-approved or local governing-board-approved list?	Yes	
Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education?	Yes	
Do all students, including English learners, have access to their own textbooks and instructional materials to use in class and to take home?	Yes	

◇ Not applicable.

### School Facility Items Inspected

The tables show the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- Systems:** Gas systems and pipes, sewer, mechanical systems (heating, ventilation and air-conditioning)
- Interior:** Interior surfaces (floors, ceilings, walls and window casings)
- Cleanliness:** Pest/vermin control, overall cleanliness (school grounds, buildings, rooms and common areas)
- Electrical:** Electrical systems (interior and exterior)
- Restrooms/fountains:** Restrooms, sinks and drinking fountains (interior and exterior)
- Safety:** Fire-safety equipment, emergency systems, hazardous materials (interior and exterior)
- Structural:** Structural condition, roofs
- External:** Windows/doors/gates/fences, playgrounds/school grounds

### School Facility Good Repair Status

This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

Date of the most recent completion of the inspection form			10/26/2016

### Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the site inspection. Regardless of each item's repair status, all deficiencies are listed.

Deficiencies and Repairs		2016-17 School Year
Items Inspected	Deficiencies and Action Taken or Planned	Date of Action
Electrical	Various lights and ballasts need to be replaced.	September-December 2016

### School Facilities

Alternative education sites are located throughout Orange County. Each site maintains and annually reviews a comprehensive disaster plan modeled after Orange County Department of Education's Master Disaster Preparedness Plan. The plan includes contingencies for earthquake, fire, nuclear alerts and isolated emergency incidents. Additionally, staff members at each site have been trained in basic first aid and CPR.

All stakeholders see a safe school environment as a shared responsibility of students, parents, teachers, staff, law enforcement and the community. Classroom instruction takes place throughout Orange County in a variety of facilities leased or owned by the Orange County Department of Education.

The sizes of the community school facilities and premises are determined by the standard square footage requirement for classroom instruction and teaching areas as provided by the program. School facilities also accommodate needs for paraeducation workstations, general workrooms, staff kitchenette or lounge areas, and conference rooms. Most community schools are located on leased properties. School sites are in buildings that have passed facility inspections for structural safety, meet building-code requirements and state and educational fire codes. Site improvements are sustained through Deferred Maintenance funds and general budget allocations. Janitorial services are provided nightly during the week to maintain the cleanliness of classrooms and staff areas.

### School Facilities

*Continued from left*

Routine maintenance, repairs and safety issues are reported through a work-order system. These work orders are prioritized, and the work is performed by school facility maintenance staff on a daily basis. Monthly routine site inspections are completed as well by using the good repair and safety report for any facility conditions that need follow-up repair.

Quarterly, prevention inspections are conducted by school facility maintenance staff and contracted services to maintain equipment and devices for the operating systems of school sites.

In addition, annual facility inspections are done to certify that buildings are in compliance with Education Code 172002(d)(2) to ensure that school facilities are in good standing.

The Orange County Department of Education ACCESS County Community School program continues its master plan on specific facilities and equipment that qualify or need repair, renovation or replacement by using funds provided by School Deferred Maintenance and district general budget allocations.

These funds are earmarked exclusively for HVAC equipment, electrical issues and upgrades, paint, and flooring renovations to maintain the operation of the school facilities.

In addition, general fund allocations are used for tenant improvements projects for sites that were mandated to relocate for various reasons.

*"Through collaboration with a variety of partners, CCPA's ability to meet the needs of its diverse population is strengthened."*

## Financial Data

The financial data displayed in this SARC is from the 2014-15 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year and one year behind most other data included in this report. For detailed information on school expenditures for all districts in California, see the California Department of Education (CDE) Current Expense of Education & Per-pupil Spending web page at [www.cde.ca.gov/ds/fd/ec](http://www.cde.ca.gov/ds/fd/ec). For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits web page at [www.cde.ca.gov/ds/fd/cs](http://www.cde.ca.gov/ds/fd/cs). To look up expenditures and salaries for a specific school district, see the Ed-Data website at [www.ed-data.org](http://www.ed-data.org).

## District Financial Data

This table displays district teacher and administrative salary information and compares the figures to the state averages for districts of the same type and size based on the salary schedule. Note: The district salary data does not include benefits.
