

EXPO 2017 GREAT EGG RACER CRASH COMPETITION

Entry Form – Due March 14 to your CHEP teacher

Crash Test + Eggs = The Great Egg Racer Crash Competition of 2017. Here's a great chance to show off what you can do with recyclables! This year's racers will have an egg as the driver as it hurtles down the ramp to triumph or tragedy. Racers will crash into a stone wall at the bottom of the ramp. Those egg drivers that remain uncracked through round one, can go the distance in round two. Uncracked egg racers will roll down the ramp without the wall. Those that travel the greatest distance from the bottom of the ramp will be the winners.

The requirements for the great egg racer are as follows:

1. The racer must be made from readily available recyclable materials. Wheels and axles may be purchased.
2. The racer should be no more than 5 inches wide to fit the track and under 12 oz. in weight.
3. A raw egg will be the "driver" - the egg should have a face drawn on it.
4. The racer should include safety equipment to protect the egg in the crash.
5. The car is powered only by its speed sliding down the ramp.

Name _____ Phone _____

Grade: _____ TK - 3 _____ 4 - 8 CHEP Teacher _____ Site _____

- On the back of this form, please describe or draw your plans for your racer.

***Contest begins at 5:30 p.m. with the TK- 3rd grade students. Upper grade students should be ready to compete by 5:50 p.m.**
