## CHEP EXPO Extravaganza and Variety Show

Tuesday, March 31, 2015

4:00 p.m.–8:00 p.m.

Orange County Department of Education  
Building D, 200 Kalmus Drive, Costa Mesa

Bring your friends and family and enjoy the marvelous showcase of our homeschoolers' creative and educational projects! Come be entertained by the unique performances and amazed by demonstrations and astonished by this year's "Marvelous Mousetrap Car Competition" put on by our students. Even if you don't enter a project or the variety show, plan on being part of this event!

All types of projects are welcome and should reflect the student's learning from this year. Remember that projects can be:

- Social studies/multicultural projects
- Science exhibits and demonstrations
- Arts and crafts, collections, and other creative projects

Check out Discovery Education's helpful Science Fair link. Ask your CHEP teacher for log on information.

Expo packets which contain entry forms for projects and the Marvelous Mousetrap Car competition will be available at your sites and on the CHEP website

[http://www.ocde.us/CHEP/Pages/EXPO\\_Extravaganza.aspx](http://www.ocde.us/CHEP/Pages/EXPO_Extravaganza.aspx). Entry forms are due to your CHEP teacher by March 20, 2015. If you choose to have your project judged, it must be accompanied by a separate written report, preferably typed. A rubric for the displays and reports are in the EXPO packet.

You won't want to miss our talented students showcased at the annual Variety Show. In addition, our Mousetrap Car Competition will be an exciting experience. See the article on page 2 for all the information you need on how to get your Mousetrap Car ready to roll.

**Projects need to be delivered to OCDE, Building D, on Monday, March 30, between 10:00 a.m. and 2:00 p.m. if you wish them to be judged. Deliver all non-judged projects on Monday, March 30, between 10:00 a.m. and 2:00 p.m. OR Tuesday, March 31, between 9:00 a.m. and 2:00 p.m. Remember, the cut-off time for delivering judged projects is Monday, March 31, 2:00 p.m.**

Come hungry, as food will be sold at EXPO. Watch for details in upcoming newsletters. Cookies and lemonade will also be available at no charge!

## A Note from the Principal: From the desk of Jane Doney

As the year continues to fly by, I want to be sure you all know about the great opportunities and events that are coming up! Mr. Koff and Ms. Tisi have been doing a wonderful job preparing students for our upcoming school play, the EXPO and Variety Show will be happening on March 31st, our spring music concert is on April 2, and, of course, we have 8th Grade Promotion on June 3! In between, we will be administering state standardized tests to 3rd - 8th grade students in English-Language Arts and Mathematics, as well as Science for students in grades 5 and 8. More information on the testing schedule and information will be coming to you soon.

I hope you have had a wonderful year so far and that you will take advantage of all the special events planned for the remainder of the year.

Jane

## EXPO Engineering Contest

On your mark, get set...build a car. This year's EXPO brings back the popular Mousetrap Car competition. We will be racing home-made mousetrap cars for distance. There will be two competitive groups - Mousetrap Cars made from kits\* and Mousetrap Cars made from scratch at each grade group (K-4 or 5-8). The car must be powered by a single standard sized mousetrap (no rat traps.) It cannot have any additional energy sources beyond the mousetrap spring. Vehicles must be self-starting and self-steering. Distance will be measured from the starting line to the car's ending spot (back tire.) Parents may help with tools, etc. and supervision is important as the mousetrap can snap with force. All vehicles will be snapped using a yardstick on the contest day. Parents should "set the trap" for all younger contestants. Mousetrap cars made from scratch should all be based on student-generated designs. This is a great project to explore and write about concepts such as Newton's 3 laws, friction, simple machines, energy transfer, force, etc. Additional questions may be directed to Cris Hatfield (714) 245-6462 (North site).

\* Kits are available at Kelly's Hobby in Tustin (714) 832-0035 or online. Visit [www.mousetrap-vehicles.com](http://www.mousetrap-vehicles.com) <http://www.mousetrap-vehicles.com/> for kits, ideas, pictures, etc.

## Eighth Grade Promotion

### 8th grade students and families

Letters from the Promotion Committee were mailed in February to all 8th Grade Graduates. Be sure to mark your calendars now for this special celebration!

### Interviews/Auditions

Thursday, April 9

Beginning at 10:00 a.m., by appointment only  
OCDE Main Office- 200 Kalmus Dr., Costa Mesa  
D1009

On Thursday, April 9, we will be holding interviews/auditions at the OCDE main office for students who are interested in speaking or performing at promotion. Auditions will be held, by appointment, beginning at 10:00 a.m., in Room D1009. The CHEP eighth grade promotion program is a big undertaking that requires a substantial commitment from all students selected to participate in the program. The promotion program is similar to a theatrical production, and selected students must work as a team to pull the production together. Eighth grade students are selected to M.C. the program, be keynote speakers at the program, and highlight a few of the talents of the class of 2015. The interview and audition process assists the promotion committee in selecting students to represent the class of 2015. Many factors are involved in designing the promotion program. Representation from the three CHEP sites, the inclusion of a variety of talent, and students' level of commitment are a few factors considered in the selection process. The promotion committee reserves the right to edit, shorten, or alter selected student speeches and performances to ensure appropriateness and balance of the entire promotion program. The theme will be centered around the "5 C's" of 21<sup>st</sup> Century Skills- Collaboration, Creativity, Communication, Critical Thinking, and Character. Consider including how CHEP has helped you grow and develop one or more of the "5 C's" with the speech or talent piece you are auditioning with. The OCDE main office is located at 200 Kalmus Drive, Costa Mesa. To schedule an interview/audition appointment, or if you need additional information, please contact Dianna Chen at the CHEP-North office, (714) 245-6457.

### Photographs are due

Friday, March 27 at your CHEP site

Please bring in 2-3 photos of your student for our promotion video presentation. Some ideas for photos include baby/toddler moments, home school projects/memories, sports and hobby activities, or field trips. We hope to receive 3 pictures per student: one baby/toddler, one current, and one family picture. If you prefer to send in your pictures on disk, please make sure the files are in .jpg format with a minimum 200pixel/inch resolution. We will make every effort possible to return all pictures to you. However, please be cautious about sending your only copy of a prized photo. In order to recognize all of the eighth graders in the video presentation, please send these photos in soon! **Label the photos with the student's name and CHEP teacher's name.**

### Promotion Ceremony

Wednesday, June 3

3:30 p.m. - 5:00 p.m.

Plummer Auditorium  
Fullerton

# Field Trips

## Mommy and Me

Each month we focus on a thematic topic, and creative teaching ideas are shared at our meeting prior to the corresponding field trip. The teaching ideas are geared for K-3<sup>rd</sup> graders. Students of all ages are welcome to attend Mommy and Me field trips.

### MOMMY AND ME/WHALE WATCHING

February's thematic unit will be on **Whales**. Join us at the **Orange County Marine Institute** in Dana Point as we go whale watching! The Institute utilizes a variety of scientific equipment and marine mammal artifact collections to convey an understanding of dolphins, whales, seals, and sea lions. The children will also take part in a plankton dredge as a part of our whale watch experience!

Whale watching sign-ups begin now, and will close on Friday, February 13. Field trips are pre-paid and non-refundable. Please contact Dianna Chen at CHEP North (714)245-6457 for more information.

### WHALE WATCHING

K-3<sup>rd</sup> graders (students of all ages welcome)  
Meeting at CHEP North  
Wednesday, February 4, 1:30 p.m.  
Field trip Thursday, March 5  
12:00 noon - 2:00 p.m.  
Orange County Marine Institute, Dana Point  
Cost: \$24.00 per person

### MOMMY AND ME/JURUPA CULTURAL CENTER

Jurupa Cultural Center trip sign-ups begin now, and will close on Monday, March 9. Field trips are pre-paid and non-refundable. Please contact Dianna Chen at CHEP North (714)245-6457 for more information.

### JURUPA CULTURAL CENTER

K-3<sup>rd</sup> graders (students of all ages welcome)  
Pre-trip meeting at CHEP North  
Wednesday, March 4, 1:30 p.m.

Field trip on Thursday, March 26

10:30 a.m. - 12:30 p.m.

Jurupa Cultural Center, Riverside

Cost: \$8.50 per person

March's thematic unit will be on **Dinosaurs**. Join us at the **Jurupa Cultural Center** in Riverside as we experience the wonder of dinosaurs! We'll attend a class all about rocks, minerals, and fossils. Then we'll go on a 1/2 mile hike and see some life-sized dinosaurs. We'll get the opportunity to do some searching of our own for rocks and fossils and you'll be able to TAKE HOME WHAT YOU FIND! (Bring lunch if you'd like to stay and have a picnic at the tables.)

### MOMMY AND ME/AMY'S FARM

Amy's Farm sign-ups begin now, and will close on Friday, March 20. Field trips are pre-paid and non-refundable. Please contact Dianna Chen at CHEP North (714) 245-6457 for more information.  
K-3<sup>rd</sup> graders (students of all ages welcome)

Meeting at CHEP North

Wednesday, March 11

1:30 p.m.

Field trip on Wednesday, April 8

10:30 a.m. - approx. noon

Amy's Farm, Ontario

Cost: \$8.00 per person

April's thematic unit will be on **Farms**. Join us at the **Amy's Farm** in Ontario as we experience farm plants and animals "up close and personal!" Amy's Farm is a real, working polyculture farm. In an age when our country is filled with large monoculture farms, it is important for our students to see and learn about a polyculture farm. On Amy's polyculture farm, students will see a wide variety of plant and animal species living a symbiotic life. This farm system closely mimics nature where all species depend on each other. Students can see first-hand the importance of the circle of life. Most importantly, students will learn where their food comes from. This tour is a very valuable learning experience for all who visit. Come and see for yourself!
