

2020-21 CHEP Class Sign-Ups

CHEP uses the OMS (Organizational Management System) calendar to facilitate online class sign-ups. To access the OMS calendar, go to:

<https://ocde.k12oms.org/index.php?gid=1526>

- You can scroll to the month/day a specific class is in.
- Look for class offerings....there are many.
- You can also click on "Browse" or "List" at the top of the calendar.

To sign up for a class, click on "Register", and simply fill out the registration page.

Please note: You are NOT creating an account, just registering for a class. There should be no need for a password.

Under "Educational Organization", *check the first circle (I currently work or attend a California School...)*

When you come to the appropriate boxes with drop-downs, we are:

1. Orange County
2. Orange County Department of Education
3. OCCS/PCHS/CHEP

You must sign up each of your students separately, even if registering them for the same class.

You will use the parent's email address for each student.
