To register, go to: <http://ocde.k12oms.org/1376-199836>

STUDY GUIDES

Comprehensive study guides available through the OCDE website.

For content related questions or additional materials, please contact Laura Rickhoff Lrickhoff@gmail.com or www.laura4math.com.

OCDE continues to offer a five-week, 100% virtual, boot camp course to prepare you to pass the CSET Algebra, Number and Quantity Subtest I, Geometry, Probability and Statistics Subtest II and Calculus, Subtest III. Hundreds of CSET focused practice problems with full written and video solutions to keep your preparation for the exam on target.

Instructor: Laura Rickhoff, 15 years experience teaching and tutoring for the CSET exams.

Target audience: Aspiring and current educators.

NOTE: You may take the classes above simultaneously, though it is strongly advised against, as each class moves quickly. Course schedules will be posted on both the OCDE website and www.laura4math.com.
