Empowering Administrators for English Learner Success:
English Learner Roadmap Administrator Toolkit Series

The Leadership/Administrator Strand provides a comprehensive learning experience to prepare administrators for leading research-based programs for English learners. It includes:

- **Module 1:** Orientation to the EL Roadmap, leading change, and practical planning.

- **Modules 2-5:** Focused sessions on each EL Roadmap principle, providing knowledge, tools, resources, readings, dialogue strategies, observation tools, research-based practices, and action planning.

- **Inter-module Support:** Guidance, tools, and activities for growth, including support for inquiries, observation tools, and activities to aid dialogues and implementation.
