Curriculum, Instruction and Academic Enrichment Unit presents

Teaching Phonics and Word Study in Intermediate Grades 3-8

Older students may require additional support and intervention with foundational skills to become proficient readers. As educators work to expand their knowledge to support emerging readers, a deeper understanding of phonics and word study knowledge can provide valuable tools and strategies to support intermediate grade students.

- Understand the foundations of phonics in the upper grades
- Explore assessment measures to diagnose phonics and word study gaps
- Practice strategies to support instruction and intervention in these skills

Target Audience: Grades 3-8 teachers, instructional coaches, TOSAs, coordinators, other instructional leaders

LCAP: Conditions of Learning - Implementation of State Standards

CA MTSS: Whole Child - Inclusive Academic Instruction

This is part of the Supporting Statewide Literacy Series
