#### **4. Project Abstract**

Abstract shall include the project title, need or challenge project addresses, main goals of the project and strategies to be implemented, what makes the project innovative, and expected impacts. If space allows, applicants may include other relevant information that communicates what the proposed project entails, partners that will be involved in the project, or other important information. Abstract must be on its own page, included as part of this Applicant Information Form, and labeled as “Abstract.” The Abstract shall be no more than one (1) page, 12-point standard font, double-spaced, with one inch (1”) margins. For more details, see Section II of the Request for Applications.
