

**Think  
everyone  
is drinking  
alcohol?**

**Think  
again.**

**86%** IN THE PAST 30 DAYS, 86% OF ORANGE COUNTY HIGH SCHOOL JUNIORS CHOSE NOT TO DRINK ALCOHOL.

This result reflects 34,958 11th grade students from Orange County who participated in the California Healthy Kids Survey between 2017-2019 and reported not consuming alcohol in the past 30 days.

This project to promote positive social norms was developed by the Orange County Youth Council in partnership with the Orange County Department of Education with funding from the Orange County Health Care Agency and the California Office of Traffic Safety through the National Highway Traffic Safety Administration.
