EVERY ORANGE COUNTY CHILD IS MY CONCERN

The goal of Safe from the Start is to provide knowledge about the brain development of young children and adolescents. This public health campaign is a comprehensive strategy to assist communities in reducing the impact of violence on children by raising awareness and educating parents, teachers, and community members. This initiative targets children and adolescents ages 0 to 18 with an emphasis on children ages 0 to 5, who have been exposed to family, school, and/or community violence.
