Goal Attainment Scaling Technical Checklist
 (Adapted from May-Benson, 2007)

	Goal 1		Goal 2		Goal 3		Goal 4		Goal 5		Comments
Criteria for Current Level of Performance	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	
Current level of performance includes information on the client's participation in the goal area (i.e., description of behaviors, prompts needed, current response to prompts, etc.)											
Current level of performance is described in measurable terms (i.e., number of prompts, percent of task, amount of time, level of assistance, etc.)											
Criteria for Goal/Expected Outcome	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	
Goal is seated in occupation or participation											
Goal is written clearly without jargon or confusing terminology											
Goal includes measurable behaviors/task											
Goal includes any necessary information about the behavior/task (i.e., if prompts are needed, any set up needed prior to task, any qualifiers on what specific behaviors client exhibits, etc.)											
Goal seems achievable in the designated intervention period											
Criteria for Client/Key Stakeholder Rating	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	
Goals ranked for meaning for client/key stakeholder											
Goals ranked for priority to client/key stakeholder											
Criteria for Scaled Levels	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	
Current performance is at the -2 level (or lower)											
Each scaling level is discrete (no overlapping of criteria and no gaps)											
Each scaling level reflects change in a single variable

Overall Technical Check											
	Goal 1		Goal 2		Goal 3		Goal 4		Goal 5		Comments
	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	Pass	Fail	
Mark in "Pass" if the GAS for a Goal passed all above sections											
Mark in "Fail" if the GAS for a Goal had "Fail" in any of the above sections											
Any additional feedback or recommendations from the Technical Check reviewer											
Any GAS that "Fails" the Technical Check requires revision of the failed sections, then go through Technical Check again until it passes.											
All goals must pass Technical Check before starting any interventions.
