

2022–2023 Orange County MTSS Sustainability Network

On Our Continuous Improvement Journey

The Orange County MTSS Sustainability Network will support LEA leadership teams in creating equitable learning environments for ALL students.

The network will provide an opportunity for teams to deepen their understanding of evidence-based practices and resources that meet the academic, behavior, social-emotional, and mental health needs of students and enhance family and community engagement and involvement. Through the network, we will build on and strengthen our previous CA Multi-Tiered System of Support efforts to create positive school conditions and climates.
