

Charter School Renewal Process

I. Charter School Renewal Submission Process

Charter school petitioners may submit a complete Charter School Renewal Package in person to the Orange County Board of Education (OCBE) at a regularly scheduled board meeting.

Charter School may seek renewal of its charter by submitting a renewal request to the Board prior to the expiration of the term of the charter, and the Board will evaluate and decide on the renewal request in accordance with Education Code § 47607 and 47605, and their implementing regulations.

Charter School may submit its renewal petition for the new charter term to OCDE no sooner than the October OCBE meeting and no later than the April OCBE meeting of the final school year for which Charter School is authorized to operate.

Orange County Department of Education (OCDE) Charter Schools Unit staff must verify that the Charter School Renewal Package contains all required elements prior to the petition being submitted to OCBE. Contact OCDE Charter Schools Unit at (714) 966-4381 to schedule an appointment at least **three weeks** prior to the board meeting in which you want to submit a charter school petition for renewal. Appointments will take place at the Orange County Department of Education, 200 Kalmus Drive, Costa Mesa, 92626.

The timeline for the charter school review shall commence once OCBE receives a verified complete Charter School Renewal Package at a regularly scheduled board meeting.

III. Charter Petition Review

The Charter Schools Unit petition review team will evaluate whether the petition complies with the Charter Schools Act and provides a comprehensive description of the elements set forth in Education Code Section 47605 or 47605.6.

Charter renewals are granted for a period of five years and are governed by the standards and criteria used for charter petition approval. OCBE charter petition review standards can be accessed in the [Charter School Board Policy](#).

When reviewing a petition for renewal, OCBE will consider the past performance of the school with regard to academics, finance and operation. Increases in pupil academic achievement for all groups of pupils served by the charter school is the most important factor in determining whether to grant a charter renewal. In addition, OCDE will determine whether the charter school has met at least one of the criteria specified in EC 47607(b) and the petition reflects changes to law since the charter was first authorized or last renewed.

IV. Material Revisions

The charter school renewal petition is expected to include all minor changes to reflect current school practices and new charter school requirements enacted into law after the charter was originally granted or last renewed. Changes to a school's charter that substantially change the charter shall be submitted as a material revision for Board action separate and apart from the renewal petition application.

V. Clarification Meeting

A clarification meeting will take place with charter school petitioners and the Charter Schools Unit petition review team. Information from this meeting may be used in the written report and analysis provided to OCBE.

VI. Public Hearing

OCBE will hold a public hearing on the provisions of the charter petition **30 days** (60 days for countywide charter schools) after submission at a regularly scheduled board meeting. The level of support for the petition by parents, teachers, community and school district(s) where the charter school is located will be considered. The charter school and school district(s) within which the charter school is located will be allotted time to address the Board.

VII. Final Decision

Within the guidelines delineated in Education Code Section 47605 or 47605.6, OCBE will make a final decision to approve or deny the charter school renewal petition within 60 days (90 days for countywide charter schools) after submission at a regularly scheduled board meeting, unless an extension not to exceed 30 days has been agreed to by the charter school and OCBE.

OCBE shall not deny a renewal petition unless it makes written factual findings showing substantial evidence to support one or more of the following, specific to the charter school:

- A. The charter school presents an unsound educational program for the students to be enrolled in the charter school
- B. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition
- C. The petition does not contain an affirmation of each of the conditions described in Education Code section 47605(d) or 47605.6(e)
- D. The petition does not contain reasonably comprehensive descriptions of the elements in Education Code section 47605(b) or 47605.6(b)
- E. The charter school has failed to demonstrate that it meets at least one of the criteria specified in EC 47607(b) of academic performance via documented, clear and convincing data
