

Innovation Workshop: Environmental Principles and Concepts

WHEN: Saturday, January 25, 2020
9:00 AM – 2:00 PM

WHERE: UCI – Irvine Engineering Quad

AUDIENCE: K-12 teachers and environmental educators

COST: Free (Includes Lunch)

REGISTER: <http://bit.ly/InnovationWorkshopOCDE>

****All attendees who participate in the workshop and complete both pre- and post-workshop surveys will be entered into a drawing for two Disneyland park-hopper tickets!! Participants must complete the workshop & all surveys to be qualified for this drawing.****

LCAP State Priority:
Implementation of State Standards

Engage your students in scientific principles and learn how to create engineering design solutions to environmental problems right outside your classroom door! Learn how to use simple resources and tools such as your school campus, and involve community partners to connect your students to local environmental topics and concerns. Local phenomena provide context and are accessible and relevant when taught using the ideas contained within California's adopted Environmental Principles & Concepts (EP&Cs).

For workshop information, contact Lori Kiesser at 714-708-3889 or lkiesser@ocde.us
For registration information, contact Vanessa Lovett at 714-966-4379 or vlovett@ocde.us

Individuals with disabilities in need of auxiliary aides and services may request assistance by calling 714-966-4379

OCDE may take photographs of participants at the event. These photographs will be used to document the event, promote events in written materials, post on the OCDE website and on the World Wide Web, and on the digital frame in the entry to the OCDE offices.
