### Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

# Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

# A. Normal Separation Costs (optional)

# B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

# Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

# 1A-2. Comparison of County Office County Operations Grant ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected County Operations Grant ADA has not been overestimated by more than the standard percentage level for the first prior year.

1b. STANDARD MET - Projected County Operations Grant ADA has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation: (required if NOT met)

Projected Average Daily Attendance (ADA) for County Operations Grant or county operated programs is not meeting the historical growth in ADA due to the changes in our student population and because this budget includes a decline in ADA in the future years. Included in the projected total ADA is the ADA for the new county operated College and Career Academy Charter school. This is the second year of operation for the charter school. We continue to monitor and anticipate making changes if necessary.

# 1. CRITERION: Average Daily Attendance (continued)

B. STANDARD: Projected ADA for county operated programs for any of the budget year or two subsequent fiscal years has not increased from the historical average from the three prior fiscal years by more than two percent (2%) each year.

# 1B-3. Comparison of County Office Projected County Operated Programs ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected ADA for county operated programs is above the standard for one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard, a description of the methods and assumptions used in projecting ADA, and what changes, if any, will be made to bring the projected ADA within the standard.

Explanation: (required if NOT met)

County Office's Projected Average Daily Attendance (ADA) for County Operated Programs is not meeting the standard due to the increase in the ADA for the projected enrollment of the County's College and Career Academy Charter school.

### 2. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the county office's gap funding or its cost-of-living adjustment (COLA)¹ plus or minus one percent.

For excess property tax counties, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

<sup>1</sup> County offices that are already at or above their LCFF target funding level receive no gap funding. These county offices have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

### 2A. Calculating the County Office's LCFF Revenue Standard

This criterion is disabled for county offices of education during transition to full LCFF implementation.

### 2B. Alternate Revenue Limit Standard - Excess Property Tax

# 2D. Comparison of County Office LCFF Revenue to the Standard

This criterion is disabled for county offices of education during transition to full LCFF implementation.

### 3. CRITERION: Salaries and Benefits

STANDARD: Projected total salaries and benefits for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year amount by more than the change in funded COLA plus or minus five percent.

It is likely that for many county offices the 2014-15 and 2015-16 change from the historical average ratio will exceed the standard because certain revenues that were restricted prior to the LCFF are now unrestricted within the LCFF.

# 3C. Comparison of County Office Change in Salaries and Benefits to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected ratio(s) of salary and benefit costs to total expenditures are outside the standard in one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard, a description of the methods and assumptions used in projecting salaries and benefits, and what changes, if any, will be made to bring the projected salary and benefit costs within the standard.

Explanation: (required if NOT met)

Projected Salaries and Benefits are not meeting the historical standard because we have included salary for new positions to meet the goals and actions of our Local Control Accountability Plan (LCAP).

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating), for any of the budget year or two subsequent fiscal years, have not changed from the prior fiscal year amount by more than the change in funded COLA plus or minus ten percent.

For each major object category, changes that exceed the percentage change in the funded COLA plus or minus five percent must be explained.

### S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.
