Part I - General Administrative Share of Plant Services Costs California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration. Salaries and Benefits - Other General Administration and Centralized Data Processing Α. 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000) 13,375,035.00 2. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit. В. Salaries and Benefits - All Other Activities 1. Percentage of Plant Services Costs Attributable to General Administration (Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 9.07% Part II - Adjustments for Employment Separation Costs When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs. Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the interim certification.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Projected County Operations Grant average daily attendance (ADA) has not changed for any of the current fiscal year or two subsequent fiscal years by more than two percent since budget adoption. Projected ADA for county operated programs has not changed for any of the current fiscal year or two subsequent fiscal years by more than two percent since budget adoption.

County Office ADA Standard Percentage Range:

-2.0% to +2.0%

1A. Calculating the County Office's ADA Variances

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise enter data into the first column for all fiscal years. If Form MYPI exists, County Operations Grant ADA will be extracted for the two subsequent years; otherwise enter this data. First Interim Projected Year Totals data for Current Year are extracted; enter data for the remaining two subsequent years into the second column.

1B. Comparison of County Office ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected ADA for County Operations Grant or county operated programs has changed since budget adoption by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard, a description of the methods and assumptions used in projecting ADA, and what changes will be made to improve the accuracy of projections in this area.

Explanation: (required if NOT met) Projected Average Daily Attendance (ADA) for county operated and charter school funded county programs is not meeting the historical growth in ADA due to the changes in our student population and because this budget includes a decline in ADA in the future years. We continue to monitor and strategize outreach opportunities for all programs and anticipate making changes if necessary.

2. CRITERION: LCFF Revenue

STANDARD: Projected LCFF revenue, for any of the current fiscal year or two subsequent fiscal years, has not changed by more than two percent since budget adoption.

County Office LCFF Revenue Standard Percentage Range:

-2.0% to +2.0%

2A. Calculating the County Office's Projected Change in LCFF Revenue

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise, enter data into the first column. In the First Interim column, Current Year data are extracted; enter data for the two subsequent years.

2B. Comparison of County Office LCFF Revenue to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected LCFF revenue has changed since budget adoption by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard and a description of the methods and assumptions used in projecting LCFF revenue.

Explanation: (required if NOT met) Projected County Office Local Control Funding Formula (LCFF) revenue is not meeting the standard because as our Orange County Property tax continues to increase above the statewide averages and our programs continue declining in enrollment this has moved us into the LCFF minimum state aid category. This change means that we will not receive any new LCFF funding from either growth in attendance or cost of living increases until we exceed the minimum guarantee. The projected increase in funding is for the College and Career Preparatory Academy charter school and to provide assistance to the school districts in Orange County in need of differentiated support.

3. CRITERION: Salaries and Benefits

STANDARD: Projected total salaries and benefits for any of the current fiscal year or two subsequent fiscal years has not changed by more than five percent since budget adoption.

ty Office Salaries and Benefits Standard Percentage Range: -5.0% to +5.0%

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating) for any of the current fiscal year or two subsequent fiscal years have not changed by more than five percent since budget adoption.

Changes that exceed five percent in any major object category must be explained.

4C. Comparison of County Office Total Operating Revenues and Expenditures to the Standard Percentage Range

DATA ENTRY: Explanations are linked from Section 4A if the status in Section 4B is not met; no entry is allowed below.

1a. STANDARD NOT MET - Projected total operating revenues have changed since budget adoption by more than the standard in one or more of the current or two subsequent fiscal years. Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating revenues within the standard must be entered in Section 4A above and will also display in the explanation box below.

Explanation: Federal Revenue (linked from 4A if NOT met)	Projected Federal Revenue is not meeting the standard due to the release of Federal funds from deferred claims, backcasting, and resolution changes to the Medical Administrative (MAA) program and because we are not projecting any changes in the future for these funds. We are also including the entitlements for the Student Support & Academic Enrichment and Dual Language Learning Professional Development programs. We will continue to monitor and adjust the projections if necessary.
Explanation: Other State Revenue (linked from 4A if NOT met)	Projected Other State Revenue is not meeting the standard because we are including the entitlements for the Multi-Tiered School Climate and the Classified School Employee Professional Development for the College & Career Preparatory Academy charter school programs. In addition, we are reducing funding in the future years due to the one-time funding received in prior years.

S5B. Status of the County Office's Projected Contributions, Transfers, and Capital Projects

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

1a. NOT MET - The projected contributions from the unrestricted county school service fund to restricted county school service fund programs have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify restricted programs and contribution amount for each program and whether contributions are ongoing or one-time in nature. Explain the county office's plan, with timeframes, for reducing or eliminating the contribution.

Explanation:	Contributions from unrestricted programs to some restricted programs are not meeting the standard due to the proposed funding changes to the
(required if NOT met)	childcare program and future years show a decline in funding from the projected Average Daily Attendance (ADA) in our programs which increases
	contributions. Contributions will continue to be provided for programs that have a cap on indirect so they require a contribution for our new approved
	state indirect rate. We continue to monitor and anticipate making appropriate reductions if necessary.

1b. MET - Projected transfers in have not changed since budget adoption by more than the standard for the current year and two subsequent fiscal years.

Explanation: (required if NOT met)		

1c. NOT MET - The projected transfers out of the county school service fund have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify the amounts transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the county office's plan, with timeframes, for reducing or eliminating the transfers.

	Explanation: (required if NOT met)	Projected transfers out have changed by more than the standard amount due to the projected changes in funding for the Childcare program.
1d.	NO - There have been no ca	pital project cost overruns occurring since budget adoption that may impact the county school service fund operational budget.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.
