# Part I - General Administrative Share of Plant Services Costs California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration. Salaries and Benefits - Other General Administration and Centralized Data Processing Α. 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000) 16,206,674.00 2. Contracted general administrative positions not paid through payroll a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit. B. Salaries and Benefits - All Other Activities 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 152,198,028.00 C. Percentage of Plant Services Costs Attributable to General Administration (Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 10.65% Part II - Adjustments for Employment Separation Costs When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs. Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool. Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

# A. Normal Separation Costs (optional)

## B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

# Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

1a. STANDARD NOT MET - Projected ADA for County Operations Grant or county operated programs has changed since first interim projections by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard, a description of the methods and assumptions used in projecting ADA, and what changes will be made to improve the accuracy of projections in this area.

Explanation: (required if NOT met) Projected Average Daily Attendance (ADA) for County and Charter School Alternative Education Grant, District Funded County Program, and Charter School ADA and Charter School Funded County Program are not meeting the historical variance in ADA since the First Interim budget due to the changes in our student population. We are estimating an increase of 180 ADA in the County programs, a decrease in the District Funded ADA, and a decline in the County Operations Grant due to the decline in the countywide ADA. We continue to budget for a decline in the future years and will continue to monitor and strategize outreach opportunities for all programs and anticipate making changes in necessary.

Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating revenues within the standard must be entered in Section 4A above and will also display in the explanation box below.

Projected Federal Revenue is not meeting the standard because we are budgeting for one-time COVID relief funding and excluding the revenue in the future years. We will continue to monitor and adjust the projections if necessary.

Explanation: Federal Revenue (linked from 4A if NOT met)

#### Explanation: Other State Revenue (linked from 4A

Projected Other State Revenue is not meeting the standard because we are including the funding for the COVID Mitigation for Counties, the entitlements for Multi-Tiered System of School Climate, the Classified School Employee Professional Development, K-12 Strong Worksforce and excluding in the future years. #### Explanation:

Books and Supplies (linked from 4A if NOT met)

Explanation: Services and Other Exps (linked from 4A if NOT met) Projected Books and Supplies have changed by more than the historical amount because we are using this account until we receive specific grant parameters that will allow us to allocate the expenditures to the appropriate accounts. In addition, we are budgeting for one-time expenditures from one-time funding received in prior years.

Projected Services and Other Expenditures have changed by more than the historical amount because the programs are reducing this account due to our non-deficit spending requirements. In addition, we are budgeting for one-time COVID relief funding expenditures and for one-time expenditures for funding received in prior years. We will continue to monitor and anticipate making additional program reductions if necessary.

We continue to monitor and anticipate making appropriate reductions if necessary.

Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

### If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.
