## FALL 2012 RACIAL AND ETHNIC SURVEY HIGHLIGHTS

The Fall 2012 Racial and Ethnic Survey report was compiled and published by the Business Services Division of the Orange County Department of Education, containing data extracted from the California Longitudinal Pupil Achievement Data System (CALPADS) filed by schools in Orange County to the California Department of Education (CDE). It also contains data extracted from DataQuest, the CDE developed and maintained system that provides reports on accountability, staffing and student-level data.

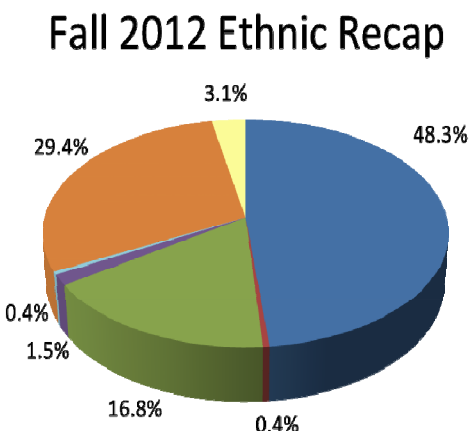

For the purpose of this report, we have chosen to combine the Multiple and Missing categories to be consistent with the way data was reported in the previous year's Racial and Ethnic Survey. The Multiple/Missing category is comprised of students who identified two or more races or chose to not disclose their race. In some cases, year-over-year changes in race and ethnicity can be attributed to school districts re-surveying students using the latest federal definitions of the racial and ethnic categories.

The following information highlights the data shown in this report:

Fall 2012 Orange County Enrollment	
Elementary School Districts	93,106
High School Districts	63,092
Unified School Districts	338,323
County Operated Schools	7,184
<b>Total Enrollment</b>	<b>501,705</b>

Countywide enrollment decreased from the prior year by 498 students or -0.10%.

- The ethnic category with the greatest increase in the number of students enrolled was Asian, with an increase of 1.65% or 1,366 students.
- The ethnic category with the greatest decline in the number of enrolled students was White, with a decline of 2.85% or 4,331 students.

Hispanic	242,545
American Indian/Alaskan Native	2,251
Asian	84,153
Black/African American	7,619
Native Hawaiian/Pacific Islander	2,114
White	147,593
Multiple/Missing	15,430
<b>Total</b>	<b>501,705</b>

**FALL 2012 RACIAL AND ETHNIC SURVEY HIGHLIGHTS (continued)**

**2011-2012 12<sup>th</sup> Grade Enrollment & High School Graduate Count**

High School Graduate Count	38,454
12 <sup>th</sup> Grade Countywide Enrollment	41,400

Countywide, Orange County had an increase of 2.90% or 1,083 graduating students from the prior year. The ethnic category with the greatest increase in the number of graduates was Hispanics with an increase of 7.27% or 1,069 graduates.

**9<sup>th</sup> – 12<sup>th</sup> Grade 1-year Reported Dropout Rate Comparison**

2011-2012	Dropout Percentage	1.5%
2010-2011	Dropout Percentage	1.6%

In order to be consistent with figures reported by the CDE, dropout counts are calculated for grades 9 through 12 in K-12 school districts excluding grades 7 and 8 and county office programs. Dropout rate calculations compare the counts of dropouts over the entire school year with a single day enrollment count on Information Day (first Wednesday of October). Calculations posted on the CDE website include a 1-year reported rate, an adjusted 1-year rate, a reported 4-year derived rate and an adjusted 4-year derived rate.

Reported rates are solely based off information submitted by school districts to the CDE via CALPADS. Adjusted rates are calculated to include reenrolled dropout students and lost transfer students. The 4-year derived dropout rate is an estimate of the percent of students who would drop out in a four year period based on data collected for a single year. The dropout rates included within this survey are 1-year rate calculations based on reported school district counts of dropouts and enrollment.

Countywide, Orange County had a decrease of 145 dropouts in grades 9 – 12 from the prior year. As a result, the percentage of dropouts in Orange County decreased from 1.6% to 1.5%.

We wish to thank those individuals and school districts who prepared and submitted data to make this report possible. We sincerely hope that you find the information in this report useful and helpful. If you have any questions about this report, please call the Business Services Department at (714) 966-4232.

<sup>1</sup>The County Survey is based on a reported dropout count for grades 9 through 12 in K - 12 school districts (excluding county operated programs). Other studies may be calculated with a different base. The percentages on this page reflect the total dropouts from each racial category as a percentage of total dropouts for each school district as well as the countywide totals.
