Principal's Message

The College and Career Preparatory Academy (CCPA) is an affiliate Charter School to the Orange County Department of Education (OCDE)/Alternative, Community, and Correctional Education Schools and Services (ACCESS). CCPA provides an educational program for those 16-25 years of age that have not yet completed a high school diploma. This program serves the targeted population with an independent-study model of instruction that provides the flexibility and support to work and participate in career training programs. CCPA supports its students in a way that focuses on one of the legislative intents in the Charter Schools Act, which is to "increase learning opportunities for all pupils."

Through collaboration with a variety of partners, CCPA's ability to meet the needs of its diverse population is strengthened. The most important partnerships are those formulated between teachers, students, parents, mentors and the community. The dynamics among these groups are critical to the planning, implementing and design of CCPA. Agency and community partners are vital to the academic and personal progress, and meaningful learning experiences for CCPA students. These partnerships provide guest speakers, mentors, field trips, career fairs, job shadowing, project-based learning experiences, internships and community service opportunities. CCPA partners with six agencies through their federally-funded workforce partners, Department of Labor Innovation Grant Funding. Since its inception, CCPA has impacted the lives of more than 600 young adults by giving them the opportunity to complete their high school graduation requirements, developing an Individualized Education Career Service Plan (IECSP), to connecting them with federally-funded workforce partners who assist them in career exploration and guidance, opportunities for skills training in high demand industries, and leading to a good job along a career pathway or postsecondary education.

CCPA opened its doors in the fall of 2015. Currently the enrollment is 210 students who are serviced by eight teachers at eight different locations throughout Orange County. The majority of our students reside in the cities of Anaheim and Santa Ana. The school's ethnicity breakdown consists of 75% Hispanic or Latino, 11% white, 2.4% African-American, 1.53% Asian, 7.41% multi-ethnic, and gender mix is 46.19% female and 53.59% male. 7.9% of our students are age 17-18, 62.75% range in age from 19-22 years old, and 30.06% of our students range in age from 23-26. The percentage of students classified as English learners is 36.6%, low income is 86.3% and foster youth is 1.5%. Since the fall of 2016, not only have the lives of the 741 graduates been impacted, but also the lives of their family members.

Values

CCPA is dedicated to the fundamental human values of respect, responsibility, integrity and professional ethics. Our priority is service to students, schools, districts, families and community members. We provide a safe, caring, courteous, and professional environment that fosters collaborative work and individual development for our students. We hold ourselves and each other accountable for the highest level of performance, efficiency, resource management and professionalism.

Parental Involvement

We provide many opportunities for parents to get involved. These opportunities include:

- School Advisory Committee member
- School Advisory Committee meetings
- District English Learner Advisory Committee (DELAC) meetings
- English Learner Advisory Committee (ELAC) meetings
- Open houses
- Parent/Student Welcome/Informational Letter
- Free Application for Federal Student Aid (FAFSA) workshops
- College fairs
- Graduation
- Parent Surveys
- Local Control and Accountability Plan (LCAP)

For more information on how to become involved at the school, please contact our administrative office at (714) 796-8795 or ccpa@ocde.us.

School Safety

The College and Career Preparatory Academy Safe School Plan is updated biannually. The administrator and staff of each area review the College and Career Preparatory Academy Safe School Plan prior to approval. Contents of the Safe School Plan include but are not limited to board policies, safe school strategies and programs, crisis-response procedures, and threat-assessment protocol. In addition, individual school sites develop safe school plans customized to address their specific needs. The sites and the regional administrative offices keep site-specific safe school plans.

The school safety plan was last reviewed, updated and discussed with the school faculty in January 2022.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

School Mission Statement

College and Career Preparatory Academy will immediately reduce the dropout rate and assist every student to accelerate transitioning to postsecondary education and training through the development of an Individualized Education Career Service Plan (IECSP).

The IECSP will emphasize a career focused curriculum through individualized pathways, culminating in achievement of a high school diploma or equivalency and necessary career readiness skills. We envision a safe, supportive learning environment where communication and achievement are fostered and accomplishments are celebrated.

School Vision Statement

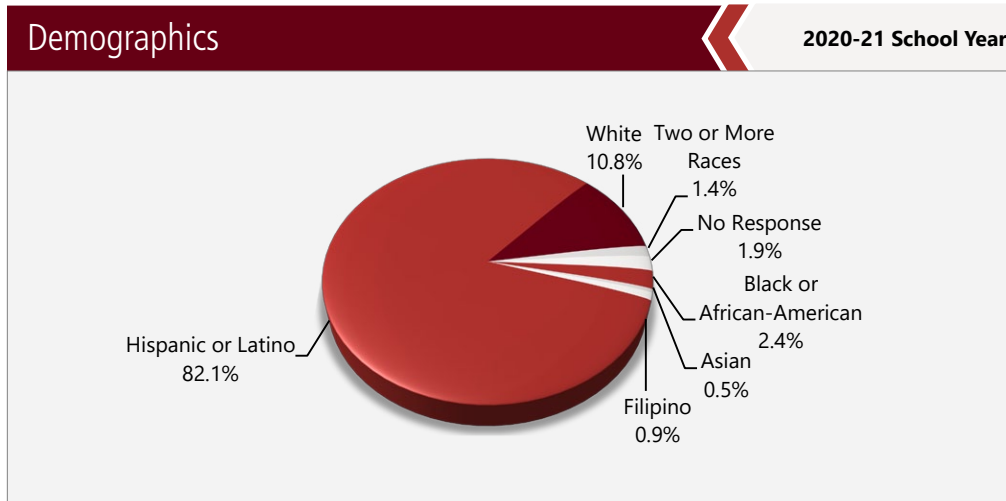

College and Career Preparatory Academy will inspire students to fulfill their academic, career and personal goals. CCPA students will prepare to earn their high school diploma or equivalency leading to the achievement of the ultimate goals of developing and empowering students' success through completion of postsecondary certificates and degrees, career and community connectedness.

CCPA School Advisory Committee

The CCPA School Advisory Committee consists of seven individuals, including community partners and staff members. This year's Committee members are David Brager (CEO, Citizens Business Bank), Katharyn Muniz (CEO, Orange County Conservation Corps), Javier Corrales (Program Coordinator, Saddleback College), Al Rodriguez (City of La Habra Ready S.E.T. OC), Ashley Montes (CCPA Project Liaison) and Barbara Lowe (CCPA Teacher).

Enrollment by Student Group

The total enrollment at the school was 212 students for the 2020-21 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2020-21 school year.

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table shows the school, district, and state suspension and expulsion rates collected between July through February, partial school year due to the COVID-19 pandemic.

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

Professional Development

CCPA devotes three full days annually to individual staff trainings as well as monthly staff development opportunities for staff to increase skills in the areas of instructional methodologies, assessment, reclassification of English learners, classroom and behavioral interventions, and Common Core strategies. Workshops are also offered to deliver information on community partners and the resources they provide to students, parents and staff in the area of college and career readiness. Staff members are invited to participate in specialized groups or focus groups to provide feedback on the Local Control Accountability Plan (LCAP) and the Division Strategic Plan. Administrative staff participates monthly in Leadership Training and Action Group, which focuses on site-level decision-making, policy review and program evaluation. Opportunities for input into documents such as the LCAP and OCDE Strategic Plan are included in these meetings. Administrative staff members also discuss and evaluate the effectiveness of the school program, review the LCAP, and identify needs and targeted areas for school and program improvement. The staff development days and administrative meetings allow staff to discuss the schools' strengths, as well as design and implement changes for the next school year. Input is critical to maintaining the collaborative nature of the team, and, consequently, the commitment of staff to serve the needs of our students and families is strong.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Types of Services Funded

CCPA collaborates with federally-funded workforce partners to support job training/placement, short-term workplace employment experiences, life-skills training, entrepreneurial and leadership skills training, career exploration and enrollment in CTE courses. These experiences have the potential to provide part- and full-time, long-term employment opportunities.

Through these programs, participating students gain real-world skills that they can apply to their everyday lives. Through the collaboration of CCPA staff and community partners, students focus in on potential career paths and the acquisition of marketable job-readiness skills. This collaboration arranges community college tours, provides enrollment information to students and families and helps students enroll in college pre- and post-graduation.

Federally-funded workforce partners provide health and mental-health services or referrals that support the social-emotional well-being of our students. In addition, the federally-funded workforce partners offer pro-social activities including Gang Prevention and Intervention; Deferred Action for Childhood Arrivals (DACA); citizenship; English as Second Language (ESL) services; parenting classes; and Alcohol, Tobacco, and Other Drugs for students throughout CCPA.

Federally-funded workforce partners offer wraparound services to create a network of support that nurtures the individual student as a whole and encourages student and family involvement in the education process. By addressing both the academic and social-emotional needs of the student, CCPA federally-funded workforce partners' supplemental services enrich the school program. Paraeducators, tutors and community partners work with students in small groups and individually to help students be successful with the core curriculum. CCPA staff and community partners assist students with essential academic, employment and life skills. CCPA staff members engage students and families in their education, support family-friendly practices in our schools and build community partnerships to help meet basic needs required for academic success.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

■ Data for 2019–20 are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–20 school year.

*. This school did not test students using the CAASPP for Science.

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

Note

Due to the COVID-19 pandemic, California Governor Gavin Newsom issued Executive Order N-30-20 which waived the requirement for statewide testing for the 2019–20 school year. Also due to the COVID-19 pandemic, the U.S. Department of Education approved a waiver of the requirement for statewide testing for the 2019–20 school year, as specified on the CDE Every Student Succeeds Act web page at <https://www.cde.ca.gov/re/es/>.

Career Technical Education Programs

A number of programs emphasizing successful transition skills are available. These programs foster the acquisition and growth of work-readiness skills. These include Regional Occupational Programs (ROP), career assessments, life-skills classes, vocational exploration, and partnerships with local community colleges and technical programs. We want our students to acquire an understanding of—and skills for—success in the workplace.

ACCESS County Community Schools offer career technical education (CTE) courses through the Career Pathways and Perkins grants. These courses include Exploring Computers, Computer Programming and Game Design, Health Science Preparation, Health Care Occupations, Careers in Education, and Merchandising.

CCPA students have the opportunity to enroll in CTE courses in addition to their high school coursework through their local ROP centers and ACCESS school sites.

The CTE standards are designed to assist programs in developing curriculum and measuring student achievement. Each standard is aligned with one or more Common Core English language arts and mathematics standards, Next Generation Science Standards core ideas, and history/social science standards. This alignment identification gives teachers guidance for integrating instruction, adding application and performance to academic content, engaging more students and improving outcomes.

Upon enrollment, students create an Individualized Education Career Service Plan (IECSP), which is used as a basis for course selection, educational goal setting and career exploration. In addition, students are given an online career assessment (Kuder) and a lifelong license for career exploration and job readiness skills. CCPA collaborates with Workforce Innovation Opportunity Act partners to provide students with job training and placement, life-skills training, entrepreneurial and leadership skills training, career exploration, and enrollment in CTE classes. Students have the opportunity to enroll concurrently in community college courses.

Career Technical Education Programs

Continued from left

Through the collaboration of CCPA staff and community partners, students focus on potential career pathways and the acquisition of marketable job-readiness skills.

CCPA students can earn high school elective credits for completion of CTE classes and the opportunity to explore potential career pathways leading to postsecondary education options. ROP programs have formal articulation agreements with local community colleges. These agreements connect sequenced courses between ROP and local community colleges, therefore allowing students that successfully complete an articulated course receive credit and or skip the introductory level course at the community college level.

Graduation and Dropout Rates

This table displays the graduation and dropout rates for the most recent three-year period for which data is available. The four-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. From the beginning of grade 9 (or the earliest high school grade), students who are entering that grade for the first time form a cohort that is "adjusted" by adding any students who subsequently transfer into the cohort and subtracting any students who subsequently transfer out.

❖ Inclusion and exclusion rules are different for the SARC than for other public assessment reports. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Courses for University of California (UC) and/or California State University (CSU) Admission

The table displays two measures related to the school's courses that are required for University of California and California State University admission for the most recent year for which data is available. For more detailed information, visit <http://dq.cde.ca.gov/dataquest>. For general admissions requirements, please visit the UC Admissions Information web page at <http://admission.universityofcalifornia.edu>. For admission, application and fee information, see the CSU web page at www.calstate.edu/admission/admission.shtml.

Textbooks and Instructional Materials

CCPA teachers and staff have the opportunity to participate in various committees and roles that support student learning. The CCPA program has a Regional English Learner Liaison (RELL) to support teachers with English learner services. Program teachers on special assignment create Common Core States Standards-aligned materials to augment lesson plans. CCPA teachers are involved in curriculum committees in the core content of math and science electives. These committees are the primary means for input into curriculum choices, piloting materials and curriculum selection. ACCESS has a Progressive Intervention committee to provide direction, draft procedures, and guide the implementation of policies to support students with their behavior and ensure a positive school climate. Teachers and staff also serve as assessment liaisons to assist with the accountability measures of the students. ACCESS has seen an increase in the number of teacher leaders over the years, and their dedication and services are essential to achieving the schoolwide learner outcomes.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. At the time of this school facility inspection, no deficiencies were found.

School Facility Good Repair Status		2021-22 School Year
Items Inspected	Repair Status	
Systems: Gas leaks, sewer, mechanical systems (heating, ventilation and HVAC)	Good	
Interior: Interior surfaces (floors, ceilings, walls and window casings)	Good	
Cleanliness: Pest/vermin control, overall cleanliness	Good	
Electrical: Electrical systems	Good	
Restrooms/fountains: Restrooms, sinks and drinking fountains	Good	
Safety: Fire safety, emergency systems, hazardous materials	Good	
Structural: Structural condition, roofs	Good	
External: Windows/doors/gates/fences, playgrounds/school grounds	Good	
Overall summary of facility conditions	Exemplary	
Date of the most recent school site inspection	10/4/2021	

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

School Facilities

Alternative education sites are located throughout Orange County. Each site maintains and annually reviews a comprehensive disaster plan modeled after Orange County Department of Education's Master Disaster Preparedness Plan. The plan includes contingencies for earthquake, fire, nuclear alerts and isolated emergency incidents. Additionally, staff members at each site have training in basic first aid and CPR.

All stakeholders see a safe school environment as a shared responsibility of students, parents, teachers, staff, law enforcement and the community. Classroom instruction takes place throughout Orange County in a variety of facilities leased or owned by the Orange County Department of Education.

The sizes of the community school facilities and premises are determined by the standard square footage requirement for classroom instruction and teaching areas as provided by the program. School facilities also accommodate needs for paraeducation workstations, general workrooms, staff kitchenette or lounge areas, and conference rooms. Most community schools are located on leased properties. School sites are in buildings that have passed facility inspections for structural safety, meet building-code requirements and state and educational fire codes.

Site improvements are sustained through Deferred Maintenance funds and general budget allocations. Janitorial services are provided nightly during the week to maintain the cleanliness of classrooms and staff areas.

Routine maintenance, repairs and safety issues are reported through a work-order system. These work orders are prioritized, and school facility maintenance staff perform the work on a daily basis. Monthly routine site inspections are completed as well by using the good repair and safety report for any facility conditions that need follow-up repair.

Quarterly, prevention inspections are conducted by school facility maintenance staff and contracted services to maintain equipment and devices for the operating systems of school sites.

In addition, annual facility inspections are done to certify that buildings comply with Education Code 172002(d)(2) to ensure that school facilities are in good standing.

The Orange County Department of Education ACCESS County Community School program continues its master plan on specific facilities and equipment that qualify or need repair, renovation or replacement by using funds provided by School Deferred Maintenance and district general budget allocations.

These funds are earmarked exclusively for HVAC equipment, electrical issues and upgrades, paint, and flooring renovations to maintain the operation of the school facilities.

In addition, general fund allocations are used for tenant improvements projects for sites that were mandated to relocate for various reasons.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2019-20 school year. This table displays the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district, and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Teacher Preparation and Placement		2019-20 School Year				
Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)

Total Teaching Positions						

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

This table displays the percent of authorization/assignment of teachers as well as the total number of teachers without credentials and misassignments at the school level. For questions concerning the permits, waivers, and misassignment of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Permits/waivers: Teachers that are issued limited emergency permits by the California Commission on Teacher Credentialing that authorize them to temporarily teach courses and student groups they are assigned to without possessing the appropriate credential.

Teacher Misassignments: The assignment of employees to teaching or pupil services positions for which the employee does not hold the required certificate, credential, or other statutory authorization.

Vacant Teacher Positions: The total number of the school's vacant teacher positions.

Teachers Without Credentials and Misassignments		2019-20 School Year

Permits and Waivers		
Misassignments		
Vacant Positions		
Total Teachers Without Credentials and Misassignments		

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsup-dflash201.asp>.

Teacher Preparation and Placement

Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned): The teacher possesses a California preliminary or clear credential issued by the California Commission on Teacher Credentialing which permits them to teach the subject and grade levels that they are assigned.

Intern Credential Holders Properly Assigned: The teacher possess a California intern credential issued by the California Commission on Teacher Credentialing which permits them to teach the subject and grade levels that they are assigned.

Teachers Without Credentials and Misassignments ("ineffective" under Every Student Succeeds Act [ESSA]): An ineffective teacher is any of the following:

- An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or
- A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned); or
- An individual who holds no credential, permit, or authorization to teach in California.
- "Ineffective" includes the following limited term emergency permits:
 - Provisional Internship Permits;
 - Short-Term Staff Permits;
 - Variable Term Waivers; and
 - Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record.

Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA): A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of field:

- General Education Limited Assignment Permit (GELAP)
- Special Education Limited Assignment Permit (SELAP)
- Short-Term Waivers
- Emergency English Learner or Bilingual Authorization Permits
- Local Assignment Options

Unknown: These are instances where either information about the course assignment or the teacher is either missing or has been identified as incorrect. Therefore, an accurate assignment status cannot be currently made.

Credentialed Teachers Assigned Out-of-Field (considered "out-of-field" under ESSA)

This table displays the number of teachers and the total out-of-field teachers at the school level.

Credentialed Teachers Authorized on a Permit or Waiver: Teachers that are issued limited emergency permits by the California Commission on Teacher Credentialing that authorize them to temporarily teach courses and student groups they are assigned to without possessing the appropriate credential.

Local Assignment Options: Means if an employing agency is unable to assign a teacher or other certificated employee with an appropriate credential, it can assign any fully-credentialed teacher outside of their area of credential authorization if the local educational agency abides by requirements in California Education Code and those required by the California Commission on Teacher Credentialing.

For more information on the definitions listed above, refer to the California Commission on Teacher Credentialing's Administrator's Assignment Manual at <https://www.ctc.ca.gov/credentials/manuals>.

School Financial Data

The following table displays the school's average teacher salary and a breakdown of the school's expenditures per pupil from unrestricted and restricted sources.

School Financial Data	
2019-20 Fiscal Year	
Total expenditures per pupil	\$15,400
Expenditures per pupil from restricted sources	\$438
Expenditures per pupil from unrestricted sources	\$14,962
Annual average teacher salary	\$125,551

Expenditures Per Pupil

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.

All data accurate as of January 2022.
