Thank you, Myrtice

Many of you know, but after 14 years, Myrtice Salmond has moved on from OCDE. Her passion for AVID continues as she now returns to coaching AVID schools and districts full-time with San Bernardino County Superintendent of Schools. I want to thank Myrtice for all she did to move AVID forward in Orange County. She will be missed, as she built wonderful relationships with all of you.

Webinar: Beyond College Admissions

May 16, 2023 4:00-5:00 p.m.

Standardized college admissions exams help students qualify for scholarships and meet course placement requirements for school systems nationwide, including the CSU and UC systems. During this session, we will dive into what educators, students, and families should know about including an external measurement of academic readiness as well as address how career exploration and navigation fit within a K-12 college and career readiness program.
