

Vietnamese American Refugee Experience Model Curriculum Engagement Sessions

The Vietnamese American Refugee Experience Model Curriculum will be developed in order to assist educators in teaching about the Vietnamese American refugee experiences as part of the Education Finance bill AB 167. Learn about AB 167 at the webpage [HERE](#). For more information about the project, please visit this webpage [HERE](#) or <https://tinyurl.com/ModelCurriculumProjects>

Perspectives and voices of community members, educators, and Vietnamese American cultural centers and community groups located in California, survivors, rescuers, and liberators of the Vietnam War, and Vietnamese American refugees will lead the development of the Vietnamese American Refugee Experience Model Curriculum. During a one-hour information session, participants learn about possible goals, vision, and outcomes of the Vietnamese American Refugee Experience Model Curriculum. In a one-hour listening session, participants discuss their hopes for the model curriculum. Participants interested in sharing additional ideas will be invited to participate in a follow-up focus group.

For questions, please contact Craig Lewis, Coordinator II, H-SS and Civic Learning at Lewis_Craig@laco.e.edu

WHEN: November 10, 2022 through January 26, 2023 – 3:45 pm to 4:45 pm

Information Session: November 10, 2022
